This campaign prompts young men to take responsibility for their decisions behind the wheel by reminding them to plan ahead and catch a sober ride when they are not okay to drive.
Gun Safety	Recorded PSA	7/13/23 - 7/11/26	ROS	:30s		(7/13/23 - 7/11/26, 26140, "Safe Stories - Tom") Access to a firearm in the home triples the risk of death by suicide. New PSAs feature the stories of real gun owners who came close to gun suicide and store their guns securely as a result. Remind viewers that a moment of crisis can happen to anyone, and that gun owners can prevent a temporary crisis from becoming a permanent tragedy by storing their guns securely.
Diversity & Inclusion	Recorded PSA	7/13/23 - 6/22/24	ROS	:30s		(7/13/23 - 6/22/24, 26149, "Maddy") As hate crimes continue to rise and many people feel unsafe, PSAs from the Ad Council's Love Has No Labels campaign show how a single act of love can have an impact that lives on in the face of bias, hate and discrimination. These PSAs tell remarkable stories about everyday individuals who took action to oppose hate and injustice in their community. By acting with love, we can each create a lasting impact and a more equitable, inclusive, and loving society.
St. Jude's Research Hospital	Recorded PSA	7/13/23 - 7/13/24	ROS	:30s		(7/13/23 - 7/13/24, 26139, "Ian's Dad 30") St. Jude Children's Research Hospital® leads the way the world understands, treats and defeats childhood cancer and other life-threatening diseases. Because most of our funding comes from individual supporters, families never receive a bill from St. Jude for treatment, travel, housing or food — so they can focus on helping their child live. By sharing our PSAs, you can help further the St. Jude mission. Together, we can save more lives.
Child Car Safety	Recorded PSA	7/13/24 - 6/21/24	ROS	:30s		(7/13/24 - 6/21/24, 26130, "Think") Motor vehicle crashes are a leading cause of death for children under 13. With families driving more over the summer, remind parents to ensure their children are safe and protected in the right car seat for their age and size. New PSAs remind parents that sometimes it's okay to "think" you know the right answer, but when it comes to car safety, it's best to know for sure your kids are in the right seat.
Supporting Pets in Your Community	Recorded PSA	12/5/23 - 10/5/24	ROS	:30s		(12/5/23 - 10/5/24, 26169, "Family") This holiday season, be a helper in your community. Help keep pets and people together, where they belong. At some point in our lives, each of us may experience a crisis that can temporarily impact our ability to care for our pets. There is no gesture too small or too big to help keep pets and their people together—whether it's donating pet food, returning a lost cat or dog to their home, or temporarily fostering a pet, every bit of kindness counts.
Cancer Screenings	Recorded PSA	12/5/23 - 12/5/24	ROS	:30s		(12/5/23 - 12/5/24, 26168, "I Love You, Get Screened") Early detection of cancer through screening reduces mortality from cancers of the colon and rectum, breast, uterine cervix, and lung. Cancer mortality has declined in recent decades in part due to progress in cancer screening technologies, awareness, research, and the general population's improved uptake in screening services. Yet, far too many individuals for whom screening is recommended remain unscreened. While we've made progress in increasing screening rates following the pandemic, rates continue to be low, especially in populations that face barriers to screening.

Supporting Public School Classrooms	Recorded PSA	12/5/23 - 12/31/24	ROS	:30s		(12/5/23 - 12/31/24, 26167, "Evergreen") Support a classroom, build a future! That's the message from the DonorsChoose public service announcement campaign focused on helping teachers provide their students, in every community, with the tools needed for a great education. Teachers' needs are now greater than ever and this PSA campaign encourages everyone to help teachers out this upcoming school year by going to DonorsChoose.org and finding a classroom to support.
Distracted Driving	Recorded PSA	12/5/23 - 12/31/24	ROS	:30s		(12/5/23 - 12/31/24, 26165, "Drive Smart: 1,000 Ways to Stop a Distracted Driver") Whenever a driver takes their eyes off the road, their hands off the wheel and their mind off of driving, even for a moment, they are driving distracted – and putting themselves and others at risk. In fact, removing your eyes from the road for just two seconds doubles the risk for a crash. Distracted driving accidents are preventable when drivers keep their focus on the road. Together, we can all help encourage safe, responsible driving behavior on the road by choosing not to drive distracted and demanding that our loved ones, friends, classmates, neighbors and rideshare drivers stop before picking up their phones behind the wheel. There are many ways to stop distracted driving behavior before it results in an accident.
Substance Use Disorder Recovery	Recorded PSA	12/5/23 - 11/1/25	ROS	:30s		(12/5/23 - 11/1/25, 26166, "Start With Hope") In 2021, 46 million people ages 12 and older in the U.S. had a substance use disorder – but recovery is possible. A new campaign, "Start With Hope," shares powerful first-person stories of lived experience, inclusive of many different paths toward recovery. The campaign aims to support Black and Hispanic/Latinx communities, given the healthcare disparities and added stigma that these communities face on their paths towards recovery.
