

Issue and Programs Report
for

WJCO

91.3 FM Montpelier, IN

1st Quarter 2013

Calvary Radio, through talking with pastors, community leaders and people with a strong concern for their community, have determined that the following issues are the current issues of highest concern in the area and this report has been created to show how we have addressed these issues.

1. Education

Calvary Radio believes that a good biblical education is the foundation for spiritual success. Education is important because the more knowledgeable we are in the word of God the better equipped we are to stand firm in the confidence of his truth. We also believe that, in addition to studying God's word, it is important that our children are getting a good education in schools and that our undergraduate and graduate students are being taught unbiased truth in their learning institutions. So we encourage people to stand up for truth and fight for good teachers in educational systems.

2. The Economy, Employment & Personal Finance

Due to the current economic recession, families in northwest Indiana are experiencing a higher difficulty in being able to acquire a mortgage, find employment and afford health care. We at Calvary Radio try to provide programming that encourages our listeners to make wise financial decisions through good financial stewardship during these uncertain times and to put their trust in God knowing that he provides for our needs.

3. Family & Marriage

Calvary Radio provides programming for all types of people from all types of families understanding that no family situation is perfect. We desire to provide programming that addresses all types of issues for struggling families. But our solution to these issues is found in Biblical principles and spiritual wisdom not just in psychologists and self help books. We strongly promote a family first structure of living with a high value put on Biblical marriage.

4. Children & Youth

Seeing as how children are our future, Calvary Radio broadcasts various programs geared specifically to certain age groups in the hopes that kids will be challenged to grow in their spiritual lives and become good citizens as they grow older and mature in their faith and relationships with people. We provide Children's programming on Saturday Mornings and Youth programming on Monday evenings and weekends. Hoping to encourage youth to take their faith seriously and not succumb to peer pressure that may advise them to do otherwise.

5. Spiritual Growth & Practical Christian Living

Spiritual growth is one of Calvary Radio's main goals. We try and encourage spiritual growth in our listeners by broadcasting programming with sound Biblical teachers and challenging messages as well as praise and worship music to keep listeners encouraged and edified throughout their week. We strongly urge our listeners to seek to grow in their faith and not be content with a inactive relationship with God.

6. Religious Freedom, Oppression and Terrorism

The signal of WHLP and its translators covers the Chicagoland area, where terrorism is a bigger threat than elsewhere in the US so we at Calvary Radio are doing our best to educate people on the safety level of our area while reminding our listeners that God is our only source for true safety. And while religious and constitutional freedoms are often an issue in schools and are part of America's constant struggle with taking God out of the schools. Calvary Radio brings programming that addresses the true heart issues of fear and security.

7. Public Health

With health care costs on the rise and insurance prices increasing, families in the area often have to live without insurance and the uncertainty of what will happen to them if health problems occur. So we air programming that deals with ways to acquire health insurance and how to maintain good health if health care is unavailable to you. Centering on the fact that our bodies are God's temple and we should do our best to take care of them but understanding that they're also temporary and God has a more perfect plan for us waiting in Heaven someday.

8. Public Safety

Whether our listeners have to deal with icy roads, blazing fires or windy weather, we want them to be well equipped for anything that could come their way. So we provide programming to deal with some of the safety issues in hopes that it may just save a life one day. That's why its important to us that listeners be aware of safety hazards within their homes, cars and workplaces.

Calvary Radio is committed to truth in radio and, in keeping with that commitment, our programming consists mostly of sound biblical teaching programs with a primary focus on the truth of God's word and its instruction to us.

Along with those teachers we also Broadcast Jay Sekulow Live, a daily radio outreach program of the American Center for Law and Justice. Hosted by ACLJ Chief Counsel Jay Sekulow, this live call-in program focuses on the legal and legislative battles underway across America.

The following programs, however, we receive no financial reimbursement for broadcasting and are strictly for the purpose of inciting community interaction, encouraging education and discussing issues that relate to the city and county of license.

