### **Georgia Commute Options: The Atlanta Bike Challenge**

Georgia Commute Options presents The Atlanta Bike Challenge is a fun and free workplace bike competition. Log one trip between September 28 and October 19 and you'll be eligible to win hundreds of prizes, and can help lead your employer to victory (and even more prizes!).

Georgia Commute Options are free services that help commuters and employers. These services make it easier to switch from driving alone to one of many commute options such as: carpool, vanpool, transit, telework (work from home), bicycle and walk.

More than 1,600 employers and 100,000 metro Atlanta commuters have used these services. People are saving thousands of dollars a year on their commute, earning cash and winning prizes. Employers are seeing a boost in productivity, morale and their bottom line. These programs also keep about 1.1 million vehicle miles off our roads every workday.

Toys for Tots began as a Los Angeles charitable effort in 1947. At her suggestion, he gathered a group of local Marine reservists, including Lieutenant Colonel John Hampton, who coordinated and collected some 5,000 toys for local children that year from collection bins placed outside of Warner Bros. movie theaters. Their efforts were so successful that, in 1948, Toys for Tots was launched as a national campaign. Hendricks used his position as director of Public Relations for Warner Brothers Studio to enlist celebrity support, as well as have Walt Disney Studios design the red toy train logo.

In 2009, the program received support from First Lady Michelle Obama, who placed the first collection box at the White House. In December 2011, she took part in a Toys for Tots activity at Joint Base Anacostia-Bolling.

As of 2014, the Toys for Tots Program and Foundation have collected and distributed more than 469 million toys.
