Topic: First Flu Related Death in Indiana

Air Date: 1/8/2014

Air Time: 8:40AM

Description of Program Content:

Reported and discussed a news story about Evansville residents seeing a new charge on their water bill that could be a steep increase. The fee goes toward upgrading the city's current sewer systems. As a part of the Clean Water Act, the EPA is requiring cities to upgrade their systems. The typical residential user's bill for 4,000 gallons would go from \$27.12 a month to \$35.83 next year. Then \$38.74 in 2015 and \$45.72 in 2016. That's an increase of more than \$18.

Topic: Indiana Department of Education Issues Grade for EVSC

Air Date: 1/16/2014

Air Time: 6:40AM

Description of Program Content:

Reported and discussed a news story about the Evansville-Vanderburgh School Corporation receiving a 'C' grade by the Indiana Department of Education, an improvement from last year's 'D' grade. The grade is a combination of the individual school grades that were released at the end of December.

Superintendent David Smith said the district rose 1.35 points on a four-point scale, the largest gain in the state. He says 98 percent of the 39 schools stayed the same or improved compared to last year. Smith adds the number of failing schools has been decreased by 50 percent.

Topic: Robbery Plea Deal Reached

Air Date: 2/6/2014

Air Time: 7:40AM

Description of Program Content:

Reported and discussed a news story about Shun Webster Jr. pleading guilty to theft, a Class D Felony in connection with an armed robbery in Evansville back in October. Webster and another man, Bryan Lewis, were charged with robbing a man on October 4th of last year after he gave them a ride. As part of the plea deal, the charge of Armed Robbery with a Firearm against Webster was dropped. According to a police affidavit, Webster took the victim's money and ran. It says Lewis was the one with the gun.

Topic: Same Sex Marriage Amendment

Air Date: 2/12/2014

Air Time: 6:40AM

Description of Program Content:

Reported and discussed a news story about the same-sex marriage amendment known as HJR-3 is being sent to the Indiana Senate. The measure passed the senate rules committee late Monday, February 10th by an eight to four vote. It now goes before the full Senate for a vote. Hundreds of supporters and opponents packed the statehouse on Monday, many wanting to see if the Senate committee would out leave that so-called second sentence. The sentence, that would also ban civil unions, was taken out by House members. After hours of testimony, the committee voted to move that revised bill forward. The Senate could take up the measure as early as Thursday, February 13th with a final vote coming early the following week.

Air Date: 2/19/2014

Air Time: 8:40AM

Description of Program Content:

Reported and discussed a news story about the Evansville Water and Sewer Utility continuing to deal with a large number of water main breaks due to the below-average temperatures the city has experienced throughout the winter. Director Allen Mounts told local news that the city is working 20 breaks or leaks right now. Since January 1, the city has responded to 266 water main breaks. There were only 94 during the same period last year.

Topic: Guns on School Property

Air Date: 3/4/2014

Air Time: 6:40AM

Description of Program Content:

Reported and discussed a news story about the Indiana House approving a bill allowing guns to be stored in cars in school parking lots by a vote of 74-24. The Indiana Senate approved a similar measure last month on a 28-21 vote. Supporters of the measure say it would protect parents who inadvertently commit a felony by bringing their guns while picking up their children. But opponents worry easier access to guns could lead to school shootings. The bill originally was intended to ban public gun buy-backs in Indiana, but lawmakers gutted that language.

Air Date: 3/20/2014

Air Time: 7:40AM

Description of Program Content:

Reported and discussed a news story about scientists saying that although they anticipated the freezing climates the area experienced over the winter would kill off the population of annoying insects, most of them likely survived. The Indiana Department of Health reports that mosquitoes and ticks are resilient creatures. "Hard winters don't have nearly the bad effect on mosquitoes and ticks and things like that that people might think they would," said Bryan Price, lead medical entomologist with the Indiana State Department of Health.
