1. Educational supplies & support; back to school health & safety; special needs students; school hours
  2. Youth; programs; services; concussions
  3. Suicide; mental illness; relationships; disabled
  4. Substance abuse and treatment
  5. Health care; services; disabilities; germs; weight loss; nutrition
  6. Support for and availability of the Arts
  7. Highway safety
- 

**Section I  
LOCAL PROGRAMMING**

Section I lists regularly-scheduled and special programs that represent the station's issue-responsive programming providing the most significant treatment of the issues listed above for the calendar quarter.

**WOLL broadcasts Perspectives on Sundays at 7:30am**

ISSUE	PROGRAM / TITLE	DESCRIPTION	GUEST	DATE/ TIME	DURA- TION
-------	--------------------	-------------	-------	---------------	---------------

<p>PB Shakespeare Festival/ Swede Fest</p>	<p>Perspectives</p>	<p>My co-host Marissa and I, interviewed Elizabeth Dashiell from Palm Beach Shakespeare Festival and Swede Fest Palm Beach 3. Shakespeare is held in Carlin Park at the Seabreeze Amphitheatre. It's free and this year they'll be performing "Much Ado About Nothing". Listeners can get VIP seating by submitting Shakespeare Selfies to SF Weekly on FB. They can also submit 3 minute films to Swede Fest PB 3 for Free. Swedefest Palm Beach3 on FB for details.</p>	<p>Elizabeth Dashiell, PB Shakespeare Festival and Swede Fest Palm Beach 3 <a href="http://www.pbshakespearefest.org">www.pbshakespearefest.org</a></p>	<p>7/6/2014</p>	<p>30 min</p>
<p>Summer programs for children</p>	<p>Perspectives</p>	<p>My Co-hosts, Carina Kazandjian, Erin Taylor Neuman and myself talked with Kate Arizza, CCO South Florida Science Center and Aquarium. They used to be the SF Science Museum. They've expanded and have lots of programs including weekly summer camps. They are starting a new program called GEMS, Girls Excelling in Math and Science. The free club will meet the last Tuesday of every month and is for girls from 3rd to 8th grade. For more info listeners can go to <a href="http://www.sfsciencecenter.org">www.sfsciencecenter.org</a></p>	<p>Kate Arizza, CEO SF Science Center &amp; Aquarium <a href="http://www.s fsm.org">www.s fsm.org</a></p>	<p>7/13/2014</p>	<p>30 min</p>

<p>Community Health Fair TLeroy Jefferson</p>	<p>Perspectives</p>	<p>My intern, Isabella Diaz and I spoke with Dudley Brown, Jr., M.D., M.B.A. from the T Leroy Jefferson Medical Society. He's the Co-chair for this year's Free Health Fair. It will be held on Saturday, August 2nd from 9a-2p at FoundCare at 2330 South Congress Ave, WPB. They'll have Free back to school immunizations, physicals, vision and dental checkups plus more. Listeners can find out more at <a href="http://www.tljmedicalsociety.org">www.tljmedicalsociety.org</a></p>	<p>Dudley Brown, Jr. MD, MBA TLeroyJefferson medical society <a href="http://www.tljmedicalsociety.org">www.tljmedicalsociety.org</a></p>	<p>7/27/2014</p>	<p>30 min</p>
<p>Resource Depot Recycling for education</p>	<p>Perspectives</p>	<p>My intern Colleen Hall and I spoke with Mike Bay and Erika Chapman from Resource Depot. They are a local charity that revives, repurposes and redistributes donated items, giving a whole new context to "recycling". It's a great resource for teachers, outreach coordinators, and families to get materials for their classrooms/art projects/education outreach programs, etc. Info got to <a href="http://resourcedepot.net">resourcedepot.net</a></p>	<p>Mike Bay &amp; Erika Chapman, Resource Depot <a href="http://Resourcedepot.net">Resourcedepot.net</a></p>	<p>8/3/2014</p>	<p>30 min</p>
<p>Back to School Safety</p>	<p>Perspectives</p>	<p>My intern, Carina and I talked with Dr. Jessica Prince. She's the Medical Director for the Pediatric Emergency Department for Palm Beach Children's Hospital at St. Mary's Medical Center. We discussed a variety of topics ranging from Backpack safety, concussion awareness, healthy breakfasts and lunches to how many hours of sleep the kids need. To find out more or to volunteer at the hospital, go to <a href="http://www.stmarysmc.com">www.stmarysmc.com</a></p>	<p>Dr. Jessica Prince, Dir PB Children's Hospital &amp; St. Mary's Medical Ctr <a href="http://Stmarysmc.com">Stmarysmc.com</a></p>	<p>8/10/2014</p>	<p>30 min</p>

