2nd Quarter 2018

1. Education

Calvary Radio believes that a good biblical education is the foundation for spiritual success. Education is important because the more knowledgeable we are in the word of God the better equipped we are to stand firm in the confidence of his truth. We also believe that, in addition to studying God's word, it is important that our children are getting a good education in schools and that our undergraduate and graduate students are being taught unbiased truth in their learning institutions. So we encourage people to stand up for truth and fight for good teachers in educational systems.

2. The Economy, Employment & Personal Finance

Due to the current economic recession, families in northwest Indiana are experiencing a higher difficulty in being able to acquire a mortgage, find employment and afford health care. We at Calvary Radio try to provide programming that encourages our listeners to make wise financial decisions through good financial stewardship during these uncertain times and to put their trust in God knowing that he provides for our needs.

3. Family & Marriage

Calvary Radio provides programming for all types of people from all types of families understanding that no family situation is perfect. We desire to provide programming that addresses all types of issues for struggling families. But our solution to these issues is found in Biblical principles and spiritual wisdom not just in psychologists and self-help books. We strongly promote a family first structure of living with a high value put on Biblical marriage.

4. Children & Youth

Seeing as how children are our future, Calvary Radio broadcasts various programs geared specifically to certain age groups in the hopes that kids will be challenged to grow in their spiritual lives and become good citizens as they grow older and mature in their faith and relationships with people. We provide Children's programming on Saturday Mornings and Youth programming on Monday evenings and weekends. Hoping to encourage youth to take their faith seriously and not succumb to peer pressure that may advise them to do otherwise.

5. Spiritual Growth & Practical Christian Living

Spiritual growth is one of Calvary Radio's main goals. We try and encourage spiritual growth in our listeners by broadcasting programming with sound Biblical teachers and challenging messages as well as praise and worship music to keep listeners encouraged and edified throughout their week. We strongly urge our listeners to seek to grow in their faith and not be content with a inactive relationship with God.

6. Religious Freedom, Oppression and Terrorism

The signal of WHLP and its translators covers the Chicagoland area, where terrorism is a bigger threat than elsewhere in the US so we at Calvary Radio are doing our best to educate people on the safety level of our area while reminding our listeners that God is our only source for true safety. And while religious and constitutional freedoms are often an issue in schools and are part of America's constant struggle with taking God out of the schools. Calvary Radio brings programming that addresses the true heart issues of fear and security.

7. Public Health

With health care costs on the rise and insurance prices increasing, families in the area often have to live without insurance and the uncertainty of what will happen to them if health problems occur. So we air programming that deals with ways to acquire health insurance and how to maintain good health if health care is unavailable to you. Centering on the fact that our bodies are God's temple and we should do our best to take care of them but understanding that they're also temporary and God has a more perfect plan for us waiting in Heaven someday.

8. Public Safety

Whether our listeners have to deal with icy roads, blazing fires or windy weather, we want them to be well equipped for anything that could come their way. So we provide programming to deal with some of the safety issues in hopes that it may just save a life one day. That's why it's important to us that listeners be aware of safety hazards within their homes, cars and workplaces.

Calvary Radio is committed to truth in radio and, in keeping with that commitment, our programming consists mostly of sound biblical teaching programs with a primary focus on the truth of God's word and its instruction to us.

Along with those teachers we also broadcast Jay Sekulow Live, a daily radio outreach program of the American Center for Law and Justice. Hosted by ACLJ Chief Counsel Jay Sekulow, this live call-in program focuses on the legal and legislative battles underway across America.

