

Donor Lists

88.9 KETR solicits donations from the general public on an ongoing basis, and many listeners respond by making donations year after year. However, individual private donations to this station benefit *general operational support* and have not yet been made in support of any specific program on the station.

If an individual private donor decides to make a gift to the station in support of a specific program, that donor's information would be listed here, pursuant to 47 CFR 73.3527 (e) (9).
