**Subject:** Autism Speaks Poker Tournament

Hi,

I wanted to reach out to get this year's **Autism Speaks 5th Annual Celebrity Poker Tournament** posted on your events calendar. Autism has touched us all in one way or another and this star-studded event is one of Autism Speaks largest fundraisers of the year.

**What:** Enjoy cocktails and food as you mingle and partake in silent auctions, poker tournaments, and live auctions all while supporting a great cause.

**When:** Saturday August 5th, 2017.  
5:00 p.m. Registration - Cocktail & Buffet.  
6:00 p.m. Poker Tournament Starts including silent/live auction.

**Where:** Herman Miller Showroom.  
3641 Holdrege Ave #100, Los Angeles, CA 90016.

**Why:** To support Autism and have a great time doing it!

"By bringing together a variety of celebrity supporters and event attendees, this unique tournament creates a hip atmosphere for poker play and Hollywood-style mingling, while raising much needed funds and enhancing autism awareness for the 1 in 68 affected in our community" - says Kristen Mays this year's Event Chair.

Please let me know if you can put the event info on the website!

To learn more about the event a visit [www.chipin4autism.com](http://www.chipin4autism.com)

Best,  
Callen

**About Autism Speaks** - Autism Speaks is the world's leading autism science and advocacy organization. It is dedicated to funding research into the causes and treatments for autism; increasing awareness of autism spectrum disorders; and advocating for the needs of individuals with autism and their families. Autism Speaks was founded in February 2005 by Suzanne and Bob Wright, the grandparents of a child with autism. Since its inception, Autism Speaks has committed more than \$570 million to its mission, the majority in science and medical research. On the global front, Autism Speaks has established partnerships in more than 70 countries on five continents to foster international research, services and awareness. To learn more about Autism Speaks, please visit [AutismSpeaks.org](http://AutismSpeaks.org).

**About Autism** - Autism is a general term used to describe a group of complex developmental brain disorders – autism spectrum disorders – caused by a combination of genes and environmental influences. These disorders are characterized, in varying degrees, by communication difficulties, social and behavioral challenges, and repetitive behaviors. An estimated 1 in 68 children in the U.S. is on the autism spectrum.

It's hard for me to gage exactly the length of the tour as it really is determined by how many questions the students have. My goal is to keep them around 1 hour. However, they tend to last a bit longer. 10 students plus 1-2 adults is absolutely fine as we always expect adult supervision with students. Wednesday, August 2<sup>nd</sup> is open. If you want to come at 12:30pm then I can show the students our mix room as we will be mixing live during the noon time hour.

Hi Terri,

So great to hear that! What is the duration of the station tours?  
We will have 10 high school students and one or two adults. Would it be okay for us to have 1-2 adults come in with the students?

Our desired date is: Wednesday, August 2nd sometime between 12:00 pm and 4:00pm.  
Let me know if this will work.

Thanks!

Thanks so much for your email request. We do offer station tours specifically for schools and non-profit groups such as Community Works. Station tours are scheduled during weekdays only between the hours of 11am – 4pm. Hi Power 106!

I work for Learning Works, a school in Pasadena that serves youth from LA and San Gabriel Valley who have dropped out or are in danger of withdrawing from mainstream education. Through enrolling at Learning Works, these students have chosen to strive to get their diplomas and pursue their dreams through our alternative approach.

To help Learning Works students and recent graduates gain exposure to different career paths in Arts and Media, we are

organizing site visits to businesses, museums, and organizations  
this summer.

It would be really amazing to set up a visit to Power 106. I heard  
that you offer tours, and am wondering what it would take to set  
one up, and whether there are other opportunities for our students  
to visit and gain exposure to working at a top radio station.

Thanks for your time!

Best,  
Marissa

We unfortunately won't be able to get there until around 9:30am due to part-timer hour restrictions with our promo staff. It unfortunately is something that we have to work around as best as possible given event start and end times. And trying to get between point A and point B in LA morning traffic makes it a bit more challenging. But we will get there as soon as we can. Thank you for understanding.

Hello Terri,

Please check in at the information booth and they will allow you to drive up and set up. Yes we have you set up near an electrical power outlet. I do ask if you can get here at 8:30 a.m. or even earlier to set-up.

