A BEWITCHING, HALLOWEEN-THEMED CHARITY RACE: THE 20TH ANNUAL L.A. CANCER CHALLENGE

Thousands of Runners and Walkers Dressed in Halloween Costumes will tackle the 5K, 10K or 15K to Race for a Pancreatic Cancer Cure

WHAT: Spooky witches and monsters and ghosts and goblins will be haunting the **20th Annual L.A. Cancer Challenge** (LACC) this Halloween season on the *boo-tiful* UCLA campus to raise awareness for pancreatic cancer research. The LACC – one of the largest charity races in Southern California – will host upwards of 3000 runners and walkers dressed in fun, festive Halloween costumes. Participants will walk or run the 5K, 10K or 15K to show unity in finding a cure for a disease that has the highest mortality rate of all major cancers and is the 3rd leading cause of cancer-related deaths in the United States. For two decades, the Hirshberg Foundation for Pancreatic Cancer Research has sponsored and produced the annual *spellbinding* Halloween charity race.

Perfect for the entire family, the LACC highlights include a *hair-raising* Fit Family Expo, a Halloween Kids Zone, a Kids Can Cure Fun Run, celebrities, live course entertainment, a Children's Halloween Parade and Adult Costume Contest.

Individuals, teams and kids are invited to sign-up for the 5K/10K fitness fundraiser. For the first time, the 20th Annual L.A. Cancer Challenge will be introducing the 15K. Registration includes a 20th Anniversary commemorative long sleeve shirt & swag bag, custom finisher's medal, custom runners bib and chip-timed event. Proceeds from the LACC will benefit the Hirshberg Foundation's philanthropic efforts to advancing pancreatic cancer research and providing information, resources and support to pancreatic cancer patients and their families. To date, the LACC has raised more than \$7.3 million dollars for pancreatic cancer research.

Operation Warm Wishes Presents

The 9th Annual Unity in the Community Thanksgiving Spectacular -Thanksgiving Day, November 23, 2017
Peppertree Park Tustin

Super wow! We are celebrating 9 years of feeding those in need on Thanksgiving Day! On Thanksgiving Day, nine years ago, I and three volunteers came together at a small dance studio to serve 30 people in need. Some were homeless, some were struggling families and some were lonely and in need of encouragement. On that Thanksgiving Day, nine years ago, we saw something amazing. We saw something special. We saw something SPECTACULAR! Lives being touched and served in a beautiful way.

Join us this Thanksgiving!

