Issue	Type	Dates	Times	:30s	TOTAL = ~546 X	(Date, Cart #, "Title") Description
Adoption	Recorded PSA	5/12/21 - 4/30/22	ROS	:30s		(5/12/21 - 4/30/22, 26140, "Building Brighter Futures - Zach's Story") Right now, more than 120,000 children, through no fault of their own, are waiting to be adopted from foster care in the United States — a 20% increase since 2012. Our nation's child welfare system is being stretched far beyond its capacity as families are devastated by the opioid crisis and other issues. Unresolved through policy and evidence-based, innovative practices, this problem has far-reaching impacts. Last year, more than 20,000 teens turned 18 or 21 and aged out of care without a permanent home. With nowhere to turn for support, many are at a higher risk of negative outcomes, such as homelessness, unemployment and early parenting. With support from the Foundation's generous donors, the Foundation has helped find forever families for more than 10,000 children across the United States. But there is more work to be done to serve children still waiting to be adopted who need our help the most.
Health Issues - Quitting Smoking	Recorded PSA	5/12/21 - 5/12/22	ROS	:30s		(5/12/21 - 5/12/22, 26149, "Quit Smoking") Did you know tobacco use is the leading preventable cause of death in America, attributing to 1 in 5 deaths per year? The good news is that quitting now means your odds of getting certain cancers drop 50% and, in just 5 years, quitting lowers your risk of diabetes and can add as much as 10 years to your life! In addition to highlighting the importance of quitting smoking, the campaign drives the public to TakeAHealthyStand.org to take a pledge to get screened for cancer. When taking the online pledge, users enter their age and gender and are then provided with a personalized list of screenings and preventive care options that may be right for them.
Texting and Driving Prevention	Recorded PSA	10/8/20 - 7/14/23	ROS	:30s		(10/8/20 - 7/14/23, 26168, "You Can Wait") Stop Texts. Stop Wrecks. From 2012-2018, nearly 23,000 people died in crashes involving a distracted driver. This PSA created by high school and college students reminds drivers 16-34 that you should never drive distracted.
Opioid Abuse	Recorded PSA	3/16/22 - 3/31/23	ROS	:30s		(3/16/22 - 3/31/23, 26139, "Reverse The Silence And Help Stop Overdoses") Last year, over 90,000 Americans lost their lives to a drug overdose. That is more people than the capacity of most professional football stadiums. The overwhelming majority (more than 80%) of these deaths involved any opioids, including prescription opioids (natural and semi-synthetic opioids including methadone), heroin, synthetic opioids (primarily illicit fentanyl), and are often accidental. By choosing to air these segments, you can help raise public awareness of accidental opioid overdose and encourage people to talk openly about this public health issue. We might even have the chance to help change the stigma associated with it.
Teens In Foster Care	Recorded PSA	6/1/22 - 6/1/23	ROS	:30s		(6/1/22 - 6/1/23, 26145, "Teens In Foster Care Need Forever Families") Each year, more than 20,000 youth turn 18 or 21 and leave the foster care system without a forever family. With nowhere to turn for support, they are at higher risk of negative outcomes, such as homelessness and unemployment. Created in 1992 by Wendy's founder Dave Thomas who was adopted, the Dave Thomas Foundation for Adoption is a national nonprofit public charity dedicated to dramatically increasing the number of adoptions of children waiting in North America's foster care systems.
Breast Cancer Awareness	Recorded PSA	6/1/22 - 6/1/23	ROS	:30s		(6/1/22 - 6/1/23, 26140, "Moments - Hope 30") Susan G. Komen is aiming to inspire people and communities to support those impacted by breast cancer. Every 12 minutes, a woman in the U.S. dies from breast cancer — but it's the power of community, united by hope, that can put an end to the disease. Using that message of hope without shying away from the stark reality of the illness, the ads showcase authentic and striking imagery that call for the support of those in need today as the organization pursues tomorrow's cures.
