**NOTICE TO ASSIGNEE/TRANSFeree:**

Enclosed is the FCC Form 732 notifying you of Commission consent to assignment/transfer of control of the construction permit and/or license of the station(s) described therein.

**Consummation.** A voluntary assignment/transfer of control must be consummated within ninety (90) days of the date of the Commission grant of consent. Upon consummation, the assignee/transferee should immediately file a consummation notice as to the exact date of consummation (i.e., the date on which the acts necessary to effectuate the assignment /transfer of control were completed). The consummation notice should be filed electronically in CDBS or by mail to the FCC Office of Secretary, 445 12<sup>th</sup> Street, SW, Washington, DC 20554. It is important that the consummation notice include the station's official address so that all Commission correspondence comes to the immediate attention of the licensee. Only one mailing address may be maintained for each station.

**Extension of time to consummate.** Extensions for up to an additional ninety (90) days to consummate are routinely granted. Subsequent extension requests must be accompanied by a good cause showing and certification that all representations contained in the original application remain true and accurate. All requests for extension should be filed electronically in CDBS or by mail to the FCC Office of Secretary at the address listed above.

Electronically-filed consummation notifications and requests for extension of time to consummate must be submitted through the Media Bureau's CDBS online electronic forms system. For more information regarding these electronic filings, refer to the February 28, 2006, Public Notice, DA 06-472, Media Bureau Announces New Features in CDBS.

**Ownership Report.** Within thirty (30) days after consummation of the transaction, the new permittee or licensee of the AM, FM, or TV Broadcast station must submit an Ownership Report (FCC Form 323 for commercial entities; FCC Form 323-E for noncommercial entities) reporting all changes as required by 47 C.F.R. §73.3615. A post-consummation Ownership Report is not required if the authorized assignment or transfer of control only involved an LPFM radio station or an FM Translator radio station. If the assignment/transfer of control was involuntary, as a result of a death or court action, an Ownership Report must be filed to demonstrate that all Commission rule requirements have been met and reported. Electronic filing via CDBS is required for all Form 323 and Form 323-E filings. Detailed instructions for accessing, completing, and submitting the Form 323 and Form 323-E are available in CDBS.

Assignors and Transferors are reminded that 47 CFR § 73.3615 requires that a biennial ownership report be filed by each licensee of a commercial or non-commercial AM, FM, TV, Class A, or LPTV broadcast station and any entity that holds an attributable interest in the licensee pursuant to § 73.3555 as of October 1 of each odd-numbered year. The Media Bureau has previously announced that the 2017 biennial ownership reports for both commercial and non-commercial stations must be filed between December 1, 2017, and March 2, 2018. Accordingly, for any assignment or transfer of control applications consummated after October 1, 2017, but on or before March 2, 2018, the proposed Assignor/Transferor must nonetheless file a biennial Form 323 or Form 323-E by the extended March 2, 2018, deadline. Ownership information should be reported as of October 1, 2017. Please note, this biennial ownership filing requirement is in addition to the post-consummation report, which is required of the Assignee or Transferee. See 47 CFR § 73.3615.

The request for waiver of the main studio rule, 47 C.F.R. Section 73.1125, IS GRANTED based upon the specific representations contained therein. This grant is effective upon consummation of the proposed transaction.

In order to facilitate this grant, the parties should notify Karen Workman by email at [Karen.Workman@fcc.gov](mailto:Karen.Workman@fcc.gov) or by phone at (202)418-2700 of the consummation.

Under authority of the Communications Act of 1934, as amended, the consent of the Federal Communications Commission is hereby granted to the transaction indicated above.

The Commission's consent to the above is based on the representations made by the applicants that the statements contained in, or made in connection with, the application are true and that the undertakings of the parties upon which this transaction is authorized will be carried out in good faith.

The actual consummation of voluntary transactions shall be completed within 90 days from the date hereof, and notice in letter form thereof shall promptly be furnished to the Commission by the seller or buyer showing the date the acts necessary to effect the transaction were completed. Upon furnishing the Commission with such written notice, this transaction will be considered completed for all purposes related to the above described station(s).

FCC Form 323, Ownership Report, must be filed within 30 days after consummation, by the licensee/permittee or assignee.

ADDITIONAL REQUIREMENTS FOR ASSIGNMENTS ONLY:

Upon consummation the assignor must deliver the permit/license, including any modifications thereof to the assignee.

It is hereby directed that, upon consummation, a copy of this consent be posted with the station authorization(s) as required by the Commission's Rules and Regulations.

The assignee is not authorized to construct nor operate said station(s) unless and until notification of consummation in letter form has been forwarded to the Commission.
