GOVERNMENT	Noticias Al Minuto	1/16/11	Various	1:00	Ahead of a vote on repeal in the GOP-led House this week, strong opposition to the health care law stands at 30 percent, close to the lowest level registered in AP-Gfk surveys dating to September 2009. The law expands coverage to more than 30 million uninsured, and would require, for the first time, that most people in the United States carry health insurance. The poll finds that 40 percent of those surveyed said they support the law, while 41 percent oppose it. Just after the November congressional elections, opposition stood at 47 percent and support was at 38 percent.

<b>GOVERNMENT: CHANGES AND INFORMATION</b>					
GOVERNMENT	Noticias Al Minuto	2/17/11	Various	1:00	Top state lawmakers filed the latest legislation Wednesday to prohibit so-called "sanctuary city" policies, saying that local governments would risk losing state grant money if they prohibit employees from enforcing state or federal immigration laws. Some voiced concern that the legislation would interfere with police chiefs' oversight of their officers and detract from a focus on local crimes.
GOVERNMENT	Noticias Al Minuto	2/19/11	Various	1:00	The Republican-controlled House has voted to shield greenhouse-gas polluters and privately owned colleges from federal regulators. The vote strengthens the pro-business emphasis of legislation that also would chop \$61 billion from government spending. But newly elected conservatives suffered a rare setback today when a split among rank-and-file Republicans sank a move to cut an additional \$22 billion. The House is meeting into the evening as it moves toward a final vote on the \$1.2 trillion bill that is needed to keep the government in operation when existing funding authority expires on March 4.

<b>GOVERNMENT: CHANGES AND INFORMATION</b>					
GOVERNMENT	Noticias Al Minuto	2/26/11	Various	1:00	A deal to avert a U.S. government shutdown took shape in Congress Monday, but the short-term spending measure would do nothing to resolve the bitter debate over federal spending. Budget-cutting Republicans pressured President Barack Obama's Democrats to accept a proposal to trim \$4 billion over the next two weeks by eliminating programs that Obama has also targeted. Senate Democrats indicated they may go along with the Republican plan. With government funding due to expire Friday, Congress must act this week to avert a shutdown of everything from bankruptcy courts to passport offices.
GOVERNMENT	Noticias Al Minuto	3/2/11	Various	1:00	As proposed, House Bill 1202 would create tough state punishments for those who "intentionally, knowingly, or recklessly" hire an unauthorized immigrant. Violators could face up to two years in jail and a fine of up to \$10,000. It is a tough immigration bill with a soft side that protects those who hire unauthorized immigrants "for the purpose of obtaining labor or other work to be performed exclusively or primarily at a single-family residence."
GOVERNMENT	Agenda Washington	3/6/11	7:30 AM	22:40	Discussion on Agenda Washington centered around the proposed budget for fiscal year 2012, with White House speaker, Luis Miranda. "You can expect to see officials discuss how the law is already benefiting seniors, small businesses, women and young adults," said an administration official. "And they'll be taking the message outside of Washington to communities across the country, not to re-fight the political battles of the last two years, but to highlight how this law is already moving us forward."

Also discussed were the alternatives undocumented immigrants have to fulfill the obligation of filing their taxes. An IRS agent and certified public accountant offered tips.

By cross referencing the actual medical records of the children, it was found the surgeon falsified the data in his study.
HEALTH	Noticias Al Minuto	1/7/11	Various	1:00	U.S. Health and Human Services Secretary Kathleen Sebelius and California Insurance Commissioner Dave Jones are vowing to push back against massive health insurance rate hikes proposed by Blue Shield of California. Two-thirds of adults with high cholesterol and half with high blood pressure are not being treated effectively, the Centers for Disease Control and Prevention said. While people without health insurance are the least likely to have their blood pressure or cholesterol under control, those with good health insurance are not doing everything they can, the CDC report found.

HEALTH	Noticias Al Minuto	2/18/11	Various	1:00	Scientists say mastering a second language can pump up your brain in ways that seem to delay getting Alzheimer's disease later in life. While the new research focuses mostly on the truly long-term bilingual, scientists say even people who tackle a new language later in life stand to gain. A study of 450 people with Alzheimer's showed those who were bilingual were diagnosed between four and five years later than those who spoke only one language. Although speaking two languages does nothing to prevent Alzheimer's disease from striking.

Researchers found people who keep their homes warmer were twice as likely to become obese. HEALTH	Noticias Al Minuto	2/28/11	Various	1:00	A third of all pediatric visits involve worried parents bringing in their feverish children. According to a new clinical report published online today in the journal <i>Pediatrics</i> , there's no reason to push drugs to alleviate the fever. Fever is not harmful; it can actually be helpful since it prompts the body to produce more infection-fighting white blood cells. Because fever decreases the ability of viruses and bacteria to reproduce, it can actually shorten the duration of an illness.
