3rd Quarter 2016

1. Education

Calvary Radio believes that a good biblical education is the foundation for spiritual success. Education is important because the more knowledgeable we are in the word of God the better equipped we are to stand firm in the confidence of his truth. We also believe that, in addition to studying God's word, it is important that our children are getting a good education in schools and that our undergraduate and graduate students are being taught unbiased truth in their learning institutions. So we encourage people to stand up for truth and fight for good teachers in educational systems.

2. The Economy, Employment & Personal Finance

Due to the current economic recession, families in northwest Indiana are experiencing a higher difficulty in being able to acquire a mortgage, find employment and afford health care. We at Calvary Radio try to provide programming that encourages our listeners to make wise financial decisions through good financial stewardship during these uncertain times and to put their trust in God knowing that he provides for our needs.

3. Family & Marriage

Calvary Radio provides programming for all types of people from all types of families understanding that no family situation is perfect. We desire to provide programming that addresses all types of issues for struggling families. But our solution to these issues is found in Biblical principles and spiritual wisdom not just in psychologists and self-help books. We strongly promote a family first structure of living with a high value put on Biblical marriage.

4. Children & Youth

Seeing as how children are our future, Calvary Radio broadcasts various programs geared specifically to certain age groups in the hopes that kids will be challenged to grow in their spiritual lives and become good citizens as they grow older and mature in their faith and relationships with people. We provide Children's programming on Saturday Mornings and Youth programming on Monday evenings and weekends. Hoping to encourage youth to take their faith seriously and not succumb to peer pressure that may advise them to do otherwise.

5. Spiritual Growth & Practical Christian Living

Spiritual growth is one of Calvary Radio's main goals. We try and encourage spiritual growth in our listeners by broadcasting programming with sound Biblical teachers and challenging messages as well as praise and worship music to keep listeners encouraged and edified throughout their week. We strongly urge our listeners to seek to grow in their faith and not be content with a inactive relationship with God.

6. Religious Freedom, Oppression and Terrorism

The signal of WHLP and its translators covers the Chicagoland area, where terrorism is a bigger threat than elsewhere in the US so we at Calvary Radio are doing our best to educate people on the safety level of our area while reminding our listeners that God is our only source for true safety. And while religious and constitutional freedoms are often an issue in schools and are part of America's constant struggle with taking God out of the schools. Calvary Radio brings programming that addresses the true heart issues of fear and security.

7. Public Health

With health care costs on the rise and insurance prices increasing, families in the area often have to live without insurance and the uncertainty of what will happen to them if health problems occur. So we air programming that deals with ways to acquire health insurance and how to maintain good health if health care is unavailable to you. Centering on the fact that our bodies are God's temple and we should do our best to take care of them but understanding that they're also temporary and God has a more perfect plan for us waiting in Heaven someday.

8. Public Safety

Whether our listeners have to deal with icy roads, blazing fires or windy weather, we want them to be well equipped for anything that could come their way. So we provide programming to deal with some of the safety issues in hopes that it may just save a life one day. That's why it's important to us that listeners be aware of safety hazards within their homes, cars and workplaces.

Calvary Radio is committed to truth in radio and, in keeping with that commitment, our programming consists mostly of sound biblical teaching programs with a primary focus on the truth of God's word and its instruction to us.

Along with those teachers we also broadcast Jay Sekulow Live, a daily radio outreach program of the American Center for Law and Justice. Hosted by ACLJ Chief Counsel Jay Sekulow, this live call-in program focuses on the legal and legislative battles underway across America.

The following programs, however, we receive no financial reimbursement for broadcasting and are strictly for the purpose of inciting community interaction, encouraging education and discussing issues that relate to the city and county

The Following Programs for this Quarter Include

Guest: Phyllis Schafly Date : 07/03/16

Issue: Invading Girls Bathrooms Part 1

Americans fought a Revolutionary War to get rid of a king. Will we have another, "American" king, now rule over us? Obama has issued an "edict"- a letter to every public school in the nation, threatening to withhold funds if they don't allow boys (transgendered) in the girls' bathrooms and showers. [Phyllis Schlafly](#), President of [Eagle Forum](#), says there are only two sexes even though the UC application has 5 genders listed as "gender identity," i.e. *whatever sex you feel like*. Cuts of [Randy Thomasson](#), Obama, AG Lynch, TX AG Paxton, Robert Jeffress, ADF attorney and women who have been sexually abused.

Guest: Randy Thomason Date: 7/10/16

Issue: Invading Girls Bathrooms Part 2

In 1961, Kennedy said, "We will put a man on the moon." Today, Obama says, "We will put men in girls restrooms." Obama sent a threat letter (an edict) to every public school in America warning that if they don't allow (transgender) boys in the girls' restrooms and showers, he will *withhold* funds. [Randy Thomasson](#), President of [SaveCalifornia.com](#) says, "If you have the Y chromosome, you're a boy! Nothing will change that!" This Obama administration, with over 150 homosexuals, is using schoolgirls as pawns, violating their privacy, to force LGBT on the public. This misuse of power affects all schools.