The following programs, however, we receive no financial reimbursement for broadcasting and are strictly for the purpose of inciting community interaction, encouraging education and discussing issues that relate to the city and county

The Following Programs for this Quarter Include

Side B: 4/1/2018

The Joy of the Resurrection

 1565

This is one of the most inspirational programs we have ever made. [William Frey](#), author of [The Dance of Hope](#), tells how the Resurrection was like a news flash - fascinating news that's exciting and life changing! Death no longer has any power over us. Now there's nothing to fear, only expectations of joy in heaven. Although the disciples had lost all hope, they emerged fearless men, unafraid of crucifixion. These transformed men changed the world. Professional actor, [Bruce Marchiano](#), dramatically tells how the lifeless body of Jesus, dead three days, came vibrantly back to life through God's power

The Paradigm & Events Today part 1

 1566

Would you like to know the future of America? God knows exactly what will happen to our nation and has given us a preview from His Word in a paradigm. [Jonathan Cahn](#), author of [The Paradigm - The Ancient Blueprint That Holds the Mystery of Our Times](#), says our nation is repeating the exact history of what happened to ancient Israel 3000 years ago. The parallels are amazing! President Clinton and Hillary fit the pattern of the ancient king and Queen of Israel who were at war with God. Baal worship sacrificed thousands of children, but we have legally aborted millions of them. *God will be Savior or our Judge.*

Side B: 4/15/2018

The Paradigm & Events Today part 2

 1567

Dramatic changes taking place today in our nation are following the exact pattern that took place in Ancient Israel 3000 years ago. If these events are on course, we can foresee what's going to happen in our future! [Jonathan Cahn](#), author of [The Paradigm - The Ancient Blueprint That Holds the Mystery of Our Times](#), says this paradigm could have foretold the outcome of the past Presidential election and how our national leaders fit the paradigm of leaders of ancient Israel. The paradigm shows how God orchestrates events and people to serve as a warning for us to change course before His imminent judgment.

Side A: 4/22/2018

Trumpocalypse part 1

 1568

Is America headed for another Civil War? Our nation is as divided as any time in history. One side holds a Biblical worldview while the other calls for a *globalist* state. Schools propagate ideas of utopian globalism, but what does the Bible say about globalism? [Paul McGuire](#), author of [Trumpocalypse - The End Times President, a Battle Against the Globalist Elite, and the Countdown to Armageddon](#), says, "President Trump is viciously attacked by the establishment and media, because he is, as Hillary Clinton says, "He is undermining the global order," and confronting the evil system that rules the world

Side B: 4/29/2018

Trumpocalypse part 2

 1569

God has blessed America as no other nation but we've expelled God from our schools and society allowing anti-Christ forces to target Christians as enemies. [Paul McGuire](#), author of [Trumpocalypse - The End Times President, a Battle Against the Globalist Elite, and the Countdown to Armageddon](#), says in the coming one-world globalism you will be required to take the mark of the beast or be martyred. Two-thirds of young evangelicals under 35 believe non-Christians can go to heaven without Christ. Are we in the end times? An EMP could devastate America. Russia is a serious threat with their new Satan 2 missiles.

Side A: 5/6/2018

It's a Young Earth

 1570

Is the age of the earth important? Some stars are so far from earth that it would take millions of years for their light to reach us. Is that proof for an "old earth"? Many people, including Christian leaders, try to fit billions of years into the Genesis account. [Russ Miller](#), author of [It's About Time - How to Believe God's Word in a Secular World](#), substantiates the Biblical account through logical and scientific answers to man's origin, sin and death. The amazing universe shows God's awesome creativity. The omnipotent Creator simply spoke and galaxies whirled into space and the universe was created.

Side B: 5/13/2018

How God's Designs Work

 1571

Many technological advances are based on nature. Some of the best inventions come from those who study God's design in nature yet don't give God credit or even acknowledge Him. Aerospace engineer, [Jeff Seto](#), co-author of [Made in Heaven - Man's Indiscriminate Stealing of God's Amazing Design](#), gives many examples of ideas that came from God in nature, like mosquitoes (painless needles) and spiders, mussels (underwater glue), wasps and burrs (Velcro) that serve as inspirations for top scientists. [Ray Comfort](#), says, "It's dishonest to steal God's ideas and say they came from nothing."

Side A: 5/20/2018

Defender of the Weak

 1572

How can people defend themselves when cities are sanctuaries for criminals? **Mark Robinson** speaks boldly to defend our freedoms contrary the thousands of students who marched for gun control. **Chris Whaley**, author of [The Masked Saint](#), is a pastor who was also a pro-wrestler who used his wrestling skills to help defenseless women, old men, and people being robbed. He took on 4 Klansmen at night during a KKK rally. Chris went out during the night wearing his wrestling costume to get men who were stealing Christmas presents from poor families. Chris is a Christian version of Superman fighting evil!

