Re: WYYW-CD, Facility ID 17742
WTSN-CD, Facility ID 189735
Evansville, IN

Attention: Video Division, Media Bureau

Dear Ms. Dortch:

On behalf of Evansville Low Power Partnership, this is to request an extension of time until April 22, 2013, to respond to the Video Division's letters of March 12, 2013, requesting completion of the online public inspection file and documentation of Class A compliance by WYYW-CD and WTSN-CD, Evansville, Indiana.

The letters did not arrive in Evansville until a few days after they were mailed, and it is not clear that the letters were mailed on the date shown on the letters. The letters also arrived while the principal owner of the licensee was out of town. The letters request a great deal of information. It is not feasible to prepare a full response by 10 days after the date of the letters, which would be tomorrow, March 22.

This office must also assist multiple clients with their responses. Each client's circumstances are different, requiring individualized attention. In terms of completing the responses, both attorneys from this firm and officials from many of our clients will be attending

the National Association of Broadcasters convention April 7-10, which will interrupt the process of preparing responses.

WYYW-CD and WTSN-CD are locally owned and managed stations with a full program schedule. Evansville Low Power Partnership intends to respond to the substantive questions in the letter and has no interest in relinquishing the Class A status of its stations.

Very truly yours,

Peter Tannenwald
