

Issue and Programs Report
for

WJCO

91.3 FM Montpelier, IN
4th Quarter 2012

Calvary Radio, through talking with pastors, community leaders and people with a strong concern for their community, have determined that the following issues are the current issues of highest concern in the area and this report has been created to show how we have addressed these issues.

1. Education

Calvary Radio believes that a good biblical education is the foundation for spiritual success. Education is important because the more knowledgeable we are in the word of God the better equipped we are to stand firm in the confidence of his truth. We also believe that, in addition to studying God's word, it is important that our children are getting a good education in schools and that our undergraduate and graduate students are being taught unbiased truth in their learning institutions. So we encourage people to stand up for truth and fight for good teachers in educational systems.

2. The Economy, Employment & Personal Finance

Due to the current economic recession, families in northwest Indiana are experiencing a higher difficulty in being able to acquire a mortgage, find employment and afford health care. We at Calvary Radio try to provide programming that encourages our listeners to make wise financial decisions through good financial stewardship during these uncertain times and to put their trust in God knowing that he provides for our needs.

3. Family & Marriage

Calvary Radio provides programming for all types of people from all types of families understanding that no family situation is perfect. We desire to provide programming that addresses all types of issues for struggling families. But our solution to these issues is found in Biblical principles and spiritual wisdom not just in psychologists and self help books. We strongly promote a family first structure of living with a high value put on Biblical marriage.

4. Children & Youth

Seeing as how children are our future, Calvary Radio broadcasts various programs geared specifically to certain age groups in the hopes that kids will be challenged to grow in their spiritual lives and become good citizens as they grow older and mature in their faith and relationships with people. We provide Children's programming on Saturday Mornings and Youth programming on Monday evenings and weekends. Hoping to encourage youth to take their faith seriously and not succumb to peer pressure that may advise them to do otherwise.

5. Spiritual Growth & Practical Christian Living

Spiritual growth is one of Calvary Radio's main goals. We try and encourage spiritual growth in our listeners by broadcasting programming with sound Biblical teachers and challenging messages as well as praise and worship music to keep listeners encouraged and edified throughout their week. We strongly urge our listeners to seek to grow in their faith and not be content with a inactive relationship with God.

6. Religious Freedom, Oppression and Terrorism

The signal of WHLP and its translators covers the Chicagoland area, where terrorism is a bigger threat than elsewhere in the US so we at Calvary Radio are doing our best to educate people on the safety level of our area while reminding our listeners that God is our only source for true safety. And while religious and constitutional freedoms are often an issue in schools and are part of America's constant struggle with taking God out of the schools. Calvary Radio brings programming that addresses the true heart issues of fear and security.

7. Public Health

With health care costs on the rise and insurance prices increasing, families in the area often have to live without insurance and the uncertainty of what will happen to them if health problems occur. So we air programming that deals with ways to acquire health insurance and how to maintain good health if health care is unavailable to you. Centering on the fact that our bodies are God's temple and we should do our best to take care of them but understanding that they're also temporary and God has a more perfect plan for us waiting in Heaven someday.

8. Public Safety

Whether our listeners have to deal with icy roads, blazing fires or windy weather, we want them to be well equipped for anything that could come their way. So we provide programming to deal with some of the safety issues in hopes that it may just save a life one day. That's why its important to us that listeners be aware of safety hazards within their homes, cars and workplaces.

Calvary Radio is committed to truth in radio and, in keeping with that commitment, our programming consists mostly of sound biblical teaching programs with a primary focus on the truth of God's word and its instruction to us.

Along with those teachers we also Broadcast Jay Sekulow Live, a daily radio outreach program of the American Center for Law and Justice. Hosted by ACLJ Chief Counsel Jay Sekulow, this live call-in program focuses on the legal and legislative battles underway across America.

The following programs, however, we receive no financial reimbursement for broadcasting and are strictly for the purpose of inciting community interaction, encouraging education and discussing issues that relate to the city and county of license.

The Following Programs for this quarter include:

Guest: Ed Klein

Length: 26

Date: 10/06/12

Issue/s Addressed: Issues in Education: Distribution is not the solution Part II

Obamacare

This election is not just politics as usual, but this election will determine if our nation goes from Capitalist to Socialist, and it will affect every aspect of your life! Cuts of Charles Krauthammer. Best selling author [Ed Klein](#) researched the Obama White House and exposes what Obama is like behind the mask. He is arrogant and ignores the experts. Obama is more concerned about fundamentally transforming America into a socialist state than your individual freedoms. [Chaplain Austin Miles](#) discusses the ramifications of Obamacare and the coming great revival sent by God and prays for our nation.

