**Re: Request for Reimbursement of Capital Expenses Related to ATSC 3.0 Deployment
WNAB, Nashville**

Dear Dave:

It is my understanding that Nashville has been designated by Spectrum Co, LLC as a potential early market for deployment of the ATSC 3.0 transmission standard. The plan as presented to us includes the conversion of WNAB to the new standard with current programming continued to be carried by other stations in the market. Specifically, WNAB's CW programming will be carried on Nexstar's WKRN, and its three diginets, Stadium, Charge and DABL, will be hosted by the Scripps station, WTVF.

As you know, conversion of WNAB to ATSC 3.0 will require modifications to facilities of WNAB. Moreover, in order to convert WNAB to the new transmission standard and provide connectivity to the 1.0 hosts, the station will need to incur certain capital costs. In addition, there will be some recurring operational costs to meet the deployment requirements. Those estimates, which were provided to me by Spectrum Co, LLC, are reflected on the attached table, and my understanding is that they may be increased or reduced as circumstances warrant.

As a consequence, to participate in the market-wide transition to ATSC 3.0 in Nashville, I will need Sinclair's assurance that Sinclair deems the contemplated modifications to WNAB's operations and facilities to be consistent with the rights and obligations of Nashville Broadcasting, L.P. under the Servicing Agreement between our companies dated May 1, 2002, as amended (the "SA"). In addition, pursuant to Paragraph 2(a) and Schedule 2 of our SA this letter requests reimbursement of all capital and operating expenses associated with WNAB's conversion to ATSC 3.0 and simultaneous ATSC 1.0 operations.

Please let me know if you have questions. If Sinclair is in agreement with the contents of this letter and consent to pay the requested capital and operating expenses, including but not limited to those reflected in the attachment, please countersign this letter and return it to me.

Sincerely yours,

Nashville Broadcasting Limited Partnership
