

Issues and Programs Report
for

WJCO

91.3 FM Montpelier, Indiana
4th Quarter 2014

Calvary Radio, through talking with pastors, community leaders and people with a strong concern for their community, have determined that the following issues are the current issues of highest concern in the area and this report has been created to show how we have addressed these issues.

1. Education

Calvary Radio believes that a good biblical education is the foundation for spiritual success. Education is important because the more knowledgeable we are in the word of God the better equipped we are to stand firm in the confidence of his truth. We also believe that, in addition to studying God's word, it is important that our children are getting a good education in schools and that our undergraduate and graduate students are being taught unbiased truth in their learning institutions. So we encourage people to stand up for truth and fight for good teachers in educational systems.

2. The Economy, Employment & Personal Finance

Due to the current economic recession, families in northwest Indiana are experiencing a higher difficulty in being able to acquire a mortgage, find employment and afford health care. We at Calvary Radio try to provide programming that encourages our listeners to make wise financial decisions through good financial stewardship during these uncertain times and to put their trust in God knowing that he provides for our needs.

3. Family & Marriage

Calvary Radio provides programming for all types of people from all types of families understanding that no family situation is perfect. We desire to provide programming that addresses all types of issues for struggling families. But our solution to these issues is found in Biblical principles and spiritual wisdom not just in psychologists and self-help books. We strongly promote a family first structure of living with a high value put on Biblical marriage.

4. Children & Youth

Seeing as how children are our future, Calvary Radio broadcasts various programs geared specifically to certain age groups in the hopes that kids will be challenged to grow in their spiritual lives and become good citizens as they grow older and mature in their faith and relationships with people. We provide Children's programming on Saturday Mornings and Youth programming on Monday evenings and weekends. Hoping to encourage youth to take their faith seriously and not succumb to peer pressure that may advise them to do otherwise.

5. Spiritual Growth & Practical Christian Living

Spiritual growth is one of Calvary Radio's main goals. We try and encourage spiritual growth in our listeners by broadcasting programming with sound Biblical teachers and challenging messages as well as praise and worship music to keep listeners encouraged and edified throughout their week. We strongly urge our listeners to seek to grow in their faith and not be content with a inactive relationship with God.

6. Religious Freedom, Oppression and Terrorism

The signal of WHLP and its translators covers the Chicagoland area, where terrorism is a bigger threat than elsewhere in the US so we at Calvary Radio are doing our best to educate people on the safety level of our area while reminding our listeners that God is our only source for true safety. And while religious and constitutional freedoms are often an issue in schools and are part of America's constant struggle with taking God out of the schools. Calvary Radio brings programming that addresses the true heart issues of fear and security.

7. Public Health

With health care costs on the rise and insurance prices increasing, families in the area often have to live without insurance and the uncertainty of what will happen to them if health problems occur. So we air programming that deals with ways to acquire health insurance and how to maintain good health if health care is unavailable to you. Centering on the fact that our bodies are God's temple and we should do our best to take care of them but understanding that they're also temporary and God has a more perfect plan for us waiting in Heaven someday.

8. Public Safety

Whether our listeners have to deal with icy roads, blazing fires or windy weather, we want them to be well equipped for anything that could come their way. So we provide programming to deal with some of the safety issues in hopes that it may just save a life one day. That's why it's important to us that listeners be aware of safety hazards within their homes, cars and workplaces.

Calvary Radio is committed to truth in radio and, in keeping with that commitment, our programming consists mostly of sound biblical teaching programs with a primary focus on the truth of God's word and its instruction to us.

Along with those teachers we also broadcast Jay Sekulow Live, a daily radio outreach program of the American Center for Law and Justice. Hosted by ACLJ Chief Counsel Jay Sekulow, this live call-in program focuses on the legal and legislative battles underway across America.

The following programs, however, we receive no financial reimbursement for broadcasting and are strictly for the purpose of inciting community interaction, encouraging education and discussing issues that relate to the city and county of license.

It then moves to a time of prayer for needs and concerns called in by listeners throughout the area. Its focus is to address the needs of people in the community in the best way we know how. Through intercessory prayer to our God.

Issues in Education is broadcasted at 4:30am Sunday Mornings

The Following Programs for this quarter include:

Guest: Mark Harris

Date: 10/04/2014

Issue/s Addressed: Issues In Education – Perilous Times Pt 2

At the core of America's problems is a crisis in leadership. We need courageous Godly leaders. Many Christians believe the lie that there's no connection between Biblical beliefs and voting. God's people can no longer be complacent while our culture is degenerating. Pastor [Mark Harris](#), of [First Baptist of Charlotte](#), who ran for US Senate but lost in the primary, says it's not about politics or religion but what it means to be a Christian. Is there any difference between the two major political parties? Great spiritual awakenings have had a profound impact on this nation. It is time for God to bring a third Great Awakening.

