DECLARATION OF RICHARD S. DENNING

I, Richard S. Denning, hereby declare as follows:

I am Executive Vice President and General Counsel of Radio License Holding CBC, LLC, licensee of radio station KFOG(AM), Little Rock, Arkansas (Facility ID 24150), which is part of a station employment unit based in Little Rock, Arkansas, that includes stations KAA Y(AM), Little Rock, Arkansas (Facility ID 33253), KARN(AM), Little Rock, Arkansas (Facility ID 60703), KIPR(FM), Pine Bluff, Arkansas (Facility ID 13925), KLAL(FM), Wrightsville, Arkansas (Facility ID 47880), KURB(FM), Little Rock, Arkansas (Facility ID 19559), and KARN-FM, Sheridan, Arkansas (Facility ID 24151) (collectively, the "SEU"). The stations in this SEU are commonly owned through indirect subsidiaries ultimately owned and controlled by Cumulus Media Inc. (collectively, "Cumulus").¹ This Declaration and the attachments provided hereto are being submitted in response to a letter dated October 30, 2023 (the "Audit Letter") from Elizabeth E. Goldin, Assistant Chief, Investigations & Hearings Division, Enforcement Bureau, Federal Communications Commission ("FCC"), concerning a random audit of the SEU's compliance with the FCC's equal employment opportunity ("EEO") rule, 47 C.F.R. § 73.2080.

In response to Question 2(b) of the Audit Letter, the SEU employs five (5) or more full-time employees as the term is defined in Section 73.2080(e)(1) of the FCC's rules.

In response to Question 2(b)(i) of the Audit Letter, copies of the SEU's two most recent EEO public file reports, as described in 47 C.F.R. § 73.2080(c)(6), are included as Attachment A.

In response to Question 2(b)(ii) of the Audit Letter, the website of each station in the SEU is as follows: KFOG(AM) and KIPR(FM) share www.power923.com; KAA Y(AM), www.1090kaay.com; KARN(AM), www.sportsanimal920.com; KLAL(FM), www.alice1077.com; KURB(FM), www.b98.com; and KARN-FM, www.newsradio1029.com. A copy of the current EEO public file report is on or linked to each of the above websites.

In response to 2(b)(iii) of the Audit Letter, documentation concerning the recruitment sources used to fill each full-time position during the period covered by the above EEO public file reports is included in Attachment B, and, pursuant to the Audit Letter, this response provides one such notice for each position filled. The SEU's standard practice is to retain copies of job vacancy announcements that are sent to all recruitment sources, as required by Section 73.2080(c)(5)(iii). Further, no recruitment sources have notified the SEU that they want to be informed about the SEU's job openings, as described in §73.2080(c)(1)(ii), which is reflected in Section II of each EEO public file report.

In response to 2(b)(iv) of the Audit Letter, the Vacancy Data Forms included in Attachment B contain data regarding (a) the total number of interviewees for each full-time

¹ Cumulus provides services to The Last Bastion Station Trust, LLC's, Stations KOKY(FM), Sherwood, Arkansas, and KPZK-FM, Cabot, Arkansas, pursuant to a Facilities and Services Agreement. These Stations have its own employees which are under the control of The Last Bastion Station Trust, LLC.

vacancy, and (b) the referral source for each interviewee for each full-time vacancy filled during the period covered by the EEO public file reports.

In response to 2(b)(v) of the Audit Letter, documentation of the SEU's performance of the recruitment initiatives as described in §73.2080(c)(2) during the relevant time period is included in Attachment C. SEU personnel involved in the recruitment initiatives are identified in Attachment C as well. The SEU employs a total of twenty-eight (28) full-time employees. The stations are located in a market with a population of more than 250,000. Accordingly, the SEU is required to perform at least four (4) recruitment initiatives during a two-year period.

In response to 2(b)(vi) of the Audit Letter, Cumulus affirms that it is not aware of any pending or resolved discrimination complaints filed against this SEU during the time period covered by this response.