Guest: Joel Roseburg

Length: 26

Date: 10/13/12

Issue/s Addressed: Issues in Education: Implosion Part I

National Economic & Spiritual Challenges

The greatest danger to our nation is not terrorism or a tyrannical government but apathy by God's people. [Joel Rosenberg](#), author of [Implosion- Can America Recover From It's Economic & Spiritual Challenges in Time?](#) warned about the terrorist attacks of 9/11 eight months before they happened. Now he warns that, "This nation is headed for a national collapse of catastrophic proportions." Are we living in the last days that Jesus prophesied about? What is the Great Tribulation? When will the Rapture occur? How is the Rapture different from Christ's second coming? What will happen to those who are left behind?

Guest: David Barnhart

Length: 26

Date: 10/20/12

Issue/s Addressed: Issues in Education: Implosion Part II

Same Sex Marriage

What does the Bible say will happen to America in the last days? [Joel Rosenberg](#), author of [Implosion](#), says, "Our nation has faced perilous times in the past, but what we face today is different. It's God's coming judgment." Pastor [David Barnhart](#), author of [Living in the Times of the Signs](#) says, "Same sex marriage is one of the final signs that severe judgment is coming very soon." Our nation is guilty of the most grievous sins even blasphemy against the Holy Spirit. God's patience has limits. Whoever doesn't stand with Israel stands against God. Obama is putting our nation against Israel and therefore against God.

Guest: David Limbaugh

Length: 26

Date: 10/27/12

Issue/s Addressed: Issues in Education: The Great Destroyer

Obama's War on the Republic

The emerging autocracy of the President is the gravest threat to our liberty in our lifetimes. We are just one election away from our Republic being transformed into a socialist state. [David Limbaugh](#), author of [The Great Destroyer- Barack Obama's War on The Republic](#), says Obama has put our nation's future at grave risk by spending us into oblivion and systematically violating the Constitution. Obama is not a social moderate but has extreme views on abortion and homosexual marriage. Will we squander the glorious legacy given to us by God? It's not too late! Americans desperately need to wake up!

Guest: William Owens/Ken Hutcherson

Length: 26

Date: 11/03/12

Issue/s Addressed: Issues in Education: Who Is the Real Obama?

Presidential Leadership in America

Fundamental changes affecting every area of American life have been made by a President most people know nothing about. [Dinesh D'Souza](#), President of the [King's College](#), says, "Obama's impressionable years were shaped by his Kenyan father and an anti-colonial worldview." Obama wants to re-align America in the world. How will Obama's past determine our future? Obama is putting himself above the law (DOMA) in promoting homosexual marriage. Rev. [William Owens](#) says he didn't march in the civil rights movement for a man to marry a man. Pastor [Ken Hutcherson](#) says we need to be biblical not racial.

Guest: Rick Scarborough

Length: 26

Date: 11/10/12

Issue/s Addressed: Issues in Education: The Next 4 Years Part I

"40 Days to Save America"

There's a feeling of hope, not with empty words of socialism, but a return to innovation and success in capitalism. [Rick Scarborough](#), President of [Vision America](#), is leading a crusade called "[40 days to save America](#)." Pastor Rick became *politically* involved when his daughter's school had a graphic AIDS assembly. He got his congregation informed and active, and they replaced the school board and city council. Cuts from VP candidate Paul Ryan's speech give hope to college grads who can't get jobs, and still lives at home. If Churches are silent, evil prevails. There's no neutrality in this election.

Guest: Brenda Elliott

Length: 26

Date: 11/17/12

Issue/s Addressed: Issues in Education: The Next 4 Years Part II

Obama's Plans for the Next 4 Years

Americans have no idea what awaits them if the President is re-elected. This nation will be so transformed it won't be recognizable. [Brenda Elliott](#), author of [Fool Me Twice- Obama's Shocking Plans for the Next 4 Years Exposed](#), researched thousands of policy papers and legislative proposals by the same Marxists that crafted Obama's first term, to discover the blueprint for his second term; to disarm and transform our military, to combat "climate change", silence talk radio, initiate government works programs and mandating businesses give employees 3 months paid leave in the *Family Leave Act*.