Guest: Kevin Sorbo

Date: 10/11/2014

Issue/s Addressed: Issues In Education – Why Is America Turning From God

Is our culture turning from God? Satan is deadly serious about getting the children, and he gets most from the secular public schools. An excellent example of how can be seen in the fascinating film [God's Not Dead](#) starring [Kevin Sorbo](#) (played *Hercules*) as the atheist professor who demands his students write down God is dead! Cuts from the film include; the universe created itself; belief in God is a primitive superstition... Yet Kevin is a conservative Christian who says proof for God is to just look at a flower or the stars. Kevin suffered a life-threatening stroke that left *Hercules* weak, but God strengthened him.

Guest: James Robinson

Date: 10/18/2014

Issue/s Addressed: Issues In Education – We Can Restore Our Culture

Never have so many Christians been so irrelevant. Because we are not united. Internationally famous [James Robinson](#) says a personal relationship with Christ should have public consequences. The Church has made a grave error by making converts instead of disciples. Obama says government *is the solution*. Reagan said, "Government is *the problem*." [Jay Richards](#), co-author of [Indivisible](#), says there are no moral absolutes, right or wrongs and relativism is being used to tear down student's beliefs and replace them with secular beliefs. There are many options to public schools including the Internet that has free courses.

Guest: Bishop EW Jackson

Date: 10/25/2014

Issue/s Addressed: Issues In Education – Power From The Pulpit Pt 1

Several new polls show that Americans are more open to spiritual renewal and want churches to take a stronger role in addressing cultural and political issues from a Biblical worldview. [Bishop EW Jackson](#), graduate of *Harvard Law*, Pastor of [Exodus Faith Ministries](#), and Pres. of [STAND](#) (*Staying True To America's National Destiny*), says, "For Christians, it's not about winning elections but winning *hearts and minds*. Winning elections is a byproduct of a Christian worldview. Same sex marriage is being elevated over religious freedom." It's not about party but principle. What does it mean to be a *Christ follower*?

Guest: Mark Harris

Date: 11/01/2014

Issue/s Addressed: Issues In Education – Power From The Pulpit Pt 2

Guest: Ed Reeves

Date: 11/08/2014

Issue/s Addressed: **Issues In Education – In Memory of Korean Veterans**

How can we raise young heroes to defend our freedoms, if young people don't know the price others paid to win our freedoms in the past? This inspirational program features a captivating account by Korean veteran **Ed Reeves**. Ed fought for his life in minus 30 to 40 degree temperatures. It was so cold, the bullet holes in his body froze shut and kept him from bleeding to death. Even after almost all the others were killed, **Ed Reeves** clung to his faith and Gideon Bible, and fought on despite his life-threatening wounds and no ammunition. This miraculous account is spell binding. It's as if you are there.

Guest: Brad Dacus

Date: 11/15/2014

Issue/s Addressed: **Issues In Education – All Out Assault on Christianity**

A school library has purged all books suspected of being too Christian, or having a Christian message, or authored by Christians or published by Christians. Liberals, who claim to be tolerant, are showing their intolerance. The gospel is treated as porn and porn as the gospel, as books like *Your Health Today* introduces 9th graders to bondage, sex toys and the adult films. **Brad Dacus**, of [Pacific Justice Institute](#), says scientist Mark Armitage was fired from teaching because he unearthed evidence for creationism. Ventura High turned down a donation from Chic-fil-A because of their owner's support for traditional marriage.

Guest: Larry Kreider

Date: 11/22/2014

Issue/s Addressed: **Issues In Education – Losing Our History Means Losing Our Nation Part 1**

The new History Framework, currently being implemented in high schools nationally, produced by the *College Board*, totally eliminates our Founders like Jefferson, Washington and Franklin, erasing them from history. No mention of Thanksgiving, Pilgrims, World War II, Viet Nam etc. because it doesn't fit their liberal/globalist agenda. **Larry Kreider** says this propaganda, masquerading as history, eliminates all the good achievements made by Americans and turns young people against their own nation by giving a skewed view of our history and focuses on *white superiority*, indian massacres, slavery, racism & sexism.

Guest: Marilyn Boyer

Date: 11/29/2014

Issue/s Addressed: **Issues In Education – Losing Our History Means Losing Our Nation Part 2**

Schools have eliminated every trace of Christianity from our Founding, replacing it with liberal fiction, that isn't history. It has been said, "To destroy a culture, destroy its history." The Founders were courageous men of God who established this nation on the solid gospel of Jesus Christ. **Marilyn Boyer**, author of [For You They Signed - The Spiritual Heritage of Those Who Shaped Our Nation](#) gives fascinating accounts of our Founders courage and faith in God and how God gave them incredible victory over the world greatest military at the time. Young people need to know of the suffering and sacrifices they made for them.