In response to 2(b)(vii) of the Audit Letter, Cumulus has established and implemented a company wide EEO compliance plan. At the corporate level, Cumulus recognizes the importance of EEO compliance and has communicated the importance of complying with the FCC's broad outreach and recordkeeping requirements to employees at all levels within the company, including its national, regional, and local personnel. Cumulus previously engaged its outside communications counsel to conduct comprehensive FCC EEO training sessions, which were mandatory for all market and business managers. Those training sessions were followed by the distribution of written compliance materials to key personnel in each station employment unit who have recruitment and hiring responsibility. These materials continue to be an excellent resource. The SEU's compliance efforts also include identifying Cumulus' efforts to afford equal employment opportunities to employees through statements disseminated in job applications and vacancy announcements posted in conspicuous areas within the workplace.

Cumulus relies on outside communications counsel to address questions and concerns related to FCC EEO compliance as they arise and to review annual EEO public file reports for many of its station employment units. As General Counsel to Cumulus, I conduct comprehensive FCC EEO training sessions and confer with outside counsel to ensure that these presentations, which are mandatory for all Market Managers, Regional Vice Presidents, and HR Business Partners, are up to date.

Since the focus of this Response covers reporting periods from February 1, 2021, through January 31, 2023, this description explains practices at the local level which changed during the second reporting period. The SEU's Market Manager ("MM") and Business Manager ("BM") had primary responsibility for implementing and overseeing the EEO program and were knowledgeable about the company's EEO policies and hiring practices. The MM and BM worked together to ensure that compliance efforts were observed. They, in turn, interacted with managers in the Market that had hiring authority as well as the corporate Human Resources department to ensure that appropriate procedures were followed. The BM maintained the SEU's Master Recruitment Source List ("MRSL"), which included a variety of recruitment sources including the Cumulus careers website, and made sure that notifications about job openings were posted and distributed appropriately. When a decision was made to hire a new employee in the Market, the BM obtained the necessary information from the hiring manager to post the job

vacancy announcement(s). Job vacancies were always posted on the Cumulus careers website, which automatically routed these announcements to a specific group of recruitment sources. The description of each job vacancy and the required qualifications determined whether or not other recruitment sources were notified. Once a position was posted on the Cumulus careers recruitment site, the System sent an approval notice to the President of Cumulus Operations for final authorization of management position postings and to the MM for final authorization of all other position postings. Once a posting was finalized, the System notified the hiring manager as applicants applied, and it was the responsibility of the hiring manager to track interviewees and associated recruitment sources. Once a hiring decision was made, the hiring manager returned the interviewee information to the BM.

As mentioned previously, in 2021 Cumulus began to implement a major plan to reorganize at the corporate level that would eventually affect the EEO program of all its Markets. Over time many of the FCC EEO functions previously handled by the company's BMs were turned over to its Human Resources department. The Department's Director of Centralized HR Operations & Talent Acquisition assembled a group of HR specialists referred to as HR Business Partners ("HRBP") to assist with outreach efforts. The HRBPs are assigned to specific markets and help with vacancy-specific and general outreach, working closely with the MM and hiring managers. They also assist with the preparation of annual EEO public file reports and confirm that these reports are uploaded into the stations' online public inspection files and posted on station websites in a timely manner.

Although the SEU's 2023 EEO Public File Report ("Report") was posted on station websites as well as uploaded into the online public inspection files ("OPIF") of six of its seven stations in a timely fashion, the SEU inadvertently overlooked the uploading of this Report into the KURB(FM) OPIF in a timely manner. It is important to note that the FCC's OPIF site was malfunctioning, so much so that on January 27, 2023, the FCC released a Public Notice extending the deadlines for uploading certain documents which included annual EEO public file reports due February 1, 2023. A number of times during the end of January 2023 Cumulus employees attempted to upload the Little Rock 2023 EEO Public File Report into the KURB OPIF without success. Once the System was finally working properly again, the 2023 EEO Report was timely uploaded into the online files of six of the seven Little Rock stations. Regrettably, the KURB file was accidentally overlooked. This has been remedied and steps have been taken to prevent this from happening again.