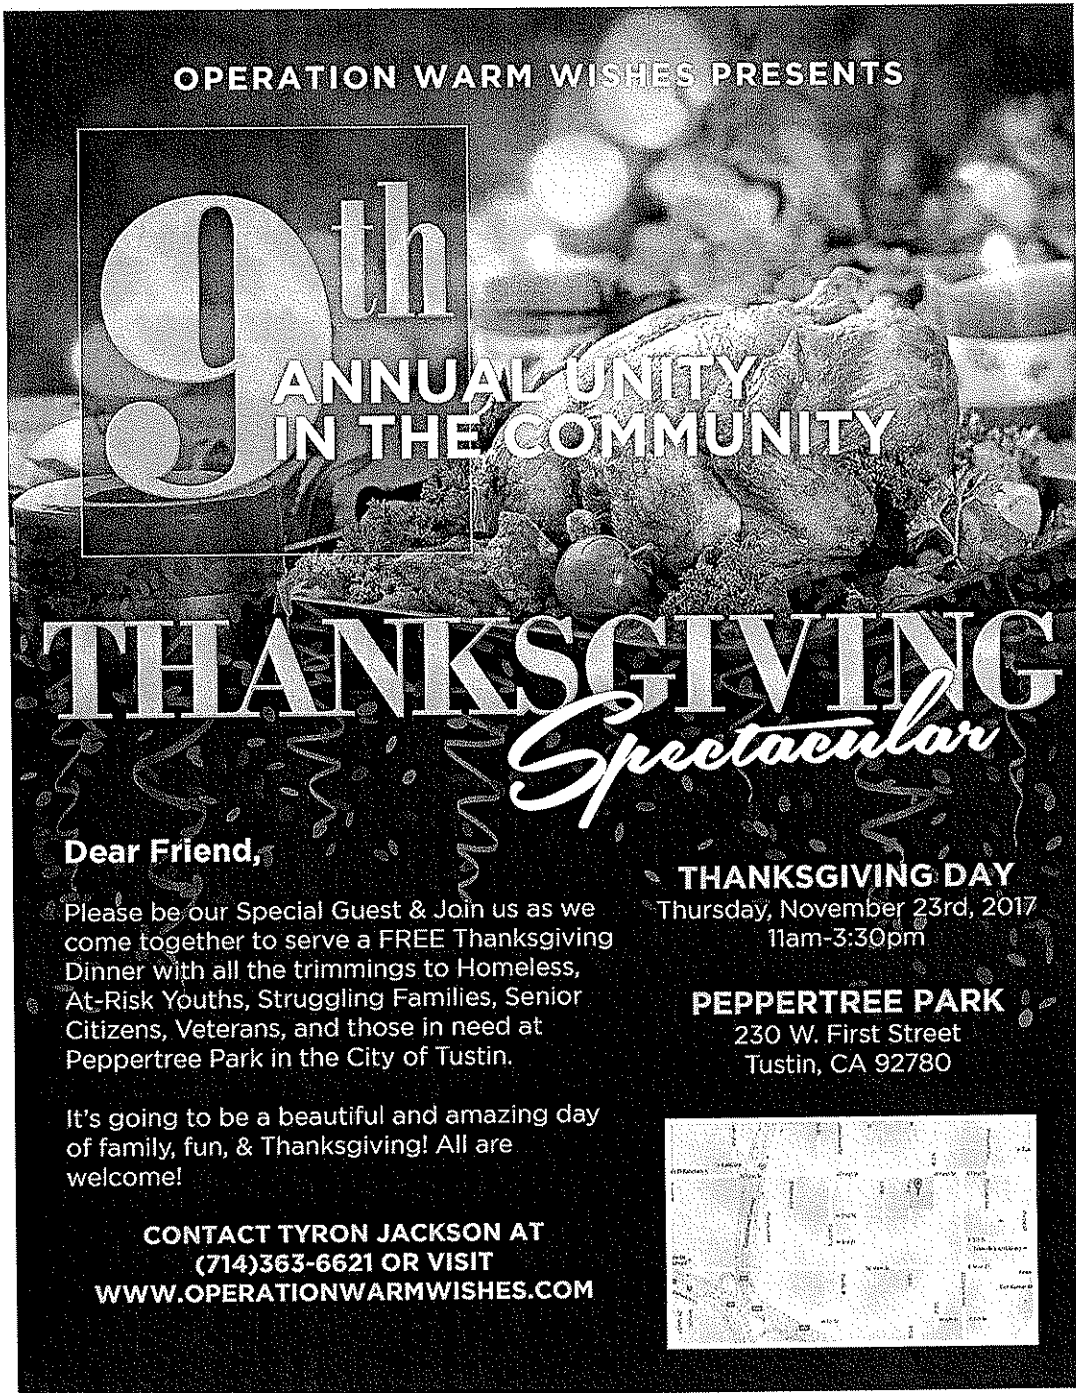

Thanksgiving is a time to be with family, to remember the year that has passed and to be thankful for what we have been given. Thanksgiving is also a time to remember those less fortunate, the needy, the forgotten, and the homeless. Thanksgiving is love!

On Thanksgiving Day, November 23, 2017, from 11:00am until 4p.m. Operation Warm Wishes and the community, will host and serve a FREE Thanksgiving dinner, with all the trimmings, to families in need, senior citizens, troubled youth, the homeless, our Veterans, those suffering from various illnesses and ALL those in need of love and encouragement at Peppertree Park in Tustin. (230 W 1st Street Tustin, CA 92780)

It's going to be a beautiful and amazing day of love, family, fun and Thanksgiving! All are welcome! No one will be turned away.

For more information please call Tyron Jackson at (714) 363-6621 or visit www.OperationWarmWishes.com

Together we can make a difference! Together we can touch lives!

Hi Josue

Tues the 28th works. How many students will be attending? Also, we have a small lunch room we can put the cooler in there if it's size is pretty reasonable. Our refrigerator is standard size with all of our employees' lunches. So placing anything inside will be a challenge. I will also need of supervisors/chaperones who will be attending with the students, so I can give to our security. ID's for them will be required.

Looking forward to it.