Cynthia,

We will be bringing a LOT of equipment, especially since we're playing music. Is there any way around taking the shuttle and getting parking clearance for a lot that is up above somewhat close to where we will be on campus? And will we be set up near an electrical power outlet?

Thank you,

Hello Everyone,

Employer check-in begins at 8:30 a.m. I have attached the parking permit and map again. Please print out your parking permit and place it on the inside of your dash. We will have a staff member at Lot 1 allowing you to enter the lot and a shuttle will transport you to the mid-quad area.

Please let me know if you have any questions. Looking forward to seeing you all tomorrow.

Hello! (Please confirm that you get this email!!!)

Thanks again for agreeing to join us for the Journalism Speed Mentoring event on **Wed., Sept. 27 from 12-4 p.m.** Below are more details; attached are parking instructions and a campus map. Please fill out and print your parking pass ASAP so you don't forget! You **must** display this permit on your car dash.

Also, if you have NOT sent me your short bio, please do so by Wednesday. They will be printed Monday. The bio sheets are handed out to the students as they arrive and help them decide where they want to go, especially if they can visit only one or two tables.

The students really enjoy the event, and they (and we) appreciate your participation. If you have not participated before, here's the quick rundown: Students will pop in at various times depending on class schedules. Some will stay for almost the entire event; some will just stay a short time before they are off to another class.

They may hop around to different tables, or they may stay at one table.

We will have tables designated broadcast, PR, print/online, etc., plus another table for resume review. We will periodically announce a "table change" time -- again, some students will stay put, others will move.

We will provide lunch and drinks. **Feel free to come early to eat first.**

**Parking:** No way to get around it, parking can be a challenge. I have attached a campus map. We suggest you park in lots B5 and B6. The easiest way to access those lots (assuming you have already printed your parking pass) is from Darby Ave. on the west side of the campus. There will be golf cart pick-up service there (info on map) if you need it. **If you have trouble that day, please call Bridget at 818-642-9618.**

Allow yourself plenty of time to park and get to the library. (Print the map -- it has Bridget's cell phone number on it.)

(Note: You may have to register before you can access the permit info. It's not a big deal, but let me know if you have problems and I'll walk you through it. Also, when it tells you to print, sometimes the download button shows up in a tiny corner of the screen, easy to miss (don't ask how I know ... I constantly forget where it is!)

**Destination:** The event will be held in the Oviatt Library's Ferman Presentation Room. The Oviatt Library is easy to find -- it's the big white building in the center of campus. The Ferman ... not so much. We should have ample signage, but ... here's what you do. Come up the big steps to the building (or use the ramp on the side) and through the Oviatt front doors. You will see a coffee shop to your left. Go just past the coffee place and make a left. Keep heading west to the end of the room, go through a door there and you will find an elevator. Go down to lower level. When you exit the elevator, go to your right (you may zig and zag a bit) and you

should find the Ferman room, right across from the graduate studies department. You will probably hear us, grin. If you get lost, call me: **818.298.7879**.

Whew! I think that's it.

Please confirm you got this!

Please send your bio (if you have not already)

Please print out your parking permit.

Looking forward to seeing you on the 27th ... and thanks again for being part of Speed Mentoring.