Guest: John Whitehead

Date: 12/06/2014

Issue/s Addressed: Issues In Education – Christ Is Christmas

Censorship of Christmas and Christianity has reached an absurd level. The 9th Circuit Court ruled that the instrumental version of Ave Maria is unconstitutional to be performed in public schools, because someone might think it's religious. [John Whitehead](#), of *The Rutherford Inst.* says, "We are in the battle of our lives over Christianity in America. This case could lead to the banning of every trace of Christian expression in public." [Joe Infranco](#) (*Alliance Defense Fund*) says, "It's not just the elimination of Christmas but the freedom to *proclaim the gospel in public*." Also, [Dr Bob Simonds](#), President of NACE.

Guest: Richard Exley

Date: 12/13/2014

Issue/s Addressed: Issues In Education – God With Us

[Richard Exley](#), author of *The Indescribable Gift*, brings the first Christmas to life! Isaiah prophesied hundreds of years before the birth of Christ that God would become one of us and be called Emmanuel. So why did Mary call her baby *Jesus* instead of Emmanuel? [Steve Halliday](#), author of *Mighty God: The Enduring Mystery of Emmanuel*, explains how Emmanuel - God with us, is Jesus. Christmas is not just the baby in the manger, but the birth of Mighty God Himself. Steve tells how Bill Borden gave up all his wealth to die on the mission field for Christ. Christmas is a time to give of ourselves to serve others like Jesus did.

Guest: Bruce Marchiano

Date: 12/20/2014

Issue/s Addressed: Issues In Education – For God So Loved The World

The Christmas Spirit goes far beyond gifts, friends, family and music. Renowned author, [Max Lucado](#), author of *3:16-The Numbers of Hope*, says people never tire of hearing about God's love for them. Jesus went from holding the stars in His hands to clutching Mary's little finger. Why did He come to earth? What is He like? He stopped the storm at sea but allowed soldiers to nail Him to the cross. [Bruce Marchiano](#), the gifted actor who played the part of Jesus in *the Gospel According to Matthew*, gives an inspirational description of Jesus you will never forget it. Jesus' love is profound, but have you experienced it?

Guest: Frances Frangipane

Date: 12/27/2014

Issue/s Addressed: Issues In Education – Christ' s Presence

Why can't 80 million Christian's change this culture when just 12 Apostles changed the world for Christ? How can God mature baby Christians? How can we transform our culture unless Christ first transforms us? [Frances Frangipane](#), author of *The Days of His Presence- Experiencing the fullness of Christ as we enter the fullness of time*, says, "It's only when we are pleasing to God that He gives us His transforming power. As evil gets worse God is raising up a people who passionately love Jesus and receive the fire of His Glory." How can Christ be your Lord unless you give Him control of your life? What is Christ-likeness?

Issue/s Addressed: Pubic Health, Spiritual Growth, and Practical Christian Living – Love, Inc. Part I

In this second part, Kim Sandlan Executive Director of Love In The Name Of Christ Kalamazoo, expounds on how this National organization comes alongside the Church to unite the existing gap of benevolent resources and talents currently operating independently in order to equip the needy with the skills, education, and Biblical training so that they not only meet the needs of the benevolent, but prepare them to not become dependent upon others on a long-term basis to provide for their needs. Love, Inc. believes one church alone cannot deal with all the complex issues of poverty, but that it takes churches working together, across denominational lines, to meet these multifaceted needs. Furthermore, Love, Inc can do what the others can't, by educating the needs to become independent of agencies, charities and government programs that often provide a safety net, but lack the ability to create transformation in lives like Love In the Name Of Christ can. For more information about Love In the Name of Christ, go online to www.loveinc.org or kzooloveinc.org for the Kalamazoo location.

Issue/s Addressed: Spiritual Growth and Practical Christian Living: Celebrate 1 Church

Jerry talked about growing up Catholic the son of Mexican immigrants. He said he learned much about God in the Catholic faith but never had a relationship with Jesus. By 10 years old he was involved with drugs and battled that for many years. Eventually his Mom had a born again experience with the Lord and was praying for him. Through a small Bible study Jerry accepted the Lord but still battled addiction. The second time he went into a recovery program, he did it taking responsibility for his sin and not accepting this was a disease. Through his prayer and the prayer of others, he felt this demon leave him. Their church is now very involved with helping others in their freedom from sin. Whether it is drugs, financial, pornography, or depression. To contact this church, call 269-651-4011 or go online to www.celebrate1.org
