Re: Must Carry Election 1/1/12 – 12/31/14

WLJC Channel 65 has chosen to be handled under the Must Carry provisions of the Federal Communications Commission rules and policies in lieu of any retransmission consent agreements when addressing any and all cable systems in the WLJC, (Lexington) DMA. Most cable systems were notified of our election and those that were not are to handle WLJC as a Must Carry station as directed by the Federal Communications Commission.

WLJC, however has signed a Retransmission Consent agreement with EchoStar (Dish Network) and DirecTV to be carried on their local into local Lexington, Kentucky DMA package.

A handwritten signature in cursive script, appearing to read "Jonathan Drake", is written over a horizontal line.

Jonathan Drake, General Manager  
WLJC-TV Channel 65
