Dear PSA Director:

Actor and comedian **Anthony Anderson**, Grammy-Award winning singer **LeAnn Rimes**, Academy Award-nominated and Golden Globe and Emmy Award-winning actress **Felicity Huffman** and Emmy Award-winning actor and comedian **Martin Short** have joined Stand Up To Cancer (SU2C) and Rally Health, Inc. in a public service campaign to underline the importance of proactive screenings and early detection in the fight against cancer.

The campaign is debuting three :30 public service announcements (PSAs) featuring the stars **singing** musical jingles that use humorous lyrics to address the seriousness of getting screened for cancer. Anderson and Rimes sing together in one of the :30 PSAs, while Huffman and Short sing in another. The third PSA features all four stars.

All of the PSAs encourage people to visit GetScreenedNow.org, where people can take the pledge to get screened. The website helps them find out which cancer screenings and vaccinations are recommended for them based on their age and gender, as well as provides a list of simple actions they can take to help lower their risks for certain types of cancer. People who take the pledge to get screened are encouraged to invite their family and friends to take the pledge too.

“We are thrilled to collaborate with Rally to bring LeAnn Rimes, Anthony Anderson, Felicity Huffman and Martin Short together on this initiative,” said Stand Up To Cancer co-founder, and president and CEO of the Entertainment Industry Foundation Lisa Paulsen. “It takes just a few minutes to be informed on screenings that can potentially save your life. That’s why it is critical that we continue to build awareness about the importance of screenings and early detection.”

Please place these PSAs in rotation and air them as soon and as often as possible. By airing these PSAs, you will Stand Up with us to inform people about the importance of proactive cancer screenings and taking preventive actions against cancer.

If you have any questions, please contact our team at psa@boombroadcast.com or at (609) 748-7411. To learn more, visit GetScreenedNow.org or su2c.org.

Very truly yours,
Maurine Slutzky, *VP, Communications*

Well first I guess I should say, "Welcome to the family!" I was wondering if I could bring my Radio Production class to visit the station, but more specifically, to sit in and ask your Production/Imaging Director questions since it is a Radio Production class. It's a small class of about 10. Dates I'm looking at are either Wed May 31 or Wed June 7 from 11a-12p. Is that possible?

Also, Ric just reminded me that you need to know where to go :)

We are at Notre Dame High School (13645 Riverside Drive, Sherman Oaks, CA 91423). You should park in the Woodman parking lot - let guards know you are a guest speaker for the Broadcast and Media Studies class and they will let you know where you can park. Go to the main office when you arrive so that you can get a guest pass (it is in the Holy Cross Center, which is the two story building at the end of woodman parking lot - security guard can also direct you). The main office will call me and I can send someone to get you or I will come get you to lead you to classroom.

Let me know if you have any questions.

Thank you again!

Nice to meet you! Thank you for offering to come talk to my Broadcast and Media Studies class on April 4th from 10:30-11:10am. We will just be finishing up our Radio and Podcasting unit on that day. The students have acted out a radio play, analyzed ads on the radio, and are currently in the process of writing their own ads for their podcasts. Having you talk about your experiences and tell some stories about your experiences with radio and advertising would be great. If you could send me a short bio, that would be great.

Please let me know if you have any questions.

He's fantastic... very creative, energetic, and I'm sure the kids will find him interesting and entertaining. Vinny, hopefully you can bring something to the class so they can experience what goes in to making commercials and promos. Also, teaching them what goes into scheduling, dj chatter, etc., all the stuff that listeners take for granted. And really what the stations care about... THE POWER OF RADIO

On Wednesday April 12, 2017, broadcasting professionals shared the "power of radio" with students at the University of Southern California School of Cinematic Arts.

PHOTO ID: (Back/l-r) **Dan Crotty**, General Manager, KIRN 670AM; **Kevin LeGrett**, Los Angeles Region President, Southwest Division -President, iHeartMedia, **Frank Mottek**, Senior Money Anchor, KNX 1070 Newsradio. (Front) **Krystal Bee**, On-air Personality, Power 106 L.A.; **LaFern Cusack**, On-air Personality, ESPN LA and **Mary Beth Garber**, EVP/Marketing Strategy, Katz Media Group, Los Angeles Not in photo: **Katie Martin**, Director of Integrated Marketing, 95.5 KLOS/790 KABC.

Each speaker discussed their journey into and through the industry, advice they would share with aspiring radio professionals and how radio continues to make life better for all of us.

The eager to learn class took an aggressive approach to their questions for the expert panel. "All my friends listen to Spotify," one student remarked. "How can you expect Radio to survive?" Mary Beth Garber, evp/marketing strategy of Katz Media Group, was well prepared to answer any such questions on the future viability of Radio. "Radio has the power of personal connection," she informed her guests. She continued providing information on the unique role Radio plays in reaching the 18-34 demographic and in amplifying marketing campaigns using other formats and outlets.

IHEARTMEDIA'S Kevin LeGrett expertly reinforced an accurate understanding of the power of radio. Every hand went up when LeGrett asked if the students ever heard of "Wango Tango" or "Coachella." "Then you know Radio!" he said. "Sound is exploding among Millennials. We make sure you have multiple touch points to hear that sound."

Katie Martin shared her passion for creating exciting marketing initiatives for her KABC/KLOS clients and listeners. KIRN's Dan Crotty talked about the rich history of this influential Persian-language station, its programming and the various ways they support their listening community. ESPN LA's LaFern Cusack illuminated how SoCal sports fans are passionate about what's happening in their neighborhoods and are creating positive changes all over the city. KNX's Frank Mottek, shared one of his first broadcasts and what it feels like to be at the forefront of breaking news. Krystal Bee of Power 106, emphasized her unique talent to anticipate the needs of her audience and her personal journey going from intern to one of the hottest radio personalities in Los Angeles.

