*** Indicates announcement is on locked log -> Indicates announcement on unlocked log. Note that announcements placed on actual contracts will only show as such after media has been applied to the spots.

In the case of unlocked logs:
Both parts of locked and piggy backs are combined:
Only the first member of a rotation group is shown, this may differ from what eventually is aired.
In the case of locked logs both parts of lockands and piggybacks are shown, each with their own AUR.
The counts for each group indicate the number of spots where it was possible to establish an equivalent AUR.

*** Indicates announcement is on hold *** -> Indicates announcement on hold *** Note that announcements placed on actual contracts will only show as such after media has been applied to the spots.

In the case of unlinked logs:
Both parts of line items and program/length are combined.
Only the first member of a relation group is shown, this may differ from what eventually is aired.
In the case of linked logs both parts of line items and program/length are shown, each with their own AIR.
The counts for each group indicate the number of spots where it was possible to establish an equivalent AIR.

In the case of unlinked logs:

• If the first member of a station group is shown, this may differ from what eventually is aired.
In the case of linked logs both parts of headlines and copyblocks are shown, each with their own AUR.

The counts for each group indicate the number of spots where it was possible to establish an equivalent AUR

In the case of unlocked logs:
 Spot parts of broadcast and program parts are combined.
 On the same line, if a program part is shown, it may differ from what eventually is aired.
 In the case of locked logs both parts of broadcast and program parts are shown, each with their own AIR.
 The counts for each group indicate the number of spots where it was possible to establish an equivalent AIR.

aaa Indicates announcement is on locked log -> indicates announcement on unlocked log. Note that announcements placed on actual contracts will only show as such after media has been applied to the spots.

In the case of locked logs:
Both parts of line#s and plug#s are combined.
Only the first number of a relation group is shown, this may differ from what eventually is aired.
In the case of locked logs both parts of line#s and plug#s are shown, each with their own AUR.
The counts for each group indicate the number of spots where it was possible to establish an equivalent AUR.

In the case of unlinked logs:
 - Each line of breakdown and plugg backs are combined:
 - Only the first member of a rotation group is shown, this may differ from what eventually is aired.
 - In the case of linked logs both parts of breakdowns and pluggbacks are shown, each with their own AUR.
 - The counts for each group indicate the number of spots where it was possible to establish an equivalent AUR.

*** Indicates announcement is on locked log. * Indicates announcement on unlocked log. Note that announcements placed on actual contracts will only show as such after media has been applied to the spots.

In the case of unlocked logs:
Both parts of line items and program back are combined;
On the same line item, if a group is shown, they may differ from what is actually in the log.
In the case of locked logs both parts of line items and program back are shown, with their own AUR.
The counts for each group indicate the number of spots where it was possible to establish an equivalent AUR.

Good morning Tammy,

I honestly can not thank you enough for sharing your time with all of us yesterday. Clients and staff alike were blown away by your generosity and quite frankly by your beauty. It was a pleasure to meet someone who is so beautiful from the inside as well. Your genuine caring spirit absolutely shined through.

For starters, I have attached the pictures of you and Ray. I am checking on media releases for the others. I printed them all off yesterday and gave copies to the individuals and to their programs. It is kind of cool to see the spouses kind of jealous when they see how their spouse got to spend their day.

I will definitely be in touch about ways that we can stay connected. Here is one thought, our next fundraiser is September 11th. It is our Corporate Golf Outing that we call Ball-a-Palooza. However, ours is just a bit different than your standard run of the mill golf outing. Ours is miniature golf! We could have you be our emcee/host. It is held from 4:00 – 8:00 so we would get you home in time for your bed time.

Again, Tammy we can not thank you enough for share yourself with our clients and staff. More pictures to follow.

Peggy Collinsmith

Subject: RE: Ray's Media Release

Hi Peggy,

No worries I was at home with my son who has the stomach flu so I'm just catching up on emails and saw yours.

This week doesn't work for me, I'm off the end of the week.

Let me see how next Thursday would work, I will know once we get closer to the day. I could come before the brat fry, unfortunately I will skip eating, not a big deal but just to let you know I have celiac disease so I have to avoid gluten, wheat, etc so I'm pretty careful on what I eat.

Again I will check with you late next week to see if Thursday morning still works for us both.

Green Bay, 54301-4534

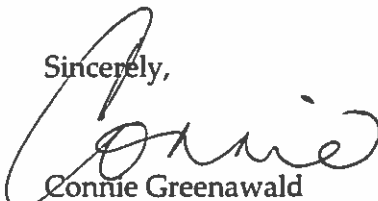

Dear Don,

On behalf of CASA of Brown County, thank you for your generous donation of in-kind television time and production of the fabulous PSA for our CASA Presents . . . Bond, James Bond fundraising event. We really appreciate that you are helping the most vulnerable children in our community by helping CASA of Brown County advance its mission of advocating for the best interests of these abused and neglected children, giving them a voice and hope for a better future.

Children who have a Court Appointed Special Advocate (CASA) have someone they can trust, confide in, and share their true feelings with. CASA volunteers give these children a voice in the court and the result is that children are placed into safe, loving homes where they can thrive.

