1. The City of Cambridge needed help seeking public input on the wellness center project. We ran PSA's and news pieces to inform the community of the survey.
2. Transportation availability continues to be an issue in our region. We connected with the East Central Regional Development Commission to air interviews and news stories to notify the public about their options.
3. Opioid overdoses in the listening area were increased from last year. We ran informational pieces on how people can find out information and receive naloxone.
4. DNR requested us to run a campaign reminding people to get their ice houses off the lake before the deadline. We ran PSAs for these announcements.
5. Aired a weekly Kanabec County Sheriff's report to keep the community informed on what is going on with local law enforcement.