Pastor's Perspective

Pastor's Perspective is a live call in show, simulcast on Calvary Radio from KWVE in Santa Ana, California. Various pastor's host the show to answer theological, spiritual and social questions from callers throughout the country with the goal of educating people on God's word and challenging them to grow in a deeper relationship with Christ through studying his word and seeking His wisdom for their lives.

Pastor's perspective is broadcasted weekdays at 5:00pm CST and runs 58 minutes long and most commonly covers issues regarding Spiritual Growth, Family & Marriage through answering questions related to these topics.

Saturday Morning Kids Show

Two hours of story time for children is provided to teach about spiritual and social things children can understand. This is used as an alternative to Saturday morning television, with little or no educational value, aimed at children.

Programming starts at 7am CST on Saturdays and shows include: Praise club workshop, Paws & Tales, Bible News Network, Praise Club Workshop and Adventures in Odyssey which cover issues related to children like the benefit of sharing, loving one another and loving God.

Battleground

Battleground is a live, 25 minute show dedicated to reaching out to the community through a short devotional message and a time of intercessory prayer. The devotional time is dedicated to encouraging and strengthening believers through the word of God. It then moves to a time of prayer for needs and concerns called in by listeners throughout the area. Its focus is to address the needs of people in the community in the best way we know how. Through intercessory prayer to our God.

It is our desire to lift up prayer requests from people of all races and religions in an effort to reach out to those who don't have Jesus Christ as their personal savior.

Prayer requests are received any time day or night through people e-mailing us at battleground@calvaryradionetwork.com or by calling the station toll free at 866-303-9457 and dialing the special battleground extension number 203. Requests are taken by staff members during normal business hours and any time there is staff present at the studios.

Battleground is broadcast weekdays at 10:30am CST with various pastors from around the nation and covers a wide variety of issues due to prayer requests that stem from family & marriage to the economy & unemployment to youth and children to spiritual growth and more.

Issues In Education

Issues in Education is an interview show exploring issues with Christianity in schools, education, and intellectual thought. It's hosted by Bob and Geri Boyd with a goal of educating and informing listeners of things going on in schools and in the world that they may not be aware of as well as challenging people to get involved in their community.

Issues in Education is broadcasted at 4:30am Sunday Mornings

The Following Programs for this quarter include:

Guest: Merlin Carothers

Length: 26

Date: 01/05/13

Issue/s Addressed: Issues in Education: The Power of Praise – Part I

Trust in God

Do you thank God for every situation in your life, even the bad ones? Could you thank God for a child with ADHD or blindness? God has a gift for you that will enable you to go through the worst of times and enrich you to enjoy the best of times. [Merlin Carothers](#), author of [Prison to Praise](#), which isn't about a prison with bars but a prison of circumstances, says praising the Lord in bad circumstances demonstrates trust in Him. *Praise is not a magic formula* to manipulate God but *genuine gratitude* that pleases God and gives you His peace and joy and sometimes-miraculous answers. Praise works wonders!

Guest: Tim Hansel

Length: 26

Date: 01/12/13

Issue/s Addressed: Issues in Education: The Power of Praise – Part II

Unleashing the Power of Joy

Is it possible to have joy after suffering tremendous loss? How can JOY help you overcome fear? What is supernatural JOY and how can you get it? **Tim Hansel**, author of [You Gotta Keep Dancin'- In The Midst of Life's Hurts You Can Choose Joy](#), suffered a tragic fall that broke his back, causing him to be in extreme pain for decades, yet he says *no matter what the circumstances, we can CHOOSE to experience JOY!* Joy is the antidote to pain. **Dale Crawshaw**, author of [Unleashing the Power of Joy](#), gives some excellent suggestions for experiencing joy! In the midst of suffering, an attitude of gratitude gives you joy.

Guest: Gianna Jessin

Length: 26

Date: 01/19/13

Issue/s Addressed: Issues in Education: The Slaughter of the Innocent

Abortion

Our nation grieved over the slaughter of the 20 innocent school children in CT, but why won't they grieve over the 1.2 million babies slaughtered in abortion? **Gianna Jessin**, survived a late term abortion so that she could be a voice from God that we're killing our next generation. **Dr Bernard Nathanson**, author of [The Hand of God](#), who's now in heaven was the infamous abortionist who operated the largest abortion mill in the world, killing over 75,000 babies including his *own son*. He says he lied to the gullible media about making abortion safe by making it legal and thus helped make abortion legal.