Guest: Bishop Jackson

Length: 26

Date: 11/24/12

Issue/s Addressed: Issues in Education: A Courageous Christian Leader Part I

The African American Education Initiative

[Bishop Jackson](#), a former Marine, US Senate candidate and Harvard Law graduate, says Obama's executive order, *The African-American Education Initiative*, to stop disciplinary action against black students, is using race to manipulate black voters. Jackson says the Democrat Party's devotion to abortion and same-sex marriage is like spitting in the face of Biblical Christians. This election is America's last chance to determine if our nation goes Socialist or gives freedom another chance. [Bishop Jackson](#), a descendant of slaves, says blacks need to embrace the unlimited opportunities this nation offers.

Guest: Bishop Jackson

Length: 26

Date: 12/05/12

Issue/s Addressed: Issues in Education: A Courageous Christian Leader Part II

Marxism in America

Most Americans don't recognize Marxism and how Marxists transform a nation from free to communist. Where do American socialists come from? We are training them in our universities. We have a President who has waged war on capitalism, the Constitution and Christianity. [Bishop Jackson](#) is calling Christians to unite and take back the government we inherited so we will have something to give to the next generation. Cuts of Biden (chains quote), Obama ("You didn't build it."), Romney and Bible teacher Chuck Misler, who says Islam is our enemy, and we have a Muslim in the White House.

Guest: Wayne Root

Length: 26

Date: 12/12/12

Issue/s Addressed: Issues in Education: Socialist Schools Part I

Capitalism Revolution in America

Marxism is a proven failure, so why is it being promoted in our universities? Professors indoctrinate impressionable students into a Marxist mind set, and they become the leaders in media, government and education. [Wayne Root](#), President Obama's classmate at Columbia, says, "**Communist** professors taught students to *curse capitalism*, demonize "greedy" business owners and redistribute their wealth. There is a silent *revolution* taking place and most Americans **don't recognize it**. As Root says, "**It's the perfect Marxists scheme**, all devised by my college classmate Obama using our professors plan."

Guest: Wayne Root

Length: 26

Date: 12/19/12

Issue/s Addressed: Issues in Education: Socialist Schools Part II

Socialism & Marxism in America

[Wayne Root](#), Obama's classmate at Columbia says, "Under Obamacare 85% of doctors will quit and many hospitals will go bankrupt. Millions of new recipients will create *rationed care*. Obama is working a brilliant plan to turn this nation into a **Socialist/Marxist state** with a permanent **majority that desperately need government for survival**. Chaplain [Austin Miles](#) wrote an article, "[Dems Welcome Muslims, Prohibit Christian Hospitality](#)," and says, "A majority of Democrats booed God and the Boy Scouts at their convention. Obama's 900+ executive orders demonstrate dictatorial power."

Guest: Ed Reeves

Length: 26

Date: 12/26/12

Issue/s Addressed: Issues in Education: Sacrifices of our Veterans

Heroes Who Defend our Freedoms

How can we raise heroes to defend our freedoms, if young people don't know the price others paid to win them in the past? This inspirational program features a captivating account given by Korean veteran [Ed Reeves](#). Ed fought for his life in minus 30 to 40 degree temperatures, so cold that the bullet holes in his body froze shut and kept him from bleeding to death. Even after almost all the others were killed, [Ed Reeves](#) clung to his faith and small Gideon Bible, and fought on despite his life-threatening wounds and no ammunition. This miraculous account is spell binding. It's as if you are there.

Guest: Maren Angelotti

Length: 21:30

Date: 10/06/12, 10/07/12

Issue/s Addressed: Children & Youth – Of Different Minds Part I

Caring for and understanding the ADD/ADHD Child

Maren Angelotti, Liscensed Dyslexia Therapist and ADD coach joins to discuss the prevalence of misunderstanding and misdiagnosis of ADD/ADHD children by parents and the medical community. Statistics indicate that of a classroom of 30 students, between 1 & 3 are diagnosed with ADD/ADHD, with boys being diagnosed 3 times more often than girls.

Additional findings conclude that children with ADD/ADHD are being reported as having a 30% slower emotional development than non-ADD/ADHD kids, 45% being suspended from school at least once due to behavioral problems.

Mrs. Angelotti addresses such questions as how she first discovered that in addition to her educational and professional experiences, was the mother of 4 ADD children herself, the signs to look for, and the pitfalls of finding a solution to their children's behavioral and educational challenges. She dispels some of the myths about parenting an ADD/ADHD child, including that many of the ways these kids are behaving is due to a lack of respect or obedience to their parents, but that there are real neurological differences in these children, where compassionate understanding and patience is required.
