The truck driver was killed; Kelli's car was left dangling over a guardrail 100 feet above the burning truck and she was alive, along with her daughters, 10-year-old Sage and 10-month-old Mylo. Murder in the Maternity Ward

Rick Worthington, a father of eight, burst into Alta View Hospital demanding to find the doctor who performed a tubal ligation surgery on his wife two years earlier claiming the doctor performed the procedure without his wife's knowledge or consent while she was sleeping.

Jae Lowder and Cindy Tovey were at the hospital at the time and were caught in a violent hostage crisis. Glade Curtis, sharing his story for the first time ever on television, was the doctor Worthington came to kill. He was at Alta View that night and called 911; no one did more to keep moms and babies alive than the nurses, including Margie Wyler, who helped a mom deliver her baby during the crisis, and Karla Roth, who sacrificed her own life in a brave attempt to wrestle a gun away from Worthington.

Tragedy In Tornado Alley

On May 20, 2013, just after 1PM, the Storm Prediction Center issued a tornado watch for Eastern Oklahoma. Two hours after, storm spotters confirmed that an EF5 tornado had touched down and was ripping across the state towards the city of Moore, where school was in session. As sirens blared, teachers at Plaza Towers Elementary donned brave faces while bracing the students for impact. Talking for the first time ever on television, teacher Jennifer Doan, whose Plaza Towers class was the hardest hit, shares her very personal story of tragedy and triumph left in the tornado's wake.

Desert Dog Rescuer (OAD 7/2/16)

Marathoner Danelle Ballangee was on a training run with her dog, Taz, just outside of Moab, Utah, when she slid on some rocks and fell 60 feet off a canyon wall, landing on her feet and shattering her pelvis. With no one to hear her cries, Ballangee managed to drag herself with just her arms for 5 hours over a quarter of a mile. Temperatures were dropping, her hands were getting frostbitten and she was in shock, but Taz was there to boost her spirits and to keep her warm. After more than two days in the canyon, she'd all but given up hope - alternating between saving her strength and trying to crawl just a little bit further. Taz started making trips farther away from Danelle, who is convinced he was looking for someone to help save her. She'd later learn that he was the remarkable key to her survival.

He Picked the Wrong Girl (OAD 7/9/16)

Ashley Ware heard a knock on the door of her apartment as she was getting ready to leave for her job as a nurse. She thought the knock might be from a deliveryman, but little did she know, the man on the other side of the door came to kidnap her. Vincent Degidio asks to use the phone and says he needs a ride. When Ware says "no," Degidio flashes his gun and threatens to rape and kill her before forcing her to get in her car with him. After driving for hours, Ware is finally able to escape and runs to a local auto parts shop. Degidio eventually catches up, robbing the store and holding the employees hostage. Unwilling to give up, Ware physically fights off Degidio who then leads the police on a manhunt in the cold, dark night.

BOSTON: EMS 2016

Boston EMS™ gives viewers the chance ride along with the proud men and women of Boston Emergency Medical Services, one of America's most seasoned team of first responders: the first step in the chain of trauma care.

Saturday, July 30, 2016

In the riveting season two premiere of "Boston EMS," paramedics are called to a crowded public park where a man has been stabbed. When they arrive, the victim's baggy clothes arouse fears that he could be a "human bomb," wired with explosives. Across town, another EMS crew waits anxiously with firemen while police try and persuade a "jumper" to come down from the roof of a building.

Saturday, August 6, 2016

Married couple Rob and Kim Stearns struggle to pull a drowning man from a frigid river. Both EMTs, not only do they share a home, but they also share an ambulance.

Also in this episode, colleagues Zackary Randall and Terry Mentele face a different challenge—calming a hysterical 6-year-old who fell out of bed and fractured his arm. And everybody's favorite boss, Lt. John Cotter, responds to a building set ablaze after a resident forgets to extinguish a scented candle.

Saturday, August 13, 2016

An urgent 911 call summons the EMS to the tough Dorchester neighborhood where two gunshot victims are lying severely wounded in the middle of a snowy street. Across town, paramedic Beth Rimas comforts a young mother whose 2-year old is having a febrile seizure. This situation hits close to home for Beth, as her own son suffers from the same condition.

Also in this episode, Deputy Supt. Ed Hassan responds to a suspicious package left outside a daycare. As the bomb squad assesses the threat, Hassan can't help but get emotional while talking about the events he witnessed when the Boston Marathon was bombed.

Saturday, August 20, 2016

Lt. Cotter races to a raging house fire that is being fueled by high winds and threatening to impact an entire city block.

Also in this episode, EMTs Roger Furtado and Ben Parham arrive at the scene of a car accident to treat an injured woman who is eight-months pregnant.

Across town, EMT Nick Camacho tries to convince a young woman who was viciously assaulted to make a report to the police, especially after her attackers recorded the violence and posted it on Facebook.

Saturday, August 27, 2016

A patient gains a new perspective on life after being shot in the thigh, telling paramedics and EMT's that he'll turn his life around to care for his nine-month-old child if he survives.

Across town, paramedic Randy Souza shows tough love to a sick patient refusing life-saving medical treatment, persuading him to accept care for the sake of his young children.

Paying close attention to anything that has the potential to be a mass causality incident, Deputy Supt. Ed Hassan races to a school where carbon monoxide alarms are ringing and students report feeling dizzy.

COMMUNITY NEEDS AND ISSUES

Based upon WBAY-TV's involvement in its community and input from community leaders and various organizations, WBAY-TV has determined that the following issues are the concerns of the community.

➤ **Children/Education**

The primary and secondary school education of area children, the high cost of attending college, children's safety in school and in general, and quality of education offered are issues of public concern.

We also cover issues that specifically relate to children and teens, including child abuse, underage drinking, and parenting tips.

➤ **Community**

We discuss events and stories of special interest happening in our local community, or stories from other communities that we feel would interest or educate local viewers.

➤ **Crime/Violence/Safety**

Street crimes, gangs, and the use/sale of illegal drugs are issues of serious concern, along with information on how viewers can maintain their safety.

➤ **Economy**

The overall economy of the nation, state, country, and city impacts an individual's ability to manage their current income, making it an overwhelming concern to viewers.

➤ **Environment**

Natural, social, and cultural conditions influence the lives of individuals, the community, and the world in which we all live.

➤ **Government/Political**

Viewers are concerned about political institutions, laws, customs, and proposed changes, along with national, state, and local leaders' reactions and ideas.

➤ **Health**

We inform viewers about medical breakthroughs, costs, health studies, health insurance, and anything else that could harm or help their health.

➤ **Terrorism/National Security**

People are more concerned than ever about terrorism - both foreign and domestic - and how to protect themselves, their country, and the world from international issues, political unrest, and terrorist threats.