Parking Instructions for CSUDH Arts & Entertainment Career & Internship Expo on Wednesday, November 1, 2017

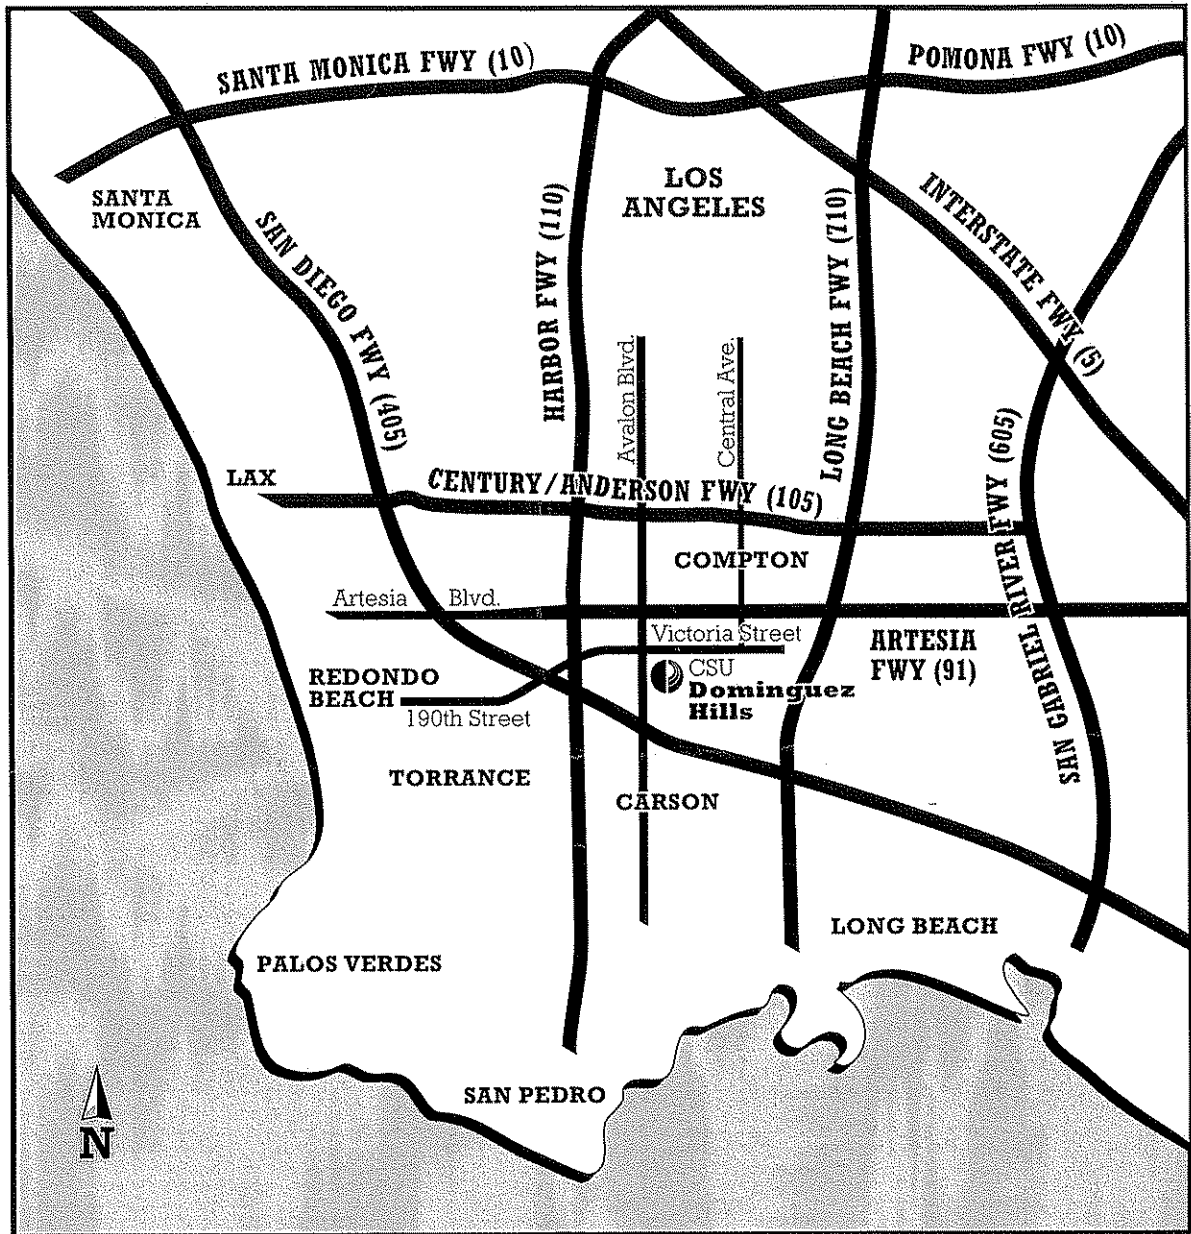

Parking passes (**\$8**) can be purchased from one of the Parking Ticket Dispensers. Please read the following directions carefully, as recruiters will be ticketed by campus police if there is not a visible parking permit on the dashboard. **Parking can be challenging. It is recommended you arrive early.**

There are eleven (11) parking permit pay stations located in the University's parking lots. You can purchase your permit at any of the dispensers.

1. You can park in any lot in any unmarked space, **except** those marked for Faculty/Staff, Disabled, Unloading, President, Area 100. The lots closest to the Loker Student Union are **1, 2, 3, 4 and 6** (see attached map). These lots fill up quickly, so you may want to come early. Parking Lot 4 (marked in green on the map) may be easier to find a parking spot if you cannot find one at the other lots.
 - a. You can drop off your materials at the "Materials Drop Off" station (Bldg. 25, marked by a **blue dot** on the map). It will be staffed by volunteers from 10:00 –11:00 am.
 - b. Staff and volunteer assistance will be provided for those parking in Parking Lot 4 from 10:00 - 11:00am. We **highly** recommend parking in Lot 4 since the other lots fill up more quickly.
2. **Parking permit must be placed on driver side of dashboard, face up and in plain view (The CSUDH Career Center is not responsible for any parking tickets received for not having parking permits properly displayed.)**
3. This email is being sent to the individual who registered for the event. **Please ensure a copy of the email gets to each recruiter attending.**

Hi Noor,

Any chance you could be a guest speaker in my Radio 230 class? I know it is the same time as your work - but wondering if you have any flexibility and could come?

The Radio 230 class is Tuesday and Thursday from 10:20-11:55 pm. Most Tuesdays/Thursdays would work - but there may be a couple of test days that don't work so well. Time wise, best is about 11:00 am to 11:55 am...but any part of class time would work.

If you can, that would be GREAT - I would even treat you to lunch after (if you have time). If your schedule does not allow, I understand. Just thought I would check.

Thanks!

It basically is speaking to students about what you do as a career, what kind of background or education is needed, and answering student questions. Please let me know if you are interested in this opportunity. I need to let the school know by Wednesday, November 8th at the latest.

Jimmy Steal,

I wanted to write and thank you for coming in and speaking to our entire 200-member band department at Westlake High School. During your three one-hour lectures, you spoke in detail in the areas of marketing, digital media, radio, programming, data, trends, management, and simply doing what you love in a career!

Your PowerPoint presentation was well laid out for our students and provided some incredible insight into what makes a great radio station, and a great business in Los Angeles. As a music teacher who loves creativity, yet runs a small business, I loved the quote "Managing a creative company is a balancing act between potentially opposing goals of encouraging creative freedom AND ensuring an orderly process of achieving consistent financial results." That statement is absolutely true! Although I am not attempting to increase financial results for profit at school, I am continuously attempting to provide the students and our audience with a great musical product while maximizing student/staff creativity at the same time.

The many charts, graphs, and data points showing trends of various demographics, and how much digital media has moved radio into so many digital areas, was truly eye opening. You are right, businesses must be where the consumers are, and that truly is in the digital world! It was fascinating seeing the students reflect on how much they use media in their daily lives and how it is now "the norm." And, how every company is figuring out how to reach young people in this digital world.

Jimmy, your time with our program was truly special. You have an amazing way of connecting with young people and getting them excited! You read the energy of each class rather well and adapted to our ever-changing high school environment effortlessly. Your lectures showed our students an area of the music industry they may have never considered embarking in. You provided an incredible insight and backstage view to what makes a company successful in a difficult music industry in a major Los Angeles market. You made the students think; you made them reflect; and you left them encouraged to do something that they love to do in their lives for a career. This was really the highlight for me - find something you love to do!

Again, THANK YOU for your time and for inspiring our students at Westlake High School!!!