Guest: Kyle Olson Date: 7/17/16

Issue: Core 40 Education

.Common core, the Federal take over of local education, is a massive experiment with the lives of our children and the future of our nation. Common Core changes education from imparting knowledge to social change and socialism. The result will be a dumbed down populace that's compliant, non-thinking, who are followers instead of leaders, not innovators/inventors as prior generations. [Kyle Olson](#), author of [Conform: Exposing the Truth About Common Core and Public Education](#), says at a time when schools cost more and deliver less, options such as *Choice in Education* are being crushed by Common Core.

Guest: Abby Nye Date: 7/24/16
Issue: Courage in the Classroom

The percentage of Christians in this generation is expected to decline to just 4% who are Christians. How can a Christian survive on a hostile campus? **Abby Nye**, a courageous Christian, university student, and author of [Fish out of Water-Surviving & Thriving as a Christian on a Secular Campus](#), tells how professors intimidate and convert Christians into humanism. Abby was told by her literature professor that the Bible is a book of myths and not a credible source. Yet she was required to buy a Koran for her required class on Islam. How can the Church hope to survive if 90% of Christian youth leave the faith?

Guest: Ted Broer Date: 7/31/16
Issue: Bypassing Heart Disease

With all the amazing medical advances, why is heart disease still the #1 killer in America; killing more than all cancers? Is it possible to reverse heart disease? **Ted Broer** is a nationally recognized nutritionist, with over 3 decades in private practice, appearing on hundreds of radio and TV shows and is the author of [Breakthrough Health](#). Ted tells how calcium can cause plaque build up in arteries. He says avoid tablets since most have calcium as binders. Ted warns about the dangers of vaccinations, testosterone and statins. He tells of the drugs to avoid and the benefits of glucosamine, MSM and CoQ-10.

Guest: Dr Ted Broer Date: 8/07/16
Issue: Better Health Naturally 1

Public health officials warn that this generation is at greater risk for heart disease and diabetes. Children who eat just three hot dogs a week have 9 times the risk of getting leukemia. Americans are dieting more but are more overweight than ever which increases their risk of getting cancer, heart disease and diabetes. **Dr Ted Broer** a nutrition expert and author of [Maximum Fat Loss and Maximum Energy](#), gives a comprehensive overview of a good diet and foods to avoid. He warns of Ritalin use for ADHD. Lifelong habits are established in youth, yet 27% of young people are too fat to fight in the military.
."

Guest: Chris Whaley Date: 8/14/16
Issue: Protection from Thieves and Bullies

The only thing necessary for evil to triumph is for good men to do nothing." Pastor **Chris Whaley**, author of [The Masked Saint](#), was a pastor and at the same time a pro-wrestler who used his wrestling skill to help defenseless women, old men, abused children, bullies and people being robbed at gun-point. Chris took on 4 Klansmen at night during a KKK meeting. Chris went out during the night wearing his wrestling costume to get men who were stealing Christmas presents from poor families. As a good Samaritan, Chris was a Christian version of Superman taking on evil in the name of Christ.

Guest: John Whitehead Date: 8/21/16
Issue: The War on the American People

Is our government going to war against the American people? Our Founders warned us that an army inside our nation that makes us enemy combatants would crush our freedoms. Have police become transformed into soldiers? Swat teams terrorize and murder innocent people. **John Whitehead**, President of [the Rutherford Institute](#) and author of [Battlefield America - The War on The American People](#), compares the militarized police and loss of freedoms to Nazi Germany in the 1930's. Schools are being used to create a docile easily controlled populace. Schools have become "electronic concentration camps!"

Guest: Randy Thomason Date: 8/28/16
Issue: Serious Threat to Religious Freedom Part 1

. Christians are given a choice; renounce their beliefs or face state persecution and bankruptcy. [Randy Thomasson](#) says Cal SB 1146 will destroy religious freedom beginning with Christian colleges and spreading to K-12, to churches, and TV & radio. SB 1146 is a mandate for Christian colleges to accept homosexual professors or be sued for discrimination. This would allow students to sue their school for Biblical beliefs. Since the nation's textbooks are written for Cal standards, textbooks will glorify homosexuals, legitimize same sex marriage, allow nude boys into girl's lockers, and portray Christians as bigots.

Guest: Brad Dacus Date: 9/04/16

Issue: Serious Threat to Religious Freedom Part 2

Separation of church and state has no meaning when the state crushes the church. Attorney [Brad Dacus](#), Pres. of [P.J.I.](#), says, "Cal SB 1146 is the most brazen attack to force Christian colleges to bow to homosexual propaganda. The state is telling Christian colleges they may not tell students what is immoral. If the state can make Christian colleges as corrupt as they have state colleges, why would students *pay for a Christian college*? The election of the next President will determine the future for 40 or so years by their choice of Supreme Court Justices. This election will determine if we have any religious freedom.

