

KYOZ Spokane Quarterly Issues and Programs

3rd Quarter 2018

KYOZ provides timely weather and street/road closure information to the residents of Spokane on a daily basis. We air 12 weather forecasts per day, and closure information as needed.

KYOZ addressed safety and conservation by offering tips and resources on home safety for those who live with trees and fields around them that could burn in a wildfire (which happens about every year in this area). We aired 25 of these announcements in July 2018.

KYOZ addressed the issue of the growing landfill and recycling. The messages encourage listeners to be more aware of the things they are throwing away in the trash and to consider recycling those items. These 60-second announcements aired 30 times in August 2018.

KYOZ addressed the issue of education in announcements that offered resources for those adults who have not completed their high school education. We aired 30 of these 60 second announcements in September 2018.
