developers estimate 4-thousand
casino-resort related jobs

would be created. and beyond
the casino itself van brocklin
says other retail stores and
restaurants are expected to
follow.

sot:12 as i understand...
diversify the economy.

even so the decision on

whether to contract with the
developers weighs heavily on
village officials. but the
clock is ticking...the option
on one track of land expires
mid-march and effectively so
does this chance to put
botkins on the map.

sot: 20 we're not

doing...those are our goals.
