### **THE LAST DEFENSE**

Tuesday, July 10, 2018

#### **Julius Jones: The Crime**

In 1999, 19-year-old former high school basketball state champion and star football player Julius Jones was arrested days after a businessman was gunned down by a black man in a white suburb of Oklahoma City. At the time of the murder, Julius was a student at the University of Oklahoma on a partial academic scholarship, attempting to walk on to the basketball team. Nineteen years later, we hear from Tommy Griffin, father of NBA superstar Blake Griffin, who coached Julius; and in interviews from death row, Julius tells his version of events while federal public defenders retrace the steps that led to what they claim is a miscarriage of justice.

Tuesday, July 17, 2018

#### **Julius Jones: The Trial**

The State calls their star witness, Christopher Jordan, who testifies he was there when Julius pulled the trigger. Julius and his family watch as his defense takes this last opportunity to save him, but there are missed opportunities to hear Julius' side of the story, and a critical piece of evidence is never shown to the jury. The clock is ticking for Julius, but two witnesses have come forward in his favor since the conviction, and he now holds out hope thanks to his current lawyers.

Tuesday, July 24, 2018

#### **Julius Jones: The Fight**

With Julius Jones at the top of the state of Oklahoma's list of impending executions, federal public defenders Amanda Bass and Dale Baich are in a race to win a new trial. When new evidence comes to light, there may be hope for Julius.

On September 10, 2018, News Anchor/Reporter Jeff Alexander received the 2017 Secretary's Director Award from the Wisconsin Department of Natural Resources in recognition of his passion for telling moving stories of the work, the enjoyment, and the highs and lows of outdoor life in northeastern Wisconsin.

A team of ten WBAY employees participated in the community-wide Move Greater Green Bay step challenge for the month of September. WBAY made a cash donation to the Big Brothers Big Sisters to join the challenge. The WBAY team successfully completed an average of 10,000 steps per day, which then resulted in Prevea360 matching their donation to Big Brothers Big Sisters. ## COMMUNITY NEEDS AND ISSUES

Based upon WBAY-TV's involvement in its community and input from community leaders and various organizations, WBAY-TV has determined that the following issues are the concerns of the community.

➤ **Children/Education**

The primary and secondary school education of area children, the high cost of attending college, children's safety in school and in general, and quality of education offered are issues of public concern.

We also cover issues that specifically relate to children and teens, including child abuse, underage drinking, and parenting tips.

➤ **Community**

We discuss events and stories of special interest happening in our local community, or stories from other communities that we feel would interest or educate local viewers.

➤ **Crime/Violence/Safety**

Street crimes, gangs, and the use/sale of illegal drugs are issues of serious concern, along with information on how viewers can maintain their safety.

➤ **Economy**

The overall economy of the nation, state, country, and city impacts an individual's ability to manage their current income, making it an overwhelming concern to viewers.

➤ **Environment**

Natural, social, and cultural conditions influence the lives of individuals, the community, and the world in which we all live.

➤ **Government/Political**

Viewers are concerned about political institutions, laws, customs, and proposed changes, along with national, state, and local leaders' reactions and ideas.

➤ **Health**

We inform viewers about medical breakthroughs, costs, health studies, health insurance, and anything else that could harm or help their health.

➤ **Terrorism/National Security**

People are more concerned than ever about terrorism - both foreign and domestic - and how to protect themselves, their country, and the world from international issues, political unrest, and terrorist threats.
