RE: Policy regarding commercials in children's programming

This memorandum shall serve as a reminder of the station's policy regarding commercials in children's programming.

WVUA/WUOA will not place any paid, trade, or barter commercial matter in children's programming. This policy is designed to ensure that the station does not exceed the commercial limitations placed on children's programming by the FCC.

The sales team should not sell the children's programming time periods, traffic should not schedule paid, trade, or barter spots in children's programming time periods, and master control shall not run paid, trade, or barter commercial matter in children's programming time periods.

Your help with this policy will be greatly appreciated.
