The Adventures of Chuck and Friends

Series Description

The New Adventures of Chuck and Friends is an action-comedy to inspire children, especially 4-7 year-old boys to approach playtime as an exciting, limitless adventure, in which everyone learns how to solve problems creatively, compassionately, and with a sense of humor. CHUCK's storylines and characters aim to spark young children's imaginations, and encourage them to think of fun ways of turning their daydreams into action-packed adventures and games with their real-life friends.

To support this mission, the characters and stories will inspire children to be good friends to their peers at home and at school by approaching social situations with self-confidence and a willingness to try new things. Through each weeks' stories Chuck and his friends will use problem-solving strategies such as teamwork, thinking creatively, taking responsibilities for their actions, perseverance when they encounter obstacles and to ask for help when trying to handle a frustrating situation.

Each weeks stories will demonstrate through creative storytelling by acknowledging that making mistakes is a natural part of any problem-solving, and everyone has strengths and weaknesses.

The Saturday morning Vortexx programming block on the CW features one hour of E/I programming. The hour is comprised of two half-hours program blocks of **Rescue Heroes** that is designed to meet the educational and information needs of children 6 – 11. The on-air icon (E/I) symbol will be displayed throughout each program indicating each half hour program is "educational and informational" for children.

Each week the Rescue Heroes are called into action to mobilize around the globe to protect the world from natural and man-made disasters. Each half hour is comprised of two 11 minutes episodes. Social and emotional character stories are embedded in the stories using action and humor to convey messages to keep an open mind, ask for help, face your fears, persistence pays off, be prepared, and emphasizes procedure, training and teamwork. At the end of each episode the Rescue Heroes reinforce various safety tips, and information relating to the educational message portrayed in the story.
