48 HOURS

11/05/22

48 HOURS: “The Psychiatrist and the Selfie” (9:00 – 10:00p) – a second updated rebroadcast on the case against Jacob Nolan, who claims his cousin and psychiatrist, Dr. Pamela Buchbinder, brainwashed him into attempting to kill her former lover, fellow psychiatrist Dr. Michael Weiss, during the time the unmarried couple was going through a custody battle for their son. On November 12th, 2012, Nolan attacked Dr. Weiss in his office with a sledgehammer and a knife. Weiss fought back. After the struggle, while covered in blood, Nolan snapped a selfie. He was arrested and charged with attempted murder. At the time of the attack, Nolan was living with Buchbinder, who was also treating him for depression, anxiety and bipolar disorder. Dr. Buchbinder was also going through a nasty custody battle with Dr. Weiss. Today, Jacob Nolan says that Dr. Buchbinder manipulated and brainwashed him to hate Dr. Weiss and that hatred turned into their plan to kill Dr. Weiss. After the attack, Nolan was in a manic state and taken to the ER. Dr. Buchbinder went to the hospital, but was not allowed to see him. Although there is evidence of Dr. Buchbinder purchasing the sledgehammer, she has not been charged with any crime. Nolan was freed on bail and went to live with his parents in Miami. Dr. Weiss was granted custody of his son. Today Nolan seems rational and insists he was not in control of himself at the time of the incident, and even tried to commit suicide in 2015. In March 2016, the trial began. The prosecution insisted Nolan could have rationalized his thoughts and backed out at any time. The defense argued diminished capacity: Dr. Buchbinder had replaced Nolan’s free will with a cult-like mentality. The verdict: guilty. Nolan was sentenced to nine and a half years in prison. He says he is genuinely remorseful for what happened and still says Dr. Buchbinder needs to take responsibility too. Dr. Weiss is raising his son alone, and his attorney says he still lives in fear. 12/02/17 UPDATE: Five years after the attack on Michael Weiss, the law caught up with Dr. Pamela Buchbinder. She was arrested and charged with second-degree attempted murder and first-degree attempted assault. The Manhattan D.A. says she was the mastermind behind the plot. She has hired two top New York defense attorneys. After the judge heard arguments, he refused to grant bail. A trial date is expected in early 2018. The star witness: Jake Nolan. Original On-screen text graphic: The New York City Police Department says the investigation into the attack on Doctor Michael Weiss is “ongoing”. But a spokesperson would not say whether Doctor Pamela Buchbinder is a suspect. **11/05/22 UPDATE:** Pamela Buchbinder remained on Rikers Island for five years through legal wrangling and the COVID-19 pandemic. During a pre-trial hearing on September 7th, 2022, she accepted a deal. One month later, Buchbinder attempted to withdraw her plea; Judge Thomas Farber would not accept it. Dr. Weiss appeared in court to make a victim’s impact statement. Judge Farber sentenced Pamela Buchbinder to 11 years in prison; he also issued an order of protection for Dr. Weiss. On-screen text graphic for the 12/02/17 updated rebroadcast: Pamela Buchbinder’s attorneys are still trying to get her out on bail from Riker’s Island. **On-screen text graphic for the 11/05/22 updated rebroadcast:** This story discusses suicide. If you or someone you know is having thoughts of suicide, please contact the Suicide & Crisis Lifeline at 988. 48 HOURS: “The Snapchat Clue” (10:00 – 11:00p) – a report on the July 2021 sudden disappearance of Bart and Krista Halderson of Windsor, Wisconsin and how information found on social media would lead investigators to their killer. Investigators immediately turned to family members for information, including sons Mitchell, who was 24 at the time and worked in tech, and Chandler, then a 23-year-old college student living at home. Chandler was excited about a new job offer he said he had with Elon Musk’s SpaceX. Chandler told police his parents had gone to the lakeside family cabin for the July 4th holiday weekend and never returned. Investigators received a tip from the owner of farm outside of town; remains later identified as Bart Halderson were found on the farm, 20 miles from the Halderson home. On July 15th, 2021, Chandler was arrested and charged with lying to the police. Investigators discovered that his parents found out Chandler had lied about his college degree and the job with SpaceX. Chandler refused to cooperate with police, but his girlfriend, Cathryn (“Cat”) Mellender, allowed them to download her phone. A Snapchat screenshot of Chandler by the Wisconsin River on July 1st led investigators to search the area. Remains later identified as Krista’s were found; Chandler was charged with both of their murders. In January 2022, Chandler went on trial for the murder of his parents at the Dane County Courthouse; he was also facing charges for lying to the police and for mutilating and hiding their bodies. He was found guilty on all eight charges. In March 2022, at his sentencing hearing, Chandler made a statement, asking for a lawyer to take an appeal; he was sentenced to life in prison without the possibility of parole. **On-screen text graphic:** Chandler Halderson has a new lawyer but has yet to file an appeal. Interviewed: Barbi Townsend, Krista’s cousin; Adam Duxter, local news reporter, now with CBS station WCCO in Minneapolis, worked in Madison, WI at the time of the murders; Dan Kroninger, Krista’s co-worker and friend; Brian Shunk, detective, Dane County Sheriff’s Office; Sabrina Sims, detective, Dane County Sheriff’s office; and Alex Gravatt, Chandler’s friend and former roommate. 