Guest: Doug Herman

Length: 26

Date: 01/26/13

Issue/s Addressed: Issues in Education: Purity

AIDS Education

It's a spiritual battle, but the enemy camouflages it as *pleasure*. Young people are dying because of STD's, yet 65% take the chance and lose their virginity by high school graduation. Today, *purity means life* but *promiscuity leads to death*. AIDS is the leading cause of death among young people ages 25 to 44. Pastor and high school assembly speaker, **Doug Herman**, author of [Time For a Pure Revolution](#), lost his young wife and little daughter to an AIDS tainted blood transfusion and is on a crusade to save lives through *purity*. **Bob and Dannah Gresh** are the authors of [Who Moved The Goal Post?](#) and [The Bride Wore White](#).

Guest: Don Landis

Length: 26

Date: 01/02/13

Issue/s Addressed: Issues in Education: The Genius of Ancient Man – Part I

The Religion of Babel

The idea that ancient men were primitive brutes, cave men, is a myth based on evolution that contradicts the Biblical account. Ancient people had extreme intelligence plus lived hundreds of years and thus invented amazing things. **Don Landis**, editor of [The Genius of Ancient Man-Evolution's Nightmare!](#) gives examples such as the thousands of pyramids around the world that used massive 100-ton stones fitted together so precisely you couldn't slide a credit card in the joints. In the religious tower of Babel, man rebelled against God and tried to be God. The religion of Babel is still here today.

Guest: Tim Dooley

Length: 26

Date: 02/09/13

Issue/s Addressed: Issues in Education: The Genius of Ancient Man – Part II

The True Story of Noah's Ark

The widely accepted cave man myth is a lie to fit the evolutionary model but doesn't explain the evidence that ancient man was brilliant. Adam was created perfectly from God's Hand. Guests include: **Don Landis** editor of [The Genius of Ancient Man-Evolution's Nightmare!](#) **Tom Dooley**, author of [The True Story of Noah's Ark](#), says because of man's sin, God brought the Great Flood drowning billions of people but saving Noah and his family. It's better to please God than go along with the whole world. **Dennis Petersen**, author of [Unlocking the Mysteries of Creation](#); **Mike Oard**, [Uncovering the Mysterious Woolly Mammoth](#).

Guest: Jim Wallace

Length: 26

Date: 02/16/13

Issue/s Addressed: Issues in Education: Cold Case Christianity

Investigating the evidence of the Gospels

With the Newtown CT school massacre, schools are considering arming school personnel. Ironically, the liberal left wants more gun control. They can't distinguish between good guys and bad guys with guns. **Jim Wallace**, author of [Cold Case Christianity- A Homicide Detective Investigates the Claims of The Gospels](#), was an atheist until he evaluated the evidence of the eyewitness in the gospels just as if he was investigating a murder using techniques, such as separating witnesses to distinguish the truth from a conspiracy. The eyewitnesses in the gospels are legal proof in a courtroom that convinced him.

Guest: Bill Foster

Length: 26

Date: 02/23/13

Issue/s Addressed: Issues in Education: Meet the Skeptic

A Field Guide to Faith Conversations

What would you say to a skeptic who asks, "What makes your religion any different?" What do you say to the skeptic who says science has disproved the Bible? **Bill Foster**, author of [Meet the Skeptic - A Field Guide to Faith Conversations](#), says before you give an answer ask a question, "How has it disproved the Bible?" or "What are the contradictions in the Bible?" Words like, "in Christ," or "in my heart," or "inspired by God," have different meanings for skeptics. Never qualify a Biblical verse with "for me," which renders the scripture subjective and irrelevant. Why can't a person get to heaven by being good?