Side B: 5/27/2018

Men of Valor

1573

Freedom is not free but purchased at great cost. Memorial Day is a day to remember the sacrifices that paid for our freedoms. **John Steer**, author of [Wounded Soldier](#), gives fascinating accounts of his experiences in Viet Nam and how he later took the gospel to Russian generals. **Gary Horton**, a school assembly speaker, was an Army Ranger who fought for our freedoms, yet he's not given the freedom to speak about his Christian faith in public schools. Schools have re-written our history, banned the flag, and banned the motto and the pledge. Horton gives some impassioned words from our valorous soldiers.

Side A: 6/3/2018

Healing a Broken Nation

1574

How has our nation gone from Christian to a nation where Christianity is criminalized? Where evil is called good and good is called evil. Not long ago, Marxism and socialism were scorned, but now universities indoctrinate students into Marxist ideas and hate for country and capitalism. **David Kupelian**, author of [The Snapping of the American Mind](#), says words have been changed to mean the exact opposite of what they used to mean. Tolerance means *intolerance of Christians*. The horror of killing a baby is simply a woman's choice. Why are 4 to 5 million healthy boys labeled ADHD and put on drugs?

Side B: 6/10/2018

From Jihad to Jesus

1575

Most Americans are unaware of how pervasive Islam has become in our schools. Schools only give one side to students without telling them how intolerant and cruel Sharia Law is, or that it was Christianity that gave this country the freedoms we have. Ex-Muslim **Jerry Rassamni**, author of [From Jihad to Jesus](#), tells how barbaric he was in killing Christians in Lebanon. Jerry Rassamni is a living miracle, a once hardened Muslim terrorist who has been transformed. This magnificent message is filled with compassion, and told with Biblical wisdom that will bring tears to your eyes. Allah and Christ are opposites

Side A: 6/17/2018

Beyond Sex Ed

1576

A new sex ed. curriculum re-defines abstinence to promote perversion as normal. **Matt Staver**, of Liberty Council says, "Many schools are leading children in to harmful and sometimes deadly sexual experimentation using graphic magazines and videos. The "Advocates for Youth" curriculum promotes abortion over child birth and trains students to be advocates for abortion and homosexuality. Teachers coerce students into participating in the *Day of Silence* and support GLSEN and Planned Parenthood." Children would prefer to have their modesty and decency respected than be embarrassed in class.

Why is only a positive view of Islam being taught in schools? [Leo Hohmann](#), author of [Stealth Invasion - Muslim Conquest Through Immigration](#) says, "Islam is not just another religion, but controls all aspects of life for Muslims and non-Muslims." We are to demonstrate Christian love to Muslims but not their horrendous Sharia Law that's tyrannical and eliminates all freedoms as it does in Muslim nations. America was a melting pot as immigrants came here to adapt to our language and culture. But Muslim immigrants today have no intention of assimilating but remain a nation within a nation

Issue /s Addressed: Children and Youth - Five Star Life

According to current statistics, as many as 7,000 students drop out of school every day, and 80% of children between the ages of 10-14 are reporting having used drugs for the first time between the hours of 3-6pm. In fact, 85% of all juvenile crime takes place between

the hours of 2 and 7pm, clearly defining our middle school age children as being an underserved, "at-risk" people group. Tony Bennett, calls the middle school years the "black hole" because students may "physically drop out" in high school, but they begin "mentally checking out" in middle school. Former United States Secretary of State Condoleezza Rice has stated that "The crisis we face in public education is a threat to the very core of who we are as a nation... and is the civil rights movement of today!"

To address the needs of these children, Five Star Life is working to address this crisis; in effort to eliminate the black hole and, more importantly, awaken in middle school students the desire to succeed and take ownership for their destinies...to live five-star rated lives,

Seth Maust, Co-Founder of Five Star Life; a program focused on reaching middle school students in the after school hours, challenging kids where they need guidance the most.