<p>Little Smiles Bamboozle</p>	<p>Perspectives</p>	<p>Talked with Josh Daniels, Exec. Dir. Little Smiles and Tim Frater, Little Smiles, Share the Stoke and Surfrider. Tim talked about all 3 charities and what needs they meet in the community. They all have great volunteer opportunities for students and adults who want to give back. Josh talked about Little Smiles and the positive impact it has on kids. They are doing a great event called Bamboozle on August 23rd. For info listeners can sign up at <a href="http://littlesmiles.org">littlesmiles.org</a> They can also sign up to volunteer at any of the websites: <a href="http://littlesmiles.org">littlesmiles.org</a>; <a href="http://sharethestoke.org">sharethestoke.org</a> and <a href="http://surfrider.org">surfrider.org</a>.</p>	<p>Josh Daniels, Exec Dir Little Smiles and Tim Frater, Little Smiles Bamboozle Coor., surfrider, sharethestoke  Littlesmiles.org</p>	<p>8/17/2014</p>	<p>30 min</p>
<p>Employment for disabled</p>	<p>Perspectives</p>	<p>Talked with Brian Edwards, VP, Marketing &amp; Development and Deb Willard, Director of Marketing for Gulfstream Goodwill Industries. They offer a lot of programs to help people with disabilities find employment. Some of the money comes from their thrift stores and some from their events. They are doing a fun event at Roger Dean Stadium with the Abacoa Yard Sale event on Saturday 8/30 and then will be doing their 2nd Annual Storage War fundraiser in November. Listeners can get all the info online at <a href="http://gulfstreamgoodwill.org">gulfstreamgoodwill.org</a>.</p>	<p>Brian Edwards, VP Marketing &amp; Development and Deb Willard, Dir of Marketing, Goodwill Industries Gulfstreamgoodwill.org</p>	<p>8/24/2014</p>	<p>30 min</p>
<p>Kravis Center</p>	<p>Perspectives</p>	<p>Talked w Linda Birdsey and Ashley Douglass from the Kravis Center. They have a great new season lined up and listeners can see it online at <a href="http://www.kravis.org">www.kravis.org</a>. Public sale day is in September. As part of their mission, they offer a lot of education programs for both children and adults. They are also online.</p>	<p>Linda Birdsey Ashley Douglass, Kravis Center  <a href="http://www.kravis.org">www.kravis.org</a></p>	<p>8/31/2014</p>	<p>30 min</p>