Guest: Rick Scarborough Date: 9/11/16

Issue: Taking Action in Perilous Times Part 1

[Pastor Rick Scarborough](#), author of [Enough is Enough](#) and *President of Vision America*, was so shocked at the graphic AIDS assembly at his local high school, he motivated his congregation to get involved. People from his church got motivated to elect Christians. Charles Finney said, "God will bless or curse this nation according to the course Christians take in politics." Trump said he would repeal the reason so many pastors have been silenced. Democrat leadership has brought open homosexuality into the military, and has made a perilous "deal" with the Iran to get an atomic bomb that could destroy us.

Guest: Rick Scarborough Date: 9/18/16

Issue: Taking Action in Perilous times Part 2

All of our freedoms, including religious freedom, morality, and the right to life, have become *political issues*. Politics can be a tool in God's Hands to keep our freedom to preach the gospel. [Rick Scarborough](#), *President of Vision America*, met with candidate Trump and was surprised at his openness, humility and kindness, unlike his persona on TV. It's either Trump or Clinton who will choose the next 3 or 4 Supreme Court Justices to determine the future of this nation. Cuts of Chris Christie & Ben Carson at the RNC. The RNC has created the most conservative platform in history including "choice in education

Guest: Bishop Jackson Date: 9/25/16

Issue: Not Politically correct Part 1

Barna reports this shocking indictment: half of Christians don't vote. Some say they don't like either candidate for President so they refuse to vote. Pastor and candidate for US Senate, [Bishop Jackson](#), says, "This election is not a personality contest but a choice for the kind of government we want. Do we want socialism or capitalism? For those who disdain politics, ask God if He cares about babies slaughtered, or immorality and corruption in government? Does He care about religious freedom? Then God cares about politics. Not voting is a sin, James 4:17. We are giving away the country that God gave us

Issue/s Addressed: Second Harvest Foodbank of Wisconsin

Summer is one of the most challenging times of year when it comes to feeding hungry people, says Dan Stein, President of Second Harvest Food of Southern Wisconsin in Madison, which is one of the largest foodbanks in the state. Second Harvest Foodbank serves 141-thousand Wisconsinites who struggle with hunger and food insecurity; 43% of them being children. To help us better understand the issue of food insecurity and how we can work together to help these individuals and families who often go without fresh food, we invited Danielle Lawson, Food Resources Manager with Second Harvest to share about an exciting opportunity for farming communities, and compassionate partnering organizations to share the excess from their harvest with those in need. The Field to Foodbank program, facilitated through Second Harvest Foodbank of Wisconsin is a way farmers can directly get involved in giving, rather than plowing under, vital food resources to those in Midwestern communities.

Guest: Linda Brooks Date: 07/16, 07/17/2016

Issue/s Addressed: Children & Youth - Safe Families for Children

When families experience crisis, there are often family members or friends who are able to exist when extra support is needed... yet for many parents, that isn't the case. Some families who suffer from difficult situations of various kinds lack the support they need, leaving children vulnerable to abuse or neglect, from the stressful conditions the family members encounter.

Sadly, many children are taken into custody by the state where support from compassionate caregivers could have kept these families together. When families are broken up, it can damage not only the family members who suffer through it, but entire communities that encounter these wounded souls on a day-to-day basis.

Linda Brooks, Porter County Safe Families for Children representative, serving through the Baptist Children's Home and Family Ministries which is located in Valparaiso, Indiana joins us to share how this national movement of compassion for struggling families can be aided by the hands and feet of JESUS Christ. To learn about Safe Families for Children Nationally, call or write to 4300 West Irving Park Rd., Chicago, Illinois 60641 773-653-2200 or go to the website www.safe-families.org.

For local information go to Baptist Children's Home & Family Ministries: 354 West St., Suite 1, Valparaiso, IN 46383 or go online to www.safefamilies@baptistchildrenshome.org or to www.baptistchildrenshome.org

Linda Wells, with the Pesticide Action Network says the lawsuit seeks to force the EPA to reevaluate the potential harm of pesticide use, specifically for children in rural America. The EPA is being petitioned to immediately adopt a no-spray buffer zone around homes, schools, parks, and daycare centers for the most dangerous drift-prone pesticides, which are reported as being associated with serious health effects. Guest: Kim Sandlan Date: 09/03, 09/04/2016: 0910,09/11/2016

Issue/s Addressed: Spiritual Growth & Public Education -Love, Inc. Part I and Part II

Kim Sandlan Executive Director of Love In The Name Of Christ Kalamazoo, expounds on how this National organization comes alongside the Church to unite the existing gap of benevolent resources and talents currently operating independently in order to equip the needy with the skills, education, and Biblical training so that they not only meet the needs of the benevolent, but prepare them to not become dependent upon others on a long-term basis to provide for their needs. Love, Inc. believes one church alone cannot deal with all the complex issues of poverty, but that it takes churches working together, across denominational lines, to meet these multifaceted needs. Furthermore, Love, Inc can do what the others can't, by educating the needs to become independent of agencies, charities and government programs that often provide a safety net, but lack the ability to create transformation in lives like Love In the Name Of Christ can. For more information about Love In the Name of Christ, go online to www.loveinc.org or kzooloveinc.org for the Kalamazoo location.