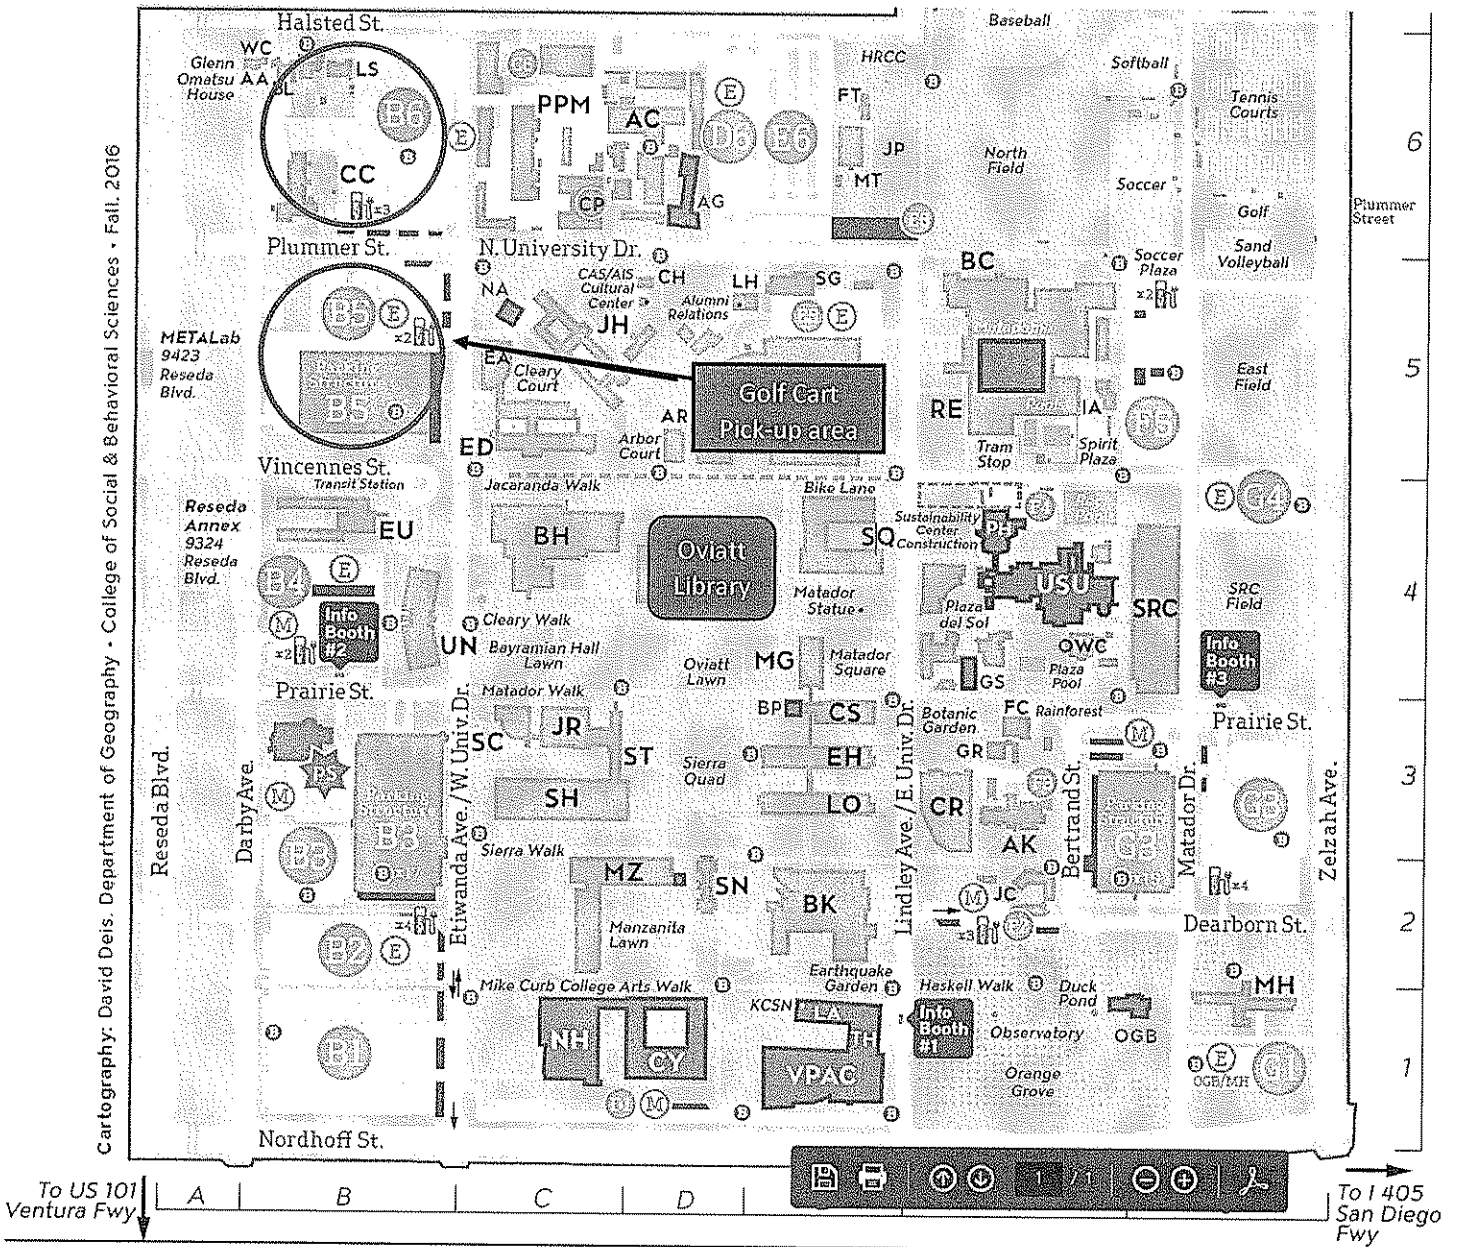

Best,

Robi

### Journalism Speed Mentoring Event

**Wednesday, September 27, 2017 from 12 – 4pm**

**Please look for parking in lots B5 and B6.**

**We will have golf carts available to take you to the Oviatt Library stationed on Etiwanda Avenue / West University Drive, next to the B5 Lot starting at 11:15am.**

**If you have any day-of event related questions,  
please call or text – Bridget Hadley (818) 642-9618.**

#### Did you speak to onsite client before setting up?

Yes, we called Susanna when we arrived and she told us where to park, she offered us help unloading and was attentive.

#### What did client share with you that they wanted to see for a successful event?

She asked used to set up in the gym, shout out the sponsors, and asked us to play fun/clean music for the kids.

#### What did we do right? What worked well?

We got there on time, we didn't miss any punches, played games with the kids all day, gave away many prizes, involved the volunteers and made sure the kids had a great time.

#### What could we have improved?

We could of improved with crowd control. It was just a lot of kids to keep up with, but we did our best and still made it a success.

#### Was onsite client happy with event?

Yes, she was happy with us and the way the event turned out.

#### Any problems or comments that station/AE should know about?

We didn't really run into major problems.

#### Did we have a good location? If not, did you speak with client/contact and ask to have us moved?

Yes, we set up in the gym against the wall. Having an outlet right next to us eliminated the use of an extension chord, which made things safer for the kids.

#### Equipment/Vehicle Report- report all broken, missing, scratched, dirty or equipment in need of repair here:

Set #2 Controller was giving us a hard time. The platter on the controller wasn't let me mix. I think it might need a new USB, a software update or a factory reset. If you have any questions, email me: Ksevellano@power106.com