With great sincerity and appreciation,

Brian Peter

Dear Fernando and team,

Thank you for supporting the UCLA Volunteer Center and donating How the West Was Won tickets for our photo contest during Volunteer Day 2016. Our photo contest was a major success in large part to the pairs of concert tickets your team kindly donated. Would Power 106 be interested in donating pairs of tickets for this year's UCLA Volunteer Day, which will take place on October 7?

Here we gooooo! Thank you Power 106 Los Angeles and UCLA Volunteer Center for the tickets 🎉

UCLA Volunteer Day photo contest winner Anthony Semaan and his friend having a blast at How the West was Won.

The Center holds a photo contest every Volunteer Day to encourage over 500 participants and 6,000 new students to show the world how #BruinsGiveBack. We would love to encourage students to participate in the photo contest with the opportunity to win tickets to a local concert. In exchange, we will cross promote Power 106 on our social media platforms, which reach a combined audience of over 20,000 followers.

In particular, I am reaching out to you in hope of obtaining donated tickets to local concerts held after the first week of October (after UCLA Volunteer Day). After researching Power 106's events calendar, my team has compiled a list of artists that are popular among the demographic we target. I would like to inquire about the possibility of obtaining tickets for any of the following concerts:

- Jay Z (10/27 at the Honda Center)
- Camp Flog Gnaw (10/28 at Exposition Park)
- Bruno Mars (11/7, 11/8, 11/10, 11/11 at The Forum)

We truly appreciate your involvement with our previous efforts and are sincerely grateful for the impact your donations have made to get UCLA students excited about community service. I look forward to discussing this further.

P.S. I listen to Power on my way to work every morning. I choose Cruz!!!!!!!!!!!!!!!

UCLA Volunteer Day is the nation's largest annual service event for new students. This event provides the opportunity to introduce the 6,500 new students to the world of service, and thereby set them up for a lifetime of service. Keeping the volunteers engaged is important to the UCLA's mission of empowering an altruistic, service-oriented community, and contests and giveaways contribute a large amount to these efforts. Hi Terri,

Again, thanks for accommodating our students from Learning Works this summer!

I wanted to inform you that our school is putting on our annual fundraiser, "Invest in a Drop Out" on October 26th. This is a fun event that features both a silent auction and live auction to help raise money for our most urgent needs: academic and cultural enrichment field trips, meals to feed hungry students, and transportation costs to get students to school.

I wanted to see if Power 106 would kindly consider making a donation of a product, service, or concert tickets as either a silent or live auction item? We also invite you to buy tickets to attend our event to have a fun evening, while supporting and learning more about our school. I have attached an invitation. Your contribution would directly support our students.

Our event is expected to draw 200 local San Gabriel Valley supporters and our total exposure is 3,000. To show our appreciation for generous donors like you, we will be adding names to our event program and to our online Donor List featured on our website. In addition, each table will have a "Support Our Supporters" table card listing contact details for these businesses.

Hi Marissa!

Wanted to follow up with you and let you know that the students and Mike had a great time yesterday during the station tour at Power 106. I have attached a group photo of everyone in the on-air studio during the midday shift with Teddy Mora who was filling in for Yesi Ortiz. I have copied Mike on this email, too, so that he

has access to the photo. It was our pleasure hosting the group. And I like I told Mike, please feel free to contact us again perhaps in the Spring if you have another group that you feel would benefit from a station tour. We are happy to accommodate you and the school for the benefit of the students.

Learning Works Charter School invites you to experience

A MAGICAL NIGHT

TURNING DROPOUTS INTO GRADUATES
5TH ANNUAL INVEST IN A DROPOUT

CELEBRATE SUCCESS!

Learning Works serves youth in grades 7-12 who have withdrawn from mainstream education without attaining a high school diploma. The youth would inaccurately be called “at-risk.” They are, in fact, “in crisis” or demonstrated a behavior or condition exceeding “at-risk,” like becoming pregnant, dropping out of school and/or entering the juvenile delinquency system. Every year over 400 students re-engage at our school. Our students are 78% Hispanic and 18% African American, living in poverty. We have successfully graduated 789 students with a high school diploma!

