COMMUNITY ISSUES PROGRAMMING

The following issues were identified as significant and addressed by WBAY to serve the community and act in the public interest as set forth by the Federal Communications Commission:

- **Children/Education**
The primary and secondary school education of area children, the high cost of attending college, children's safety in school and in general, and quality of education offered are issues of public concern. We also cover issues that specifically relate to children and teens, including child abuse, underage drinking, and parenting tips.
- **Community**
We discuss events and stories of special interest happening in our local community, or stories from other communities that we feel would interest or educate local viewers.
- **Crime/Violence/Safety**
Street crimes, gangs, and the use/sale of illegal drugs are issues of serious concern, along with information on how viewers can maintain their safety.
- **Economy**
The overall economy of the nation, state, country, and city impacts an individual's ability to manage their current income, making it an overwhelming concern to viewers.
- **Environment**
Natural, social, and cultural conditions influence the lives of individuals, the community, and the world in which we all live.
- **Government/Political**
Viewers are concerned about political institutions, laws, customs, and proposed changes, along with national, state, and local leaders' reactions and ideas.
- **Health**
We inform viewers about medical breakthroughs, costs, health studies, health insurance, and anything else that could harm or help their health.
- **Terrorism/National Security**
People are more concerned than ever about terrorism - both foreign and domestic - and how to protect themselves, their country, and the world from international issues, political unrest, and terrorist threats.

Listed below are WBAY programs which address these significant community issues:

WBAY also airs national and/or regional public service announcements to help keep viewers informed about a variety of topics, such as health, safety, parenting, poverty, helping others, wildlife and conservation, animal rescue, veterans' affairs, consumer scams, and financial matters.

WBAY aired a total of 1,145 local, regional, and national PSAs this quarter. A comprehensive list including PSA titles, spot lengths, frequencies, and times/dates aired is included as Attachment C.

Expressions of gratitude we received for our efforts this quarter are included in Attachment D.

SPECIAL INITIATIVES, AWARDS, AND RECOGNITION

WBAY would also like to highlight the following actions this quarter:

- Action 2 News airs a weekly series called Small Towns, which takes viewers on a journey to remember across Northeast Wisconsin, discovering compelling, inspirational, and heartwarming stories unique to each community. These stories air Thursdays on Action 2 News at Six. This quarter, we also produced and aired 30-minute Small Towns special, highlighting some of the stories we've done and providing some updates on the people and places. This special also introduced the original song written for WBAY, *Small Town Story*, by Lane Lee. Both the special, and the Small Towns series itself, received a lot of positive feedback from viewers.
- Action 2 News aired a monthly series called Women Changing Wisconsin. Each story in this series introduced viewers to a different woman who has had an impact on our community. These stories aired on Action 2 News at Ten the first Wednesday of July and August.
- To celebrate National Hispanic Heritage Month, which runs September 15-October 15, Action 2 News is airing a weekly series every Wednesday during the month-long event.