**Did you speak to onsite client before setting up?**

We spoke to an employee of the park first and once we were set up, April and her supervisor approached us and talked to us.

**What did client share with you that they wanted to see for a successful event?**

They only told us we where to set up and what times we could go up to the stage to announce that we were playing games.

**What did we do right? What worked well?**

We played a lot of games with the people there, gave away a lot of prizes, took lots of pictures and provided fun vibes the entire time.

**What could we have improved?**

We could of played other games with the adults, but the kids were the ones interacting the most.

**Was onsite client happy with event?**

Client was very happy and wants us to come back soon.

**Any problems or comments that station/AE should know about?**

No problems, smooth event.

**Did we have a good location? If not, did you speak with client/contact and ask to have us moved?**

We could of been on the stage instead of the vendor area--this way we could of opened up for the band and we would of got more station exposure.

### Event Recap:

# Photos taken (minimum 6): 13

#### **Did you speak to onsite client before setting up?**

Yes, we spoke to Julia who told us to wait until all the vendors have loaded in to park.

#### **What did client share with you that they wanted to see for a successful event?**

Just to play music near the entrance of the venue.

#### **What did we do right? What worked well?**

We played music and tried to get the crowd hyped to enter the venue for beerfest.

#### **What could we have improved?**

We could have had a better location. We were a bit passed the venue and away from the line of people. The generator kept shutting off after 30 mins of operation, despite having gas.

#### **Was onsite client happy with event?**

Yes, she thanked us for being there.

#### **Any problems or comments that station/AE should know about?**

The generator kept turning off after 30 mins. This happened about 4 times.