<p>211 &amp; V.A. Suicide Prevention Awareness</p>	<p>Perspectives</p>	<p>Talked to Dr. Martha Runge, Suicide Prevention Coordinator, West Palm Beach VA and Patrice Schroeder, Community Relations PIO, 211 Palm Beach/Treasure Coast. September is Suicide Prevention awareness month. We talked about some of the symptoms people should look for in themselves, friends and loved ones. The VA has a unit dedicated to suicide prevention. They offer a wide variety of treatment options for returning vets and olders vets. 211 call centers are located across the US and offer info about services in their regions plus they act as a crisis line as well. If anyone is concerned about themselves or a loved one, they can call 211 and get info/help. Both the VA and 211 have online chat services as well as text. For the VA web is <a href="http://www.westpalmbeach.va.gov">www.westpalmbeach.va.gov</a> and for 211 it's <a href="http://211pbtc.org">211pbtc.org</a></p>	<p>Dr. Martha Runge, Suicide Prevention Coord. WPB VA and Patrice Schroeder, Community Relations, 211</p> <p><a href="http://www.westpalmbeachva.gov">www.westpalmbeachva.gov</a>  <a href="http://211pbtc.org">211pbtc.org</a></p>	<p>9/7/2014</p>	<p>30 min</p>
<p>Children's concussions</p>	<p>Perspectives</p>	<p>Talked with Dr. Brito, Medical Director at The Concussion Center at Palm Beach Children's Hospital at St. Mary's Medical Center. The center treats kids 0-21 for traumatic brain injuries (it's a spectrum with concussion being at the lower end). He explained what a concussion is and the history of concussions/injuries in NFL. He then explained the concussion law and we discussed kids playing various sports and how the law impacts that. For more info listeners can call 561-469-HURT (4878).</p>	<p>Dr. Manny Brito, Medical Dir @ The Concussion Center @ PB Children's Hospital at St. Mary's Medical Center.  561-469-4878</p>	<p>9/14/2014</p>	<p>30 min</p>

Children's concussions	Perspectives	Talked with Dr. Brito, Medical Director at The Concussion Center at Palm Beach Children's Hospital at St. Mary's Medical Center. The center treats kids 0-21 for traumatic brain injuries (it's a spectrum with concussion being at the lower end). He explained what a concussion is and the history of concussions/injuries in NFL. He then explained the concussion law and we discussed kids playing various sports and how the law impacts that. For more info listeners can call 561-469-HURT (4878).	Dr. Manny Brito, Medical Dir @ The Concussion Center @ PB Children's Hospital at St. Mary's Medical Center. 561-469-4878	9/21/2014	30 min
Substance abuse	Perspectives	Talked with Adrienne Weissman, President, Evelyn & Arthur and Elizabeth Dashiell, PalmBeach PR about Gratitude House. They offer comprehensive long-term residential, day treatment and outpatient services to women with substance abuse and co-occurring mental health issues, including programs for pregnant women, mothers and infants in treatment together, and women with HIV/Aids. Evelyn and Arthur are hosting a Gratitude House Runway to Recovery "Lift Off" fashion show September 30th at their Palm Beach location from 4p-6p and then the Gratitude Fashion Show will be held on November 22th at WPB Marriot. For more info listeners can go to <a href="http://www.gratitudehouse.org">www.gratitudehouse.org</a>	Adrienne Weissman, President, Evelyn & Arthur and Elizabeth Dashiell, PB PR for Gratitude House  Gratitudehouse.org	9/28/2014	30 min

**Section II  
NETWORK (and/or SYNDICATED) PROGRAMMING**

Section II lists the network-provided (and/or syndicated) programming that the station broadcast during the preceding calendar quarter that addresses community issues.

**WOLL broadcasts Radio Health Journal on Sundays at 7:00am**

Radio Health Journal ®

Quarterly Issues Report - Q3 Third Quarter, July 6-September 28, 2014  
Radio Health Journal Programs 14-27 through 14-39

Program # 14-27                      Air week: 7-6-14

SEGMENT 1: Cued speech for deaf children                      11:36

Synopsis: The average deaf high school graduate reads at about a 4th grade level. Some schools are teaching a technique called cued speech to make phonics accessible to deaf people. Many educators say this helps with literacy. Experts explain and discuss.

Host: Reed Pence. Guests: Sarina Roffe, Executive Director, National Cued Speech Assn.; Angela Kuhn, Principal, Prek-K-8th Grade, Illinois School for the Deaf

COMPLIANCY ISSUES COVERED: education; youth at risk; school truancy; parenting issues; mental health issues

SEGMENT 2: Locked-In Syndrome                      08:13

Synopsis: Some people who have a stroke in the brain stem suffer from a condition where they are fully conscious and aware, yet appear to be in a coma because they cannot move a muscle, except for sometimes the eyes. They may remain in this "locked-in" state for years.

