## Predicted nighttime\* coverage pattern for KAPE 1550 AM, Cape Girardeau, MO

\*Please note that this map only shows the predicted "groundwave" coverage of this radio station. At night, changes in the Earth's ionosphere can greatly extend the coverage of AM radio stations. So at night, you may be able to hear this station from a distance much farther than indicated above.

This image is intended solely for entertainment purposes. Radio-Locator makes no claims as to the accuracy of this information, nor towards its suitability for any intended purpose.