In addition to our main campus, Learning Works has created many programs to serve disengaged youth:

- **Learning Works@Homeboy Industries**—our satellite campus located at Homeboy’s original site at 1916 East 1st Street in the heart of Boyle Heights.
- **Pregnant and Parenting Teen Program (PPT)**—we help teen mothers finish their high school diploma. Parenting and health support is provided by our partners.
- **Hope Works**—our drop-in center serving homeless youth ages 17-23, provides food, showers, laundry service, toiletries and support services.
- **artWORKS**—studio space down the street, with a wide range of arts opportunities, including digital storytelling, screen printing, recording/music production and more with our partner Armory Center for the Arts.
- **GroWORKS**—a school garden to teach middle and high school students about caring for an inner-city garden. The garden is integrated into school curriculum through health, nutrition and environmental science.

Dear Terri Dourian:

What a night! I was really blown away by the emotion, joy and support at our event, Invest in a Dropout. It truly was a Magical Night.

With your support, our 5th annual fundraiser raised over \$40,000 to support the students of Learning Works and Learning Works@Homeboy. Your silent auction donation of Six Flags Magic Mountain (6) one day only admission tickets helped us raise the funds to support the overwhelming needs of our students and provide the types of enrichment opportunities in art, gardening, fieldtrips and other experiences that our students deserve!

Thank you for demonstrating your own "irrational commitment to students." With your generous donation, you are helping to improve the lives of some of the poorest and most needy students in Pasadena/Altadena and Boyle Heights/East Los Angeles.

We couldn't do what we do without you and your continued support.

Sincerely,

Mikala Rahn, PhD
Founder/CEO

The client let us know there would be a lot of performances so they needed us to help them with playing certain music.

What did we do right? What worked well?

We were there on time and made the best of our location.

What could we have improved?

We could have had a better knowledge of the location and been put in a better place to play.

Was onsite client happy with event?

Yes. They really enjoyed our energy and help with the event.

Any problems or comments that station/AE should know about?

n/a

Did we have a good location? If not, did you speak with client/contact and ask to have us moved?

No we off in the corner. Crowd was great should go back again but due to their performances and parade we had to b e to the side not to be in the way but made it hard for us to connect with the energy on the MIC and sound.

Event Recap:

Did you speak to onsite client before setting up?

We did speak to Patrick.

Photos taken (minimum 6): _____

What did client share with you that they wanted to see for a successful event?

He was very pushy and was so insistent on having us live broadcast even though we explained that we were not there to do a live broadcast. He didnt seem like he wanted us near the students.

What did we do right? What worked well?

We tried to make the best of it with what we had. We gave the adults giveaways and just tried to play music that they wanted to hear.

What could we have improved?

I dont think we did anything wrong. I think the event could have gone better if Patrick would have allowed us to be closer to the students and the campus.

Was onsite client happy with event?

He was extremely happy.

Any problems or comments that station/AE should know about?

I think Patrick misunderstood the purpose to us being there and kept calling the station to have us live broadcast.

Did we have a good location? If not, did you speak with client/contact and ask to have us moved?

Location was terrible they had us set up in the parking lot furthest away from everything. We were unable to see anything.

Did you speak to onsite client before setting up?

Yes, upon arrival we went straight to the office to communicate with contact.

What did client share with you that they wanted to see for a successful event?

They told us where they wanted us to set up and they wanted us to involve their basketball team during our lunch activity.

What did we do right? What worked well?

Unfortunately we were unaware that our PA was not working so it gave us a hard time to get the music and mic going.

What could we have improved?

Diamond was very on top of everything and did a great job in fixing the PA and somehow managed to get the music going.

Was onsite client happy with event?

Yes they were happy and are very excited to have us back tomorrow for the celebrity basketball game.

Any problems or comments that station/AE should know about?

The Pa needs to get fixed by oscar so that we no longer face these problems again.

Did we have a good location? If not, did you speak with client/contact and ask to have us moved?

Location was great. Parking was good and the school was very accommodating.

We spoke to contact once we arrived to the wrong Sierra Vista HS at 6:00 which was in Whittier.

What could we have improved?

We couldve improved by getting to the right school in the first place as opposed to getting to Baldwin Park @6:25p to set up. Set up was fast though and we couldve started playing music in time if Super PA wasnt missing the cable that goes from the controller to the PA.

Was onsite client happy with event?

Yes she was happy that her students were happy despite tech. difficulties which only we knew about because we made sure to roll with the punches and make it all work anyway.

Any problems or comments that station/AE should know about?

West coast University Rep was absent. We set up her booth regardless and played corn hole.