Host: Nancy Benson. Guests: Allison O'Reilly, Locked-In Syndrome survivor and author, Out Of the Darkness; Dr. Ralph Sacco, Chairman of Neurology, Univ. of Miami Miller School of Medicine and former President, American Heart Assn.

COMPLIANCY ISSUES COVERED: health care; disabilities

Program #14-28                      Air week: 7-13-14

SEGMENT 1: Antibacterial Silver Nanoparticles                      11:36

Synopsis: Silver nanoparticles provide germ resistant characteristics to anything containing them, so silver nano is being added to all kinds of consumer products, from teddy bears to computer hard drives. However, scientists aren't sure what the effects of silver nano is in the environment or on the human body.

Host: Reed Pence. Guests: Dr. Samuel Luoma, Research Ecologist, John Muir Institute of the Environment, Rosalind Volpe, Exec. Director,

Silver Nanotechnology Working Group; Marina Quadros, Research Scientist, Virginia Tech Univ.

COMPLIANCY ISSUES COVERED: technology; consumerism; business and industry; economy; health care; environment; consumer safety; federal government and regulation

SEGMENT 2: Back pain 7:07

Synopsis: Back pain hits 80 percent of Americans at some point in their lives. An expert discusses why it can be so hard to diagnose and treat.

Host: Nancy Benson. Guest: Dr. Steven Stanos, Director, Center for Pain Management, Rehabilitation Institute of Chicago

COMPLIANCY ISSUES COVERED: health care; public health; rehabilitation

Program #14-29 Air week: 7-20-14

SEGMENT 1: Talking to your baby 11:49

Synopsis: Scientists have discovered that the way parents talk to their infants has a huge effect on their intellectual development and later success. Experts discuss why and how parents should hold "conversations" with their babies.

Host: Reed Pence. Guests: Dr. Anne Fernald, Assoc. Prof. of Psychology, Stanford Univ.; Dr. Kimberly Noble, Assoc. Prof. of Pediatrics, Columbia Univ.

COMPLIANCY ISSUES COVERED: youth at risk; education; parenting issues; economics

SEGMENT 2: Near drowning and secondary drowning 7:23

Synopsis: Some 700 American children under age 14 die of drowning each year. But when a child is pulled out of the water and revived, they may face life threatening peril hours or days later as the body reacts. Experts discuss.

Host: Nancy Benson. Guests: Dr. Christopher Michos, emergency physician, St. Vincent's Medical Center, Bridgeport, CT; Dr. Luis Torero, Division Chief, Pediatric Critical Care, Advocate Children's Hospital, Oak Lawn, IL

COMPLIANCY ISSUES COVERED: youth at risk; parenting issues; public safety

Program #14-30

Air week: 7-27-14 11:14

SEGMENT 1: Fecal transplants

Synopsis: Doctors have discovered that a transplant of fecal material from a healthy person into a sick one can cure sometimes fatal c. difficile infections more than 90 percent of the time. In the past, the "ick factor" has contributed to the technique being seldom used. That is finally starting to change, and researchers are looking for ways to clean up the procedure.

Host: Reed Pence. Guests: Catherine Duff, founder and President, Fecal Transplant Foundation; Dr. Elizabeth Hohmann, Assoc. Prof. of Medicine, Harvard Medical School and Massachusetts General Hospital; Dr. Robert Orenstein, Chair of Infectious Diseases, Mayo Clinic--Arizona

COMPLIANCY ISSUES COVERED: health care; public health; consumerism

SEGMENT 2: The psychology of weight loss surgery 8:31

Synopsis: People who get bariatric surgery often face drastically changed relationships with spouses, children, and friends. Their self image also often needs repair, all while they've lost their most reliable old coping mechanism--food.

Host: Nancy Benson. Guests: Dr. Adam Crane, psychologist, Kane Center for Advanced Surgical Weight Solutions and Suburban Surgical Care Specialists, Hoffmann Estates, IL; Dr. Nick Nicholson, Medical Director, Nicholson Clinic for Weight Loss Surgery, Plano, TX.