Keeping its general outreach obligations in mind, this SEU was able to exceed the required number of supplemental recruitment initiative points over the two-year period even though events it would have typically hosted or participated in were curtailed due to the COVID-19 pandemic. Since in-person events were not safe, Cumulus offered a variety of virtual training sessions to management and/or staff. One such session focused on compliance with FCC EEO rules, while other sessions concentrated on creating a diverse, inclusive, and healthy workplace environment.

In response to 2(b)(viii) of the Audit Letter, the SEU understands that it must periodically analyze the effectiveness of its EEO recruitment program by reviewing the productivity of the recruitment sources listed therein in terms of both the quantity and quality of the interviewees that are being generated from those recruitment sources, as well as the results that are being generated from its recruitment initiatives. Accordingly, the SEU typically examines its EEO program on an annual basis and shares ideas about improving its vacancy-specific recruitment efforts as well as its general outreach to better inform the Little Rock community about career opportunities in broadcasting. It should be noted that if any EEO issues arise that warrant special attention, the SEU convenes separate meetings with appropriate personnel to discuss these issues. Since April 2021 when the HR department assumed more responsibility in this process, it coordinated with an arm of CareerBuilder, Broadbean Technology, to incorporate numerous diversity sites and additional local sources into its MRSL, which are automatically contacted when a full-time position is available. This is demonstrated in the outreach conducted for positions that were posted during the 2022 and 2023 reporting periods.

In response to 2(b)(ix) of the Audit Letter, the SEU makes a concerted effort to comply with all federal, state and/or local laws regarding pay, benefits, seniority practices, promotions, and selection techniques and tests to ensure that the SEU is providing equal employment opportunity and is not discriminating against employees or job applicants. Accordingly, the SEU's MM and department managers, together with Cumulus's corporate Human Resources Department, review the compensation, benefits, promotions, and other employment practices of the SEU to ensure that they are fair and are based solely on an employee's experience and performance record. Further, in hiring a new employee, all responsible parties consider an applicant's experience to determine whether they are qualified for the position and analyze the candidate's past performance to determine their likelihood for success. The SEU's employment practices are the ultimate responsibility of its MM, Keith Liesmann, who works in conjunction with in-house counsel at Cumulus headquarters and, when applicable, outside employment and labor counsel.

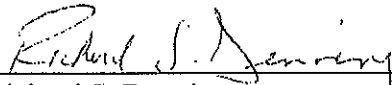

In response to 2(b)(x) of the Audit Letter, Radio License Holding CBC, LLC, is not a religious broadcaster.

All hiring managers—Market, Operations, Local Sales, Digital Sales, and Business Managers—as well as all staff members were required to complete a course prepared by Mineral entitled, "Harassment Prevention." The course presented best practices for updating policies and procedures, reporting incidents, and following up on complaints. In order to obtain a certificate of participation, managers were required to take a quiz following their completion of the tutorial.
6	Management-level training regarding Diversity, Equity, and Inclusion	During the month of December 2021, this SEU participated in Diversity, Equity, and Inclusion training. All hiring managers—Market Manager, Operations Manager, Business Manager, Local Sales Manager, Digital Sales Manager, and Promotions Manager—as well as all staff members were required to complete courses online using ThinkZoom. 1	Management-Level training concerning methods of ensuring equal employment opportunity and preventing discrimination	On July 12, 2021, our SEU's Market Manager took part in a presentation by Brooks Scott entitled, <i>Conversations of Race & Allyship in the Workplace</i> . During his presentation he emphasized the importance of learning better ways to communicate to create a healthier workplace environment. He discussed managing unconscious biases, team building around values, learning specific skills and tactics to navigate sensitive conversation, understanding how to give useful feedback, and encouraged attendees to hire, promote and acknowledge people who don't look, think, act, and problem solve like them.
2	Management-Level training concerning methods of ensuring equal employment opportunity and preventing discrimination	On August 11, 2021, our SEU's Market Manager participated in a presentation conducted by Merging Path Coaching entitled, <i>Managing Unconscious Bias</i> . This session focused on managing teams without a bias.

