They presented the following: corn syrup causes hyperactivity and the desire to eat more. Sugar is detrimental to our health, it causes anxiety. Rats that were tested became anxious after ingesting sugar. Persons on an average consume 170 lbs. of sugar a year. There are approximately 10-12 teaspoons of sugar in drinks. They also explained that lack of sleep and malnutrition cause nervous system and emotional problems. Anytime there is an addiction, a spiritual fast is in order. In order to be healthy and healed a person needs to eat more fruits and vegetables and less sugar and fat.

**Unidos en el Amor de Cristo**

**7-21-14**

**Weekdays: Monday-Friday**

**11:30 am to 12:30 pm**

**Codependency**

**11:30 pm to 12:30 am**

Host Pastor Roberto Figueroa presented codependency. He stated that it is a disease, it manipulates, and it is addictive to people and is a toxic addiction that will harm. The stronger person always wants to manipulate the fragile, weak person. It is a result of problems and insecurities as a child. It is a state where the person depends on others to operate and believe they are incapable of confronting life without the other person. They usually feel inferior, unsatisfied and afraid to be abandoned and have difficulty maintaining intimate relationships. They will always cause hurt and always depend on others to feel better. The characteristics of codependency are: negative self esteem, suffered and likes to suffer. This person was not satisfied as a child and when they became an adult are looking to have their need met.

Codependent people always wait to receive and do not know how to give. They not only harm their spouse but will also harm their children. They also need addictions to feel better and become codependent on tv, internet, cell phone and credit cards which makes them feel important in the society. For example, if a husband says you do not know how to cook, the wife should answer I am not your mother so that she will not let her husband control and manipulate her.

**Unidos en el Amor de Cristo**

**7-28-14**

**Weekdays: Monday-Friday**

**11:30 am to 12:30 pm**

**Toxic Emotions**

**11:30 pm to 12:30 am**

Host Pastor Roberto Figueroa and Dra. Lourdes Lujan discussed toxic emotions. Pastor Figueroa said that rage can stem from childhood with bully's trying to control another person. We get mad when we don't receive what we expect and this results in domestic violence. When you have cardio problems, make sure you stay calm because rage can affect the brain and heart. Blood pressure becomes high heart pulse. Extreme aggression has to do with things that have been accumulating through out the years. The victim wonders what he did wrong but it has nothing to do with him. For example, a child observes a fight with his dad over his mother's burned rice. Then he gets married and his wife burns the rice and it stimulates the child to follow the same pattern. Many moms are subjected to violence. The aggressor will be the person that dominates and controls. The root is lack of forgiveness, lack of understanding and jealousy.

Parents are to instruct their children when they are young and when they are old, they will not depart from it. Parents are to equip their children inside and outside the home. Parents design the mind of their children. Children have not been placed to judge their parents. Parents should exercise wisdom and as long as a child is in their home, the parent has the authority whether the child is 12 years or 25 years.

**Bitterness and Unforgiveness**

**9-8-14**  
**11:30 am-12:30 pm**  
**11:30 pm-12:30 am**

Pastor Sara Garcia stated that bitterness is a resentment in the soul and affects our lives, changes our mind and how we live. Bitterness produces many diseases, problems with bones, organs, they will tell you that you are disappointed with other people. You are trying to get revenge without knowing it. Begin to forgive so your injuries can heal. Many people don't even know they are bitter. Most important thing is to forgive people that hurt you.