COMPLIANCY ISSUES COVERED: health care; consumerism

Program #14-31

Air week: 8-3-14

SEGMENT 1: Are saturated fats as bad as we think? 12:18

Synopsis: Most Americans know that saturated fats are bad for their health. But some experts now say saturated fat has been unfairly villified, the victim of bad science in the 1950's. Many of these scientists say the real culprit is carbohydrates in combination with fats. Other experts say the truth is much more complicated. Experts on both sides discuss the evidence.

Host: Reed Pence. Guests: Nina Teicholz, author, Big Fat Surprise: Why Butter, Meat and Cheese Belong in a Healthy Diet; Dr. Eric Westman, Assoc. Prof. of Medicine, Duke Univ. Medical Center; Dr. Penny Kris-Etherton, Prof. of Nutrition, Penn State Univ.; Dr. Walter Willett, Chair, Dept. of Nutrition, Harvard School of Public Health

COMPLIANCY ISSUES COVERED: health care; public health; consumerism

SEGMENT 2: Asperger's Syndrome from inside 7:31

Synopsis: Most people don't understand Asperger's Syndrome, which affects high functioning people with autism. Most of those with the syndrome can't express what their lives are like, but here, one person with the syndrome articulates his unusual world.

Host: Nancy Benson. Guest: Aaron Likens, author, Finding Kansas: Living and Decoding Asperger's Syndrome

COMPLIANCY ISSUES COVERED: disabilities; mental health; education

Program #14-32 Air week: 8-10-14 11:48

SEGMENT 1: Police crisis intervention teams

Synopsis: Police confrontations with mentally ill subjects can quickly turn tragic, as neither side often understands the other. Specially trained crisis intervention teams have spread around the country to prevent deaths, injuries, and unnecessary incarceration. Experts discuss how CIT works.

Host: Reed Pence. Guests: Laura Usher, Crisis Intervention Team Program Manager, National Alliance on Mental Illness (NAMI); Mary Neal, Director and co-founder, Assistance to the Incarcerated Mentally Ill; Dr. Randolph DuPont, clinical psychologist and Prof. of Criminal Justice, Univ. of Memphis; Sam Cochran, Major, Memphis Police Dept. (retired) and Project Coordinator, Univ. of Memphis CIT Center.

COMPLIANCY ISSUES COVERED: public safety; mental illness; police and criminal justice; police brutality; education; community activism; prisons

SEGMENT 2: Zoobiquity: diseases and disorders we share with animals 8:11

Synopsis: Humans and animals share many diseases, and surprisingly, many behavioral disorders as well.

Host: Nancy Benson. Guests: Dr. Barbara Natterson-Horowitz, cardiologist, UCLA Medical Center and co-author, Zoobiquity: What Animals Can Teach Us About Health and the Science of Healing; Kathryn Bowers, co-author, Zoobiquity

COMPLIANCY ISSUES COVERED: pets and people; psychology

Program #14-33                      Air week: 8-17-14

SEGMENT 1: Alzheimer's from inside    12:42

Synopsis: Millions of Americans will experience the slow loss of memory due to Alzheimer's disease. But what is it like for those going through it. A journalist describes how he hopes to provide the most detailed look yet as he progresses through early-onset Alzheimer's.

Host: Reed Pence. Guest: Greg O'Brien, author, On Pluto: Inside the Mind of Alzheimer's

COMPLIANCY ISSUES COVERED: health care; public health; consumerism; family issues; elderly and senior citizens; disabilities

SEGMENT 2: Seasonal eating            8:08

Synopsis: Eating fruits and vegetables that are locally in season has many health benefits, but consumers also need to be careful of pesticides. Experts discuss.

