Asset managers, names you know, are using your retirement funds to further their ESG agenda.

State treasurers across the nation sent a message to Stop Playing Politics with our Pensions by divesting five billion from these companies. Twenty five states are suing to block ESG nonsense from endangering your retirement.

Republicans on Capitol Hill passed a bill blocking the Biden administration from allowing huge asset managers from using YOUR hard-earned money to further their ESG agenda. But ...President Biden JUST used his Veto Pen to kill this bill. Senator Joe Manchin—a **Democrat** —blasted Biden's veto as "infuriating" and charged it is putting a "*radical*" and "*progressive agenda*" ahead of the country's needs.

These firms have a fiduciary duty to maximize returns. They should be held to account for playing politics with our pensions without our consent.