Issue /s Addressed: Children & Youth - Safe Families for Children

When families experience crisis, there are often family members or friends who are able to exist when extra support is needed... yet for many parents, that isn't the case. Some families who suffer from difficult situations of various kinds lack the support they need, leaving children vulnerable to abuse or neglect, from the stressful conditions the family members encounter.

Sadly, many children are taken into custody by the state, where a little more support from compassionate caregivers could have kept these families together. When families are broken up, it can damage not only the family members who suffer through it, but entire communities that encounter these wounded souls on a day-to-day basis.

Linda Brooks, Porter County Safe Families for Children representative, serving through the Baptist Children's Home and Family Ministries which is located in Valparaiso, Indiana joins us to share how this national movement of compassion for struggling families can be aided by the hands and feet of JESUS Christ. To learn about Safe Families for Children Nationally, call or write to 4300 West Irving Park Rd., Chicago, Illinois 60641 773-653-2200 or go to the website www.safe-families.org. Issue /s Addressed: Education - Creation Education Center

Today, it's being reported that as many as 2/3rds or more of Christian students are walking away from their faith by the time they leave college. So to help us better equip and engage Christians with the truth about the “facts” vs. “faith” dilemma many students encounter as they face opposing opinions about the Christian worldview, we've invited Jay Seegert, President and Co-Founder of the Creation

Education Center: "Helping the believer think, and the thinker believe". In the first part of our discussion, Jay takes on some of the most difficult questions we face with regard to the undertow of secular ideas permeating the Christian community today, as well as gives his personal testimony as to how God led him to find answers and help educate others about specific points of contention in the scientific community that challenge a Biblical view of Creation. Jay shares about the goals of the Creation Education Center, the statistics regarding who is being challenged and how, the proper view of the Genesis account in regard to the explanation of origins, the source of confusion with regard to operational science vs. a scientific explanation of origins apart from the Word of God. To learn more about the Creation Education Center, or to explore options available to inquiries regarding Jay's public speaking schedule, go online to www.CECwisc.org or call 262-227-5636, or write The Creation Education Center, 1010 S. Issue /s Addressed: Public Safety - College Safety & Self Defense Program

College preparedness is more than choosing classes, paying tuition, or any number of other decisions required of one who is on track for a successful year of higher learning. In addition to all practical preparedness, many families are choosing to be proactive in terms of providing instruction for first time and returning students in the area of personal protection and self-defense. Whether a college student lives on or off campus, there is always a degree of personal responsibility a student assumes when considering his or her campus life experience.

To discuss some of the statistics with regard to the need for personal safety, as well as inform us about some ways in which college students can best prepare and respond in certain situations, we invited Jan Rubsam, Owner and Chief Instructor of Valpo ATA Black Belt Academy to join us for a discussion. Jan is a 4th degree black belt and through her employment at Valparaiso University, can speak from experience with regard to many aspects of self-defense and college safety and preparedness.

To learn more about self-defense through martial arts training call Valpo ATA Black Belt Academy at 219-462-5000 or go online to www.ataonline.com or www.valpoata.com

Issue /s Addressed: Second Harvest Foodbank of Wisconsin

Summer is one of the most challenging times of year when it comes to feeding hungry people, says Dan Stein, President of Second Harvest Food of Southern Wisconsin in Madison, which is one of the largest foodbanks in the state. Second Harvest Foodbank serves 141-thousand Wisconsinites who struggle with hunger and food insecurity; 43% of them being children. To help us better understand the issue of food insecurity and how we can work together to help these individuals and families who often go without fresh food, we invited Danielle Lawson, Food Resources Manager with Second Harvest to share about an exciting opportunity for farming communities, and compassionate partnering organizations to share the excess from their harvest with those in need. The Field to Foodbank program, facilitated through Second Harvest Foodbank of Wisconsin is a way farmers can directly get involved in giving, rather than plowing under, vital food resources to those in Midwestern communities.

To learn more about how to get involved, call or write Second Harvest Foodbank of Southern Wisconsin at 2802 DairyDrive, Madison, Wisconsin 53718 608-223-9121 or go online to www.secondharvestmadison.org