Host: Nancy Benson. Guests: Jolene Hart, author, Eat Pretty: Nutrition for Beauty Inside and Out; Dr. Alex Lu, Assoc. Prof. of Environmental Exposure Biology, Harvard Univ. School of Public Health; Joan Dye Gussow, Prof. Emeritus and former Chair, Columbia Teachers College Nutrition Education Program and author, This Organic Life: Confessions of a Suburban Homesteader

COMPLIANCY ISSUES COVERED: Consumerism; agriculture; environment and pollution; public health

Program #14-34                      Air week: 8-24-14

SEGMENT 1: Setting speed limits                      11:28

Synopsis: Auto crashes kill more than 35,000 people in the US each year, but that toll is down dramatically even as speed limits have been going up. Engineers now realize that artificially slow speed limits can be more dangerous than high speeds.

Host: Reed Pence. Guests: John Bowman, Communications Director, National Motorists Assn.; Lt. Garry Megge, Traffic Services Division, Michigan State Police; Dr. David Noyce, Prof. of Civil and Environmental Engineering and Director, Traffic Operations and Safety Laboratory, Univ. of Wisconsin-Madison.

COMPLIANCY ISSUES COVERED: traffic and highway safety; public safety; police, laws and legal system

SEGMENT 2: When summer bites 12:31

Synopsis: Summer vacation can be marred by mosquito and tick bites and by the rash of poison ivy. Home remedies abound on the internet, but do any of them work? What does? Experts discuss the best ways to avoid these problems and get relief.

Host: Nancy Benson. Guests: Joseph Conlon, Technical Advisor, American Mosquito Control Association; Dr. Phillip Baker, Exec. Dir., American Lyme Disease Foundation; Dr. Jamie Weisman, scholar, American Academy of Dermatology and physician, Peachtree Dermatology Associates, Atlanta.

COMPLIANCY ISSUES COVERED: consumerism  
Program #14-35 Air week: 8-31-14

SEGMENT 1: Hypoplastic left heart syndrome 12:28

Synopsis: Newborns born with virtually "half a heart" can now be saved through a series of surgeries rerouting their heart blood flow. An expert, a cardiac nurse and the mother of one such child discuss the successes and questions these procedures raise.

Host: Reed Pence. Guests: Diana Scoles, mother of child born with hypoplastic left heart syndrome; Dr. Michael Gewitz, Physician In Chief & Chief, Pediatric Cardiology, Maria Fareri Children's Hospital, Westchester Medical Center, Valhalla, NY, Prof. of Medicine, New York Medical College and past Chair, Council of Cardiovascular Disease in the Young, American Heart Assn; Angela Boomsma, nurse in Advocate Medical Group Pediatric Cardiology Practice

COMPLIANCY ISSUES COVERED: health care; youth at risk; technology

SEGMENT 2: Cystic fibrosis nutrition 7:49

Synopsis: Most people know cystic fibrosis as a disease that clogs the lungs with mucous, but the same sort of mucous also clogs ducts for digestive secretions, making it very difficult for CF patients to digest food and get adequate nutrition. Two experts discuss the results of this problem and ways patients get around them.

Host: Nancy Benson. Guests: Sue Landgraf, mother of CF patient and Executive Director, Cystic Fibrosis Research, Inc.; Suzanne Michel, registered dietitian and Clinical Asst. Prof, Medical Univ. of South Carolina Cystic Fibrosis Center.

COMPLIANCY ISSUES COVERED: consumerism; health care; youth at risk

Program #14-36                      Air week: 9-7-14

SEGMENT 1: "Marriage 101"                      7:54

Synopsis: Nearly half of marriages end in divorce in the US. A college course at Northwestern Univ. seeks to give students tools to build relationships that last, with lessons for all of us. The course's teacher and a student who recently took the course explain.

Host: Reed Pence. Guests: Dr. Alexandra Solomon, Asst. Clinical Prof. of Psychology, Northwestern Univ.; Denise Zou, student, Northwestern Univ.

COMPLIANCY ISSUES COVERED: family relationships; interpersonal relationships; education

SEGMENT 2: TBI's and homelessness                      11:24

Synopsis: New research is showing that a remarkably high proportion of homeless men have suffered a traumatic brain injury in the past, raising the possibility that TBIs may cause behaviors directly leading to homelessness.