Guest: Michael Hingson

Length: 26

Date: 03/02/13

Issue/s Addressed: Issues in Education: A Man & His Dog on 911 – Part I

Thunder Dog

How would you overcome extreme fear and panic and remain calm if you were in the World Trade Center on 911 and you were completely blind? Listen to a total triumph of trust in this horrific catastrophe as a blind man, **Michael Hingson**, describes his miraculous survival in the face of imminent death. Michael Hingson, the national ambassador for the *Braille Literacy Campaign*, is the author of [Thunder Dog](#). Although Roselle, Mike's guide dog, was intensely focused on guiding him to safety, she kissed a firefighter on his way up the stairs, the last kiss of unconditional love and calmed others.

Guest: Michael Hingson

Length: 26

Date: 03/09/13

Issue/s Addressed: Issues in Education: A Man & His Dog on 911 – Part II

Thunder Dog

How can a blind man ride a bicycle, drive a car, fly an airplane and get of the towering inferno on 911? [Michael Hingson](#), author of [Thunder Dog](#), the ambassador for the *Braille Literacy Campaign*, is a cum laude graduate of UC Irvine and has a master's degree in physics. Unemployment among the blind is 70%, even though they are capable, they are rejected because of prejudice against blind people. Michael instructs blind people on how to use new technology that enables them to read a computer and use alternative ways to do things. There are blind architects, engineers, doctors, teachers, scientists and artists.

Guest: Mike Maloof

Length: 26

Date: 03/16/13

Issue/s Addressed: Issues in Education: A Nation Forsaken – Part I

A Nation Forsaken – EMP: The Escalating Threat

What happens when the lights go out in America? [Mike Maloof](#), author of [A Nation Forsaken-EMP: The Escalating Threat of An American Catastrophe](#), spent 30 years with the Defense Department protecting us from terrorism, and now warns that it's not "if" but "when" an EMP will be exploded over this country. It will shut down the power grid and electronic devices. It can be prevented but our government is ignoring it, so we need to prepare ourselves. How can a huge solar flare, an EMP or RF weapons shut down communications and transportations? How long would it last? What can we do? Will people die?

Guest: Martin Mawyer

Length: 26

Date: 03/23/13

Issue/s Addressed: Issues in Education: Twilight in America – Part II

Twilight In America – The Untold Story of Islamic Terrorist Training Camps Inside America

Islamic bias in textbooks claim Allah is God, Jesus was a Palestinian and Muslims discovered America. Why are public schools promoting Islam when Christianity gave us freedom and prosperity? Is there a connection between the Left and Islam? [Martin Mawyer](#) author of [Twilight In America -The Untold Story of Islamic Terrorist Training Camps Inside America](#), describes the camps he has personally seen and how they brutally enforce Sharia Law. The NYPD has infiltrated camps and made videos, but the feds refuse to shut them down. Why are Islamic activists working in the Obama Administration?

Guest: Bruce Marchiano

Length: 26

Date: 03/30/13

Issue/s Addressed: Issues in Education: Jesus Lord of All

The Dance of Hope

This is one of the most inspirational programs we have ever made. [William Frey](#), author of [The Dance of Hope](#), tells how the Resurrection was like a news flash - fascinating news that's exciting and life changing! Death no longer has any power over us. Now there's nothing to fear, only expectations of joy in heaven. Although the disciples had lost all hope, they

emerged fearless men, unafraid of crucifixion. These transformed men changed the world. Professional actor, [Bruce Marchiano](#), dramatically tells how the lifeless body of Jesus, dead three days, came vibrantly back to life through God's power.

Chicago, Illinois Pastor Interview

Steve Miller joins us in the studio to share his background and journey in understanding his need for Jesus Christ. Steve is one of the Bible teachers we feature on Calvary Radio Network through the “Come and See” radio broadcast and is a professor at the Chicago Art Institute. The demographics of Blue Island, as well as what is at the heart of the needs for this local body of believers is shared and discussed as a part of this program. The importance of regular fellowship, as well as the essentials of the Word of God being taught, chapter by chapter, and verse by verse are stressed as being essentials to the health of every believer.