We are grateful you have chosen to invest in the children of our community through your in-kind donation to CASA of Brown County and we thank you again for your generous support. Please feel free to contact me at any time at (920) 437-2272, ext. 101.

Sincerely,

Connie Greenawald
Executive Director

*Thank you so
much Don!
It was a huge success!*

To give a child a CASA is to give them a VOICE, to give them a voice is to give them HOPE, and to give them hope is to give them the WORLD.

Attn: Don Carmichael

Dear Don:

Thank you for your donation of public service announcements to **The Big Event for Little Kids**. On April 5, 2014, Encompass Early Education and Care, Inc. will celebrate the **26th Big Event** - 26 years of exploring, interacting, singing, dancing and-most importantly-playing. What is most amazing about this event is that for 26 years, the mission has remained the same:

The Big Event for Little Kids is an annual festival designed to raise funds for the Encompass Early Education and Care, Inc. Endowment Fund.

This magical event shall provide a unique opportunity for quality participatory, creative, and educational activities. It shall focus on families with children 10 years of age and under.

The Big Event for Little Kids shall result in a high level of satisfaction and enjoyment for participants and volunteers.

Encompass understands the importance of play for children's development. Play helps children develop language and social skills, which allow them to learn to communicate emotions, to think, be creative, and solve problems. Play helps develop fine motor skills, such as holding a crayon or pencil, and gross motor skills, such as running and jumping.

Preschoolers who attended our first **Big Event** in 1988 are nearing their thirtieth birthdays and may have children of their own attending this year's **Big Event**. Very few organizations and events can tout such an impressive and successful history. Thank you for supporting children and **The Big Event for Little Kids**!

Gratefully,

Sue Vincent
Executive Director

Anchor shares farm life observations

'Milk doesn't come from the store'

RAY MUELLER

Correspondent

MACKVILLE

Most people in east central and northeast Wisconsin recognize Bill Jartz as a news anchor since 1988 at WBAY-TV (Channel 2) and from an earlier stint as a sports reporter at the station starting in 1983. Some would know that he is the public address announcer at Green Bay Packer home games, and a very few might remember that he once took a stab at selling investment securities.

What most people probably don't know is that he grew up on a small farm near Clintonville west of Green Bay and that he nurtures good relations with neigh-

boring farmers from his residence near Maribel in northern Manitowish County. He's also a member of Ducks Unlimited and Whitetails Unlimited.

That Jartz knows a lot about farming was evident in his humor-laden presentation as the guest speaker at the luncheon accompanying the Green Bay Catholic diocese's Rural Life Day at St. Edward Parish.

He told his audience that he wasn't going to dispense any knowledge about increasing alfalfa yields or lowering somatic cell counts. Instead, Jartz asked the farmers in the luncheon crowd to indicate if their favorite tractors were John Deere, Case IH, New Holland or Allis Chalmers. On that point, he recalled an older farmer telling him that "the worst thing that ever happened to farmers was putting

Lights on tractors."

Twists of good life

In contrast to the announced "Living the Good Life" title of his presentation, Jartz acknowledged that farmers are at the mercy of the weather, face numerous risks and tend to have equipment breakdowns just as the black clouds of an oncoming storm appear on the horizon.

But there's a unique twist on "the Good Life" theme in how farmers rally to help one another after a fire, tornado or other disaster, Jartz remarked. "Tragedy brings out teamwork in farming."

In many other sectors of society, a similar event often elicits a reaction of "I just lost my competition," Jartz

said. "But farmers help one another get back into business."

Personal experiences

Jartz was 12 years old when his father died and the family, including an older brother, had 10 cows to milk. The "cows have to be milked" scenario instilled the lifetime lesson that he had to his job every day rather than look for excuses. Jartz mentioned Packer player Jordy Nelson, who grew up on a farm in Kansas, as an example.

The "how smart do you have to be to drive a tractor?" question that is sometimes leveled at farmers is not appropriate, Jartz said. He cited new technology such as the global positioning sys-

tem, attention to the precision planting of crops and application of fertilizer as evidence that "not everybody can be a farmer."

"A lot of kids can't wait to get off the farm, but it's not unusual today to have some of them reconsider and start farming," Jartz observed. In some cases, this can be traced to wanting to take over a multi-generation farm.

Whatever the circumstances, Jartz pointed out that farming offers "an up-close and personal" experience with birth, life and death. Because of a bond with Mother Nature and the animal kingdom, "it hurts" in ways in addition to financial losses to lose a calf, cow, pig, or chicken.

Need for education

Jartz complimented farm-

ers for providing a bountiful supply of food from a decreasing amount of cropped land. But "people need to find out where food comes from," he said. He recalled how his wife didn't think about where milk came from other than being able to buy it at a Sentry supermarket in the Milwaukee area.

"Too many youngsters have no clue that milk comes from cows" or that chickens have bones, Jartz said. To people who complain about the smell of manure, he suggests asking "do you like to eat?"

Jartz completed his presentation with a showing of the "So God Made a Farmer" video that Dodge RAM truck sponsored as a commercial during the 2013 Superbowl. The narration was a portion of news broadcaster Paul Harvey's speech at the RFA national convention in 1978.
