

Designation of Chief Operator

Per section 73.1870 of the rules of the FCC, Univision Communications, corporate parent of license subsidiaries controlling stations KDXX Lewisville, TX, KESS Benbrook, KFLC Benbrook, TX, KFZO Denton, TX and KLNO Fort Worth, TX designates Patrick Parks as Chief Operator. In his absence Bill Freiberger is designated alternate Chief Operator. Said designated Chief Operator and alternates will:

1. Make necessary inspections and calibrations to the transmission systems, monitors, metering and control systems and make adjustments and repairs when required.
2. Make field measurements or other tests as specified in the license or required by applicable regulations.
3. Review records to determine if the readings are being taken correctly. Upon completion of the inspection, the designated Chief Operator or his assistant is to note any discrepancies and sign and date the log, initiate any corrective action, and advise the licensee of any condition which is a repetitive problem.

This designation is effective as of December 12, 2018.

Mark Masepohl
President/General Manager