Professor Dick Block was thrilled with the information and experiences shared with his students. He proudly reminded everyone in attendance that radio is a vital part of USC's powerful curriculum. Block talked about the the singular "Power of Radio" and will continue to share his knowledge and experiences with his students moving forward.

Good morning Ms. Dourian,

I don't know if you remember me but about two years ago you were kind enough to allow me to bring some of my students for a tour the Power 106 office.

This year we are putting together a career fest on April 18th (Tuesday) from 1:30pm-2:57pm. We are hoping to expose students to a range of career choices and help instill a better conception of career choices. Might you be able to attend?

Thank you for your time.

Kind Regards,

Dear Employers:

Thank you for registering for our upcoming Spring 2017 Internship & Volunteer Fair that will be held at Santa Monica College on **Thursday, May 25th from 10am – 1pm**. The students, staff and faculty at SMC are excited about this event and are eagerly awaiting your arrival!

The address to the college is 1900 Pico Blvd., Santa Monica, CA 90405. Please review the attached documents for additional fair information and parking instructions. Your parking pass and a campus map is attached. Also, please forward copies of the attached ***parking pass, parking instructions and campus map*** to any additional representatives who were listed on your registration form. Thank you in advance for your assistance in this matter.

Umbrellas will be available at the fair for all employers who submitted timely umbrella rental payments. See attached list. Receipts for the umbrella rental fees will be distributed to applicable employers at the event. If you did not rent an umbrella, you may bring an EZ- Pop Up to cover your table, if it is no larger than **8'x 8'**.

We would like to have **100%** participation this year from all employers who registered for the 2017 Internship & Volunteer Fair. Please help me to achieve this goal by attending or sending a representative on your behalf. SMC students were given a list of all participating employers and they will be waiting with much anticipation to speak with someone from your organization. However, in the event that you simply cannot attend the fair, for any unforeseen reason, please notify me by email or by phone as soon as possible. The tables will be arranged alphabetically, by company names, in the quad area and I want to avoid having empty tables, with no company reps, at the event. So please, if your plans have changed and you cannot attend, please notify me no later than tomorrow, Friday, May 19th by 4:00pm.

The Career Services Center staff will be available, on the day of the fair, to assist you. Please call the office at (310) 434-4337 if you need help with anything. I will be setting up for this exciting event in the quad area and will not be in the office on that day. However, if you have any immediate questions, in the interim, please feel free to contact me directly.

Looking forward to seeing you all at SMC on May 25th and let's make this one of the ***BEST INTERNSHIP & VOLUNTEER FAIRS EVER*** for SMC students!

Best Regards,

Lisa

If you rented an umbrella, it will be placed at your table. If not, feel free to bring your own pop-up, if it is no larger than 8' x 8'. Hey everyone,

This afternoon Dj Vital and Hozer volunteered their time to go and talk to some students at the LA juvenile detention center about radio, music, the industry etc.

Below is what Greg from the facility said about our guys..

AMAZING work!!!!

We all got into music for our own reasons but we all have a common goal. To touch and help people through music and hip hop. You guys did just that today. :)

Hello Bryan:

Please pass this email on to Gibert Vierra and Jose Jimenez.

Your presentations this morning was out of this world! A faculty member and 4 students went out of their way to catch up to me this afternoon to tell me that your words touched their hearts (and heads). I am sure that there are many more compliments I'll be receiving tomorrow at our Staff Meeting and as I make my way around the classrooms in the upcoming days.

Thank you so much for coming to Central. I hope that it was a rewarding experience for you as well.

I would love to have you come back and speak in individual classrooms someday. It would be more of an individualized and up-close experience. It is the part of my job which I treasure the most.

Thank you again for blessing us with your presence.

Make each day your masterpiece,

Greg

Dear Friend:

On behalf of Friends of the Family, we respectfully request your support as a silent auction donor for the upcoming Families Matter Benefit and Celebration to be held on June 1, 2017 at Boulevard 3, one of LA's most beautiful venues. We will be honoring Julie Berger, SVP, Initiative Media, in recognition of her unwavering support of Friends of the Family and other causes that benefit children and families.

We would greatly appreciate your support with the donation of an auction item.

Your donation will receive high visibility and great promotional exposure at the event, as well as recognition in printed materials. The evening will feature a sumptuous dinner gala, exciting silent auction, and wonderful entertainment. The exclusive audience is comprised of celebrities, corporate and entertainment executives, prominent business professionals and philanthropists.

Event Recap:

Did you speak to onsite client before setting up?

Yes, we called and asked where we can unload, park, and setup.

What did client share with you that they wanted to see for a successful event?

The client shared that he wanted to see the kids having a good time and to get them excited for the campus tour. He also wanted us to announce about the free pizza they had for the kids.

What did we do right? What worked well?

We listened to the contact and played music at the appropriate time, when the guest speaker was done talking. And we did play music, it was music that got the kids hyped and excited. We worked well as a team and our appearance and setup was on point.

What could we have improved?

Not Much, the client and audience were happy with our performance.

Was onsite client happy with event?

Yes very. He liked that we were able to stay longer even tho it was unexpected and we still performed good and gave it our all until the time was up.

Any problems or comments that station/AE should know about?

none.

Did we have a good location? If not, did you speak with client/contact and ask to have us moved?

Yes. We were set up in the middle of the schools quad, next to all the other booths and near all the students.