Host: Nancy Benson. Guests: Dr. Jane Topolovec-Vranic, Associate Scientist, St. Michael's Hospital, Toronto, and Asst. Prof. of Occupational Science, Univ. of Toronto; Dr. Steven Hwang, Research Scientist, St. Michael's Hospital, Toronto, and Prof. of Medicine, Univ. of Toronto

COMPLIANCY ISSUES COVERED: homelessness; poverty; health care; rehabilitation; prevention

Program #14-37                      Air week: 9-14-14

SEGMENT 1: Discoid lupus                      9:23

Synopsis: Lupus results when the immune system turns on the body, producing inflammatory attacks on virtually any organ. A minority of patients have lupus only on the skin, and while this is not life threatening, it can still be psychologically devastating.

Host: Reed Pence. Guests: Dr. Christopher Hansen, Asst. Prof. of Dermatology, Univ. of Utah; Dr. Victoria Werth, Prof. of Dermatology, Univ. of Pennsylvania & Chief, Dermatology Section, Philadelphia VA Medical Center; Dr. Betty Diamond, Investigator, Fineststein Institute for Medical Research

COMPLIANCY ISSUES COVERED: health care; consumerism; technology

SEGMENT 2: "Prozac kids" grow up 12:14

Synopsis: Use of prescription medications for mental disorders among children and adolescents is growing rapidly. An author, herself a Prozac user since age 17, discusses attitudes toward medications revealed in her extensive interviews with dozens of similar subjects.

Host: Nancy Benson. Guests: Kaitlin Bell Barnett, author, Dosed: The Medication Generation Grows Up

COMPLIANCY ISSUES COVERED: youth at risk; mental illness; education

Program #14-38 Air week: 9-21-14

SEGMENT 1: Income and life expectancy 12:06

Synopsis: Average life expectancy in the US is increasing, but among lower income people it is not, and the lifespan gap between rich and poor is increasing. Even middle class people have shorter lifespans than the rich. Experts discuss how a large income buys extra years of life, and why a lower income produces barriers to a longer life.

Host: Reed Pence. Guests: Dr. David Kindig, Emeritus Prof. of Population Health Sciences, Univ. of Wisconsin-Madison; Dr. Michael Reisch, Daniel Thursz Distinguished Prof. of Social Justice, Univ. of Maryland

COMPLIANCY ISSUES COVERED: public health; economics; poverty; youth at risk; employment; worker safety; health care; consumerism

SEGMENT 2: Traveling with a disability 8:19

Synopsis: Leisure travel is possible for people with disabilities if they plan well in advance and communicate their needs ahead of time. A travel writer with a disability discusses.

Host: Nancy Benson. Guest: Kendra Williams, Executive Editor, MStravels.org.

COMPLIANCY ISSUES COVERED: disabilities; consumerism

Program # 14-39

Air week: 9-28-14

SEGMENT 1: High school starting times

12:41

Synopsis: Research is piling up showing that high school age students have a natural circadian rhythm that calls for them to sleep from about 11:00pm to 8:00am. Most schools start class before 8:00, leaving most students with a severe and detrimental sleep deficit. Experts discuss how a growing number of schools are pushing classes to later in the day for student benefit.

Host: Reed Pence. Guests: Dr. Kyla Wahlstrom, Director, Center for Applied Research and Educational Improvement, Univ. of Minnesota; Dr. Terra Ziporyn Snider, Co-Founder & Exec. Director, Start School Later.

COMPLIANCY ISSUES COVERED: public health; education; youth at risk

SEGMENT 2: The search for why we yawn

6:59

Synopsis: Virtually all vertebrates yawn, but no one really knows why we do it. Experts discuss theories and the evidence behind them.

Host: Nancy Benson. Guests: Dr. Robert R. Provine, Prof. of Psychology, Univ. of Maryland-Baltimore County; Dr. Andrew Gallup, Asst. Prof. of Psychology, State Univ. of New York at Oneonta

COMPLIANCY ISSUES COVERED: consumerism
