Please use this template to populate your batch filings.
•Depending on your spreadsheet application you may be prompted to enable macros. This is not necessary in order to file, however if you allow macros you will be able to use the full functionality of the template such as reference data dropdowns.
•Please do not remove, add, or rearrange the columns
•When a drop-down list of responses is provided, please select a data entry from the drop-down list. Do not attempt to edit or type in your response in lieu of a selection from the drop-down list.
•Please do not edit the datatypes of the underlying columns or attempt other actions than data entry.
•Please submit datetimes in a simplified ISO-8601 format (EG. 2017-09-

You MUST SELECT a form, from the drop-down, that indicates which form you are filing.

To paste the Filing Number, please use one of the following options:
1 - Double-click on the cell, then Right-click on the cell and select Paste.
2 – Right-click on the cell and select the Paste option for Match Destination Formatting (M).
