Dear Licensee:

This refers to the above-mentioned application dated May 17, 2018, requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that the purpose of this STA application is to allow WTWO to operate at reduced power on its pre-transition channel (36) using an interim antenna while the new post-transition main antenna is installed. You mentioned that the WTWO facility at reduced operation will completely encompass its community of license with the F(50,90) 48.0 dBu principal community contour and will not exceed its licensed F(50,90) 48.86 dBu pre-transition protected noise limited contour in any azimuthal direction.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on November 30, 2018.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