#### **Did we have a good location? If not, did you speak with client/contact and ask to have us moved?**

We were in the front area which was good, but a bit passed Avalon, parked in the loading zone. Our contact even mentioned that she knows its not really a "legal" spot to park and that she was aware that we may need to move if the cops came and told us to.

#### **Equipment/Vehicle Report- report all broken, missing, scratched, dirty or equipment in need of repair here:**

## Event Recap:

Did you speak to onsite client before setting up?

Yes, we spoke to Judy before hand.

# Photos taken (minimum 6): 8

What did client share with you that they wanted to see for a successful event?

She told us where to park and what the event was about. We made announcements for her throughout the event.

What did we do right? What worked well?

We were on time, gave away swag, got pictures, communicated effectively with contact and maintenance staff about getting power for our P.A.

What could we have improved?

We could improve by having gaff tape to tape down cables. Going to mention it to Bryan.

Was onsite client happy with event?

Judy was happy with us and with the music.

Any problems or comments that station/AE should know about?

Judy was happy with the event, but she was expecting us to be on air or doing a remote. I explained to her that she would need to talk to whoever set up the account. I called Bryan to let him know about this and he said he would relay the message to the A.E. Judy was not upset, but she would like some clarification.

Did we have a good location? If not, did you speak with client/contact and ask to have us moved?

Yes, we were next to the food truck and they had saved a parking spot for us. (See photos)

## Event Recap:

Did you speak to onsite client before setting up?

yes, we spoke as soon as we got there.

# Photos taken (minimum 6): 6+

What did client share with you that they wanted to see for a successful event?

Maria told us where to set up and also shared with us that she put us towards the end of the street so we wouldn't be clashing with the live bands.

What did we do right? What worked well?

We gave away a lot of prizes to kids and adults. Everyone was happy with the music, we took lots of pictures, had social media presence and had no issues.

What could we have improved?

if we would of had some shirts or stickers people would of been happier. They ask us for that every time and they also ask for posters. Other than that, we did great.

Was onsite client happy with event?

yes, Maria was happy.

Any problems or comments that station/AE should know about?

none

Did we have a good location? If not, did you speak with client/contact and ask to have us moved?

yes, we had a great location and we had great station presence.

## Event Recap:

### Did you speak to onsite client before setting up?

Yes, they had a little stage and showed us where we could set up there.

### What did client share with you that they wanted to see for a successful event?

They wanted us to make sure we got the kids and hyped and especially shout out the seniors.

### What did we do right? What worked well?

We had a raffle for tickets to Lil Yachty and a polaroid camera. The kids loved both of those.

### What could we have improved?

I think there was a little bit of a mix up in terms of where the location was because they had certain streets blocked off.

### Was onsite client happy with event?

Yes very happy.

### Any problems or comments that station/AE should know about?

None

### Did we have a good location? If not, did you speak with client/contact and ask to have us moved?

Yes, we were in the middle of the stage.

**What did client share with you that they wanted to see for a successful event?**

The staff mentioned they wanted us to promote the tickets were only \$5 pre-sale and hype the students up about the game.

**What did we do right? What worked well?**

the students loved the music !

**What could we have improved?**

wireless microphone was needed . its hard to grasp the kids attention when your microphone is only 10 feet long , and the kids are far away from the lunch area. I would have to do a lot of walking back and forth talking to the kids if anyone wanted to join me in games or get feedback about any information in regards to our station or contest that were having.

**Was onsite client happy with event?**

yes , very happy .

**Any problems or comments that station/AE should know about?**

n/a

**Did we have a good location? If not, did you speak with client/contact and ask to have us moved?**

decent location in front of the cafeteria

Good Morning,

On behalf of the Los Angeles area franchisees we are requesting donations to raffle for the 24th Annual Subway Golf Tournament. It's a tournament hosted by a Subway franchisee for Subway franchisees. We are asking for events, prizes, activities such as tickets to sporting events, concerts, theme parks, gift cards etc...

Please send Annie and I an email for the donated item/items along with a value to be used toward your stations added value.

Prizes can then be sent to Eloisa Sisson (address and contact information below). The event is in August so if we could get all of the prizes to Eloisa by **July 1st** that should give them enough time to log them in and organize prior to the event.

Thanks for your help!

Please do not forget to email Annie and I prior to sending a donation - we want to insure your station receives added value credit.
