Pamela, I let Paula know yesterday that we will provide school supplies for 2,000 elementary school kids. I do need to see the proof of performance from last year, I need that for my files. We will deliver them to your location this year so will need that information asap. You will receive 2,000 kits. That will be about 10 pallets. They will arrive via a large 18 wheeler so they will need room for access to deliver and of course, room for storage until distribution.

We would like to have these delivered the week of **July 11th – 14th or July 18th – 21st.**

Can you please advise who can help provide me a delivery date and location?

Hello Mr. Seabers,

I hope your summer is going well. I wanted to connect with you to follow up on the plans for the Back to School Event that Jimmy Robles does with Last Chance Ministries on the west side. I have been feeding that area with my summer feeding program and I know they are looking forward to another collaboration with you. Would you like to meet with the team again? Last time we met, you said that you wanted to contribute to the program on a continuous basis. How can I help facilitate that? I appreciate all that you do to assist the people in that area. Please let me know how I can help. I truly admire all that you do to help our city.

Respectfully,