48 HOURS: “The “Unsolvable” Murder of Roxanne Wood” – a report on the rape and murder of 30 year old Roxanne Wood in her Niles, MI home and the work done 34 years later to solve it. In February 1987, Terry Wood came home from a night of bowling to discover his wife Roxanne dead on the kitchen floor. Terry called police; his aggressive demeanor on the phone, behavior during the investigation and the discovery of extramarital affairs by both parties made him a suspect. After a few months, the case went cold. In 1999, the small DNA sample from the crime scene was uploaded to CODIS; no match was returned, but Terry still remained a person of interest. In April 2021, Gabriella Vargas, a consultant for Identifinders looked at the case and was able to create a family tree, which allowed investigators to zero in on a suspect: Patrick Gilham. Michigan State Police surreptitiously collected Patrick’s DNA from a cigarette butt, which matched the DNA from the crime scene. Patrick was interviewed by police in July 2021; he was arrested in February 2022. In April 2022, Patrick Gilham pleaded no contest to second-degree murder and was sentenced to a minimum of 23 years in prison. **On-screen text graphic:** Patrick Gilham will be eligible for release in 2040 with good behavior. 48 HOURS: “What Happened to the Perfect Child?” (9:00 – 10:00p) – an update to “The Perfect Child” (OAD: 02/10/00), a 48 HOURS INVESTIGATION on Americans who adopted children from Russia. This report focuses on what ultimately happened to a 9-year-old girl adopted in 1997 by Crystal and Jesse, a couple from Atlanta, GA. While in Russia, adopting the girl they named Caralee, Crystal and Jesse also adopted a 3-year-old boy they named Joshua. Two years later, the couple came to believe Caralee was dangerous, even capable of murder and claimed she tried to throw her younger brother off a 30-foot-high deck. Troy Roberts, who reported on their story, was present as the American couple returned Caralee to Russia and left her behind in a children’s psychiatric hospital. Over the years, Roberts tried to keep track of Caralee, but was unable to find out what happened to her. Last summer she reached out to Roberts and they reunited in North Carolina, where Caralee, now known as Sabrina Caldwell, lives with her husband and four children. During their meeting, Caldwell explained what happened on the family deck with Joshua, her feelings about Crystal and Jesse, how she left the hospital in Russia and was adopted by new parents in North Carolina, and her family with her husband. This broadcast also includes Roberts’ own experience with adoption: In 2003, he became certified to adopt and learned about a woman in Djibouti (in East Africa) who was hoping to find an American to adopt her 4-year-old son, because she feared for his safety due to his being mixed-race. Roberts and his son, Jonah Gray Roberts, now 23-years-old, discuss their life together. **On-screen text graphic:** Jonah’s mother passed away a few years after his adoption. Interviewed for the 12/04/21 broadcast: Sabrina Caldwell (f.k.a. Caralee); Phil Caldwell, Sabrina’s husband; and Jonah Gray Roberts, Troy Roberts’ son. Also includes archival excerpts from previous interviews with: Caralee (n.k.a. 48 HOURS: “Last Seen in Breckenridge” (10:00 – 11:00p) – a report on the investigation into the January 1982 murders of two young women, Annette Schnee, 21, and Bobbie Jo Oberholtzer, 29, near the resort ski town of Breckenridge, CO. Killed on the same night, detectives were initially able to link the two crimes through an orange sock or bootie found near Oberholtzer’s crime scene on January 7th, 1982 and a matching bootie sock found on Schnee months later, on July 3rd, 1982. The case went cold until investigators ran DNA recovered from evidence through a public genealogy database and got a match in January 2021: Alan Phillips, who had been arrested for a similar crime in 1973. After police surreptitiously acquired a DNA sample from Phillips, he was arrested on February 24th, 2021. In a bizarre turn of events, investigators learned that Phillips had been rescued by a local fire chief from a snow-covered mountain pass the very same night he dumped the bodies of the two women. On August 31st, 2022, Alan Phillip’s double murder trial began in Fairplay, CO. The jury found Phillips guilty on all eight charges on September 15th, 2022; seven weeks later he was sentenced to two consecutive life sentences without the possibility of parole. Alan Phillips maintains his innocence. **On-screen text graphic:** If you have any information about other possible victims who could be associated with Alan Phillips please reach out to the Park County Sheriff’s tip line at 720-248-8378. 48 HOURS: “The Case Against Michael Politte” – a report on Michael Politte, who was 14-years-old when he was charged in 1998 with murdering his 40-year-old and recently divorced mother, Rita Politte. Rita died after being hit on the head and set on fire in her Hopewell, MO home. In January 2002, Michael went on trial; he was convicted and sentenced to life in prison for the murder, though he maintained his innocence. Five years after his conviction, the Midwest Innocence Project agreed to take his case and worked on it for years; eventually attorneys Tricia Bushnell, Megan Crane and Mark Emison became involved.
