Dear Licensee:

This refers to the above mentioned application dated December 26, 2017, requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that WTWO (TV), licensed Nexstar Broadcasting, Inc. ("Nexstar"), was forced to reduce its normal transmitter output power, 41.1 kW, by 50% due to a transmission line failure. Steps to resolve the issue have begun but the repair has not yet been completed. Accordingly, Nexstar seeks an extension of special temporary authority to continue reduced power operations until the repairs are completed in the next few weeks.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on August 23, 2018.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

Kevin R. Harding
