QUARTERLY LISTING OF ISSUES AND PROGRAMS

**WBAY-TV
GREEN BAY, WISCONSIN**

JANUARY, FEBRUARY, MARCH 2022

COMMUNITY ISSUES PROGRAMMING

The following issues were identified as significant and addressed by WBAY to serve the community and act in the public interest as set forth by the Federal Communications Commission:

- **Children/Education**
The primary and secondary school education of area children, the high cost of attending college, children's safety in school and in general, and quality of education offered are issues of public concern. We also cover issues that specifically relate to children and teens, including child abuse, underage drinking, and parenting tips.
- **Community**
We discuss events and stories of special interest happening in our local community, or stories from other communities that we feel would interest or educate local viewers.
- **Crime/Violence/Safety**
Street crimes, gangs, and the use/sale of illegal drugs are issues of serious concern, along with information on how viewers can maintain their safety.
- **Economy**
The overall economy of the nation, state, country, and city impacts an individual's ability to manage their current income, making it an overwhelming concern to viewers.
- **Environment**
Natural, social, and cultural conditions influence the lives of individuals, the community, and the world in which we all live.
- **Government/Political**
Viewers are concerned about political institutions, laws, customs, and proposed changes, along with national, state, and local leaders' reactions and ideas.
- **Health**
We inform viewers about medical breakthroughs, costs, health studies, health insurance, and anything else that could harm or help their health.
- **Terrorism/National Security**
People are more concerned than ever about terrorism - both foreign and domestic - and how to protect themselves, their country, and the world from international issues, political unrest, and terrorist threats.

Listed below are WBAY programs which address these significant community issues:
