Info about Donald Trump and his trade ideas are in the spotlight and he's alienating business's which is odd since he is the business candidate  
Will Hillary move to the right?

The success of Bernie Sanders but questions about his business and what should he do next since he didn't achieve his goal

How are those cities preparing for the citizens participation for the RNC and DNC  
Occupy movement planning to reappear at the DNC and anti trump activist such as BLM surrounding the RNC

Dominique talked to a the pro Trump supporter in Africa. He hasn't gotten the correct info like many in our community.

If Donald Trump gets less than 25 percent of the Latino vote he will not win. And he's fallen way down in the African American vote. We need to reach the one's who support Trump or simply don't like Hillary Clinton because their hearts were set on Bernie Sander and they won't vote for Clinton. If you don't vote If Donald Trump wins everyone will live to regret it and this will affect us for generations

The supreme court has a vacancy and the next President will get the opportunity to vote for a justice.

Eddie H - There was a connection to Africa here in the states when you were broadcasting in Ghana.

Dominique said the impact of the Ghana trip inspired her with their entrepreneurship and the Ethiopians, spending time in the airport and the shops the Africans are undeterred they will find a way to move their business forward instead for waiting for someone to do it for them. She is also inspired by Juno entering Jupiter since it suppose to be dangerous because of the belts of radiation surrounding it.

Mr Peoples – Reparations Townhall meeting Saturday from 11-2 at Rev Tullous's church. He is suing the State of California for not teaching slavery. They talk about it but don't want to teach it. Mr. Peoples is under a gag order until the attorney tells him what to say. He remembers when Reparations couldn't and wouldn't be mentioned. Thanks Dominique for the platform.

Fixico – Welcomed Dominique back from Ghana for a successful trip. Marqueece Harris Dawson had a jazz concert in St Andrews park. That is the place where he use to take his two sons to exercise. Both have passed, one from gang violence and the other two years ago under strange circumstances. Finally, he was on the chitlin circuit with Barbara Morrison and Fixico performed together in 1972 in a band called The Bad News Band.

Bundy – Gets up early to listen to the show.

Deven – worked in Chicago as a hotel doorman and Africans use to act very nasty towards him. He said the Africans told him they teach there kids that American blacks are trouble makers, drug dealers and stay in trouble all the time. Also he couldn't get a taxi in his Marriott Uniform from an African cab driver. He said his girlfriend and her mother traveled to Kenya, and they were never the same..

The media portrays blacks in a negative light, and people from other countries believe the hype, but now they are finally becoming aware that they are being depicted by the mass media in the United States.

David – Thought Jesse Williams speech at the BET awards was incredible and the negative backlash is unnecessary, especially from the liberals. He asked the questions, are we not entitled to have a strong opinion about race and entitled to be frustrated.

## **KJLH COMMUNITY PROGRAMMING TRACKING SHEET**

**Dominique thought Jesse's speech was powerful. And many people are too scared to say what the things he mentioned. That's why people like Donald Trump because he says the things that people think but too afraid or way too smart to say. we don't always feel loved by our own community. The part about black women spend our time taking care of everyone else before taking care of ourselves, and Black men need to do better for you. As Black women we don't always feel loved by society and even by our community. Police manage to de escalate, disarm and manage not to kill white people everyday so what s going to happen is that we're going to fight to have equal rights in our own county or we will restructure their function and ours.**

**Rachel – Talked about a women who disciplined her children for breaking into a neighbor's house was arrested, and could get 20 years. But in the same week a caucasian woman on a cell phone killed all her children and they dismissed all charges.**