4	Training Program to enable station personnel to acquire skills to qualify them for higher positions	Our SEU's Engineering Assistant, who joined us with no engineering experience, not only received extensive IT training but was also mentored by a number of senior engineers within the Company. His training continued under the tutelage of the Company's Regional Engineer, which led to his promotion to the SEU's Engineer in September 2021 as well as a significant pay increase. Our SEU is proud of his progress and pleased to have him.
5	Management-level training regarding methods of ensuring equal employment opportunity and prevention of discrimination and harassment	During the month of December 2021, our SEU participated in harassment prevention training. All hiring managers—Market, Operations, Local Sales, Digital Sales, and Business Managers—as well as all staff members were required to complete a course prepared by Mineral entitled, "Harassment Prevention." The course presented best practices for updating policies and procedures, reporting incidents, and following up on complaints. In order to obtain a certificate of participation, managers were required to take a quiz following their completion of the tutorial.
6	Management-level training regarding Diversity, Equity, and Inclusion	During the month of December 2021, this SEU participated in Diversity, Equity, and Inclusion training. All hiring managers—Market Manager, Operations Manager, Business Manager, Local Sales Manager, Digital Sales Manager, and Promotions Manager—as well as all staff members were required to complete courses online using ThinkZoom. Participants viewed five segments entitled "Working Well With Everyone," which addressed the meaning of diversity, the diversity continuum, the mistake of stereotyping, the power of inclusion, and diversity = greatness.

Market Managers and RVPs,

As Mary mentioned on the last Market Manager call, education is critical in our mission to becoming a more diverse, equitable and inclusive company. We're excited to roll out phase one of our DEI training which is specifically for leadership in our company.

We are requiring that all Market Managers/RVPs attend two different sessions. The first session is titled Race and Allyship in the Workplace and the second is Managing Unconscious Bias. Brief descriptions for the sessions are below.

The sessions:

Race & Allyship in the Workplace is an in-depth discussion about the current cultural climate surrounding race and what it means to ally. Managing Unconscious Bias is a fast-paced and interactive exploration of our unconscious biases, their impact on our work, and tactics for addressing them. Your facilitator, Brooks E. Scott, the owner and founder of Merging Path Coaching, is a professionally certified Executive Coach and Interpersonal Communications expert that specializes in management and leadership training, all with a focused lens of diversity and inclusion. He delivers conversational style workshops that are designed to provide an open safe space to explore identity themes and topics.

Thank you SO much for joining us! The students love having a guest speaker, and it was especially fun that you had a connection to one of their peers (I think they were the most jealous about Emma meeting Taylor Swift)!

Thank you also for being so well prepared with outside resources. It makes a huge difference! Thank you for investing time and effort on sharing and connecting with our students.

Moriah Sitz

P.S. I will greatly miss Emma when she finishes up classes in a few weeks! She is a joy to be around.

Mr. Cain,

My name is Moriah Sitz, and I am Emma's Communications teacher. We are working through a unit on radio in connection with mass communications. Emma let me know that you work in radio. I have been trying to find a radio-expert guest speaker in the next few weeks, and she suggested I ask you!

I would love to have you join our class virtually (Zoom) for an interview-style discussion about the impact of radio and information about a career in that field.

Our class meets Monday, Wednesday, and Friday from 9:20-10:10 and Tuesday and Thursday from 10:25-11:05. Please let me know if you're interested!

Thanks!

Moriah Sitz
