### 15. News Director

Exigent Circumstance Hire: This News Director job was an exigent hire and therefore the station's only recruitment source for this hire was an internal referral. The candidate for this position was identified through direct outreach and poached from an in-market competitor. This candidate had over 25 years of experience working in broadcast television in the Milwaukee market, in roles ranging from Editorial Director, Broadcast Director, and sports anchor/reporter.

Given this candidate's market-specific, unique experience and established reputation in the Milwaukee and broadcast communities, the Employment Unit could not pass up the chance to hire this individual. This is the only instance during the period covered by the Employment Unit's two most recent EEO Public File Reports in which the Employment Unit did not widely solicit applications from a broad pool of applicants.
