ATTACHMENT D

(d) Documentation of Unit recruitment initiatives described in Section 73.2080(c)(2) during the periods covered by the above-noted EEO public file reports, such as participation at job fairs, mentoring programs, and training for staff. Specify the Unit personnel involved in each such recruitment initiative. Also, provide the total number of full-time employees of the Unit and state whether the population of the market in which any station included in the Unit operates is 250,000 or more. Based upon these two factors, determine and state whether the Unit is required to perform two or four initiatives within a two-year period, pursuant to Sections 73.2080(c)(2) and (e)(3). If you have performed more than four initiatives, you may provide documentation for only four and summarize the rest instead of providing documentation for all of them. If we believe any of the initiatives you have documented are inadequate, we may ask for more information, but documentation for four is all we need at this time.

The station currently has 224 full-time employees and operates in a market with a population size of more than 250,000. Accordingly, the Unit is required to perform four initiatives within a two-year period. Attached is documentation for our initiatives.

Subject: CMGLP Action Required: PREWORK for the CMG Leadership Program – Session 1 – Group 13

Dear CMGLP Group 13 Colleagues,

Welcome to CMGLP! We look forward to your participation in the first CMGLP learning session scheduled for **April 18-19-20** in Dayton Room C – Jim Kennedy Conference Center [Lower Level], 6205-A Peachtree Dunwoody Road, Atlanta, Georgia 30328.

Please note, there is a group dinner at **6:30 p.m. on Monday, April 17**, where you will have a chance to meet your fellow participants, coaches and facilitators.

Please read this e-mail carefully to the end. It contains important information related to:

- The session content
- **Required** pre-work

This first 2.5-day session will feature modules on *Connecting for Success*, *Developing Emotional Intelligence (EQ)*, *Talent Development Conversations that Matter*, *Communicating with Influence and Presence* and *Accelerating Change*.

CONNECTING FOR SUCCESS

People with strong networks get more things done more effectively; they learn from others with different expertise or experience, anticipate emerging issues, get ahead of breaking information, obtain coaching relative to important decisions, and request help to get things done.

In this module you'll learn to assess and expand your current network, and gain strategies to engage and make connections more effectively to accomplish individual and business goals.

DEVELOPING EMOTIONAL INTELLIGENCE

According to the Center for Creative Leadership, "75% of careers are derailed for reasons related to emotional competencies, including the inability to handle interpersonal problems; unsatisfactory team leadership during times of difficulty or conflict; or the inability to adapt to change or elicit trust."

In this module, you will learn how developing your own emotional intelligence contributes to improved performance for yourself, your team and your organization. You will identify practical tips for improving your emotional intelligence, and learn to prevent the emotional hijacking that can interfere with personal intentions and specific business goals.

TALENT DEVELOPMENT CONVERSATIONS THAT MATTER

According to Gallup – a staggering 87% of employees worldwide are not engaged.

And highly engaged workforces outperform their peers by 147% in earnings.

Studies define employee engagement as having two key features: willingness to give discretionary effort and intention to stay. Engagement has vital performance implications.

Gallup's global research across industries shows that engagement leads to improved profitability, productivity, lower turnover and better customer metrics.

Because employee engagement is an individual experience, it is accomplished through individual one-on-one conversations. Engaging employees in key conversations enables managers to tailor an employee's experience, and as a result, boost employee engagement and productivity.

COMMUNICATING WITH INFLUENCE AND PRESENCE

Leaders must get things done by engaging and influencing others. A leader's ability to visibly convey their ideas affects their ability to influence both inside and outside their organization.

In this module, you will gain tools and strategies for developing and delivering influential presentations while increasing your overall presence, clarity of message, and the confidence to express your ideas with conviction.

ACCELERATING CHANGE

Leading change is challenging regardless of the type of change occurring, whether it's a large-scale change or a relatively small one. Surprisingly, even positive changes are difficult to manage. While every change is slightly different, the primary challenges associated with transitioning through the change are predictable. In this module you will determine your preferred change style through the Change Style Indicator[®], and learn how to lead, communicate and support others through transition and change.

PRE-WORK [allow 3.5 – 4 hours to complete]

You will need to complete a variety of pre-work activities to optimize your participation and development. Please note that some of the pre-work will require access to the Internet.

I talked to both of you about the group of students interested in coming to tour the station. Tina wanted me to reach out to you Danielle so you know when they're coming, and so we can get pictures of them while they're here.

There's going to be four students and two adults. The students are juniors and seniors in High School. the date that's available for them is Friday, June 9th and 10:30 in the morning. some of the kids work, and are taking the morning off to come.

They have their own radio show called the juice. They're really good. Most of them are interested in getting into the broadcast field, and they're really stoked about being able to come to the station.

I'll give them the tour.

I attached a copy of their flyer!

Thanks! they're excited about coming!

We are still working with the University to finalize the class schedules. You will receive those times as soon as that process is completed.

Thanks for helping to make CSU Visiting Alumni Day a success!

For God, For Central, For State!

2017 CSU VAD Executive Committee

Greetings Distinguished CSU Alumni!

Our 10th Annual CSU Visiting Alumni Day will take place on **Thursday, October 5, 2017**.

Thank you for your willingness to serve our alma mater. Let's make the 10th anniversary of VAD our best year yet!

Below is the list of expectations and guidelines for all CSU alumni speakers to follow:

*PRIOR TO ARRIVING ON CAMPUS

- ✓ It is important to set a good example so please ensure that you wear appropriate professional/business attire.
- ✓ In preparation for speaking to the students in the classroom, highlight the main points of your life: including your time at CSU and your career experiences.
 - comments should be helpful and positive in nature;
 - think about what would have helped you when you were at CSU;
 - connect your comments toward your specific audience (majors, academic year, experience);
 - speak positively about our school and your decision to be at CSU (encourage them to finish!);
 - speak well of professors that helped you and what you were involved in on campus and as a student leader (connect the legacy and history);
 - talk about your current profession, career path, development, training, etc.;
 - talk about any advanced degrees you have received beyond CSU (Masters, PhD); and
 - talk about how CSU prepared and equipped you for the "real world" and to compete as a "professional".

*ONCE YOU ARRIVE ON CAMPUS

- ✓ Report to the VAD Hospitality area in the Louis Stokes Center on Aging (next to the CSU Health Clinic across from the Administration building) at least **30 minutes BEFORE your scheduled class**, so you can get registered, receive your name badge, class schedule, and meet your student escort. A parking pass is NOT required to park in the lot and a full breakfast will be available onsite. Your student escort will take you to your class and introduce you to the professor.
- ✓ Minimum speaking time for a class scheduled with two Alumni speakers is 20 mins per speaker or 40 mins if 1 speaker (follow the lead of the professor).
- ✓ Be sure to leave time for Q&A and feedback from the students, your responses should be honest yet tasteful.
- ✓ Have business cards or an information sheet (bio) where students can follow-up with you via email or phone if you wish.
- ✓ Remember to thank the professor for allowing VAD speakers to come to their class and thank the students.
- ✓ Surveys will be in your welcome packet. Please take them to each class and have the students fill one out and return to you.
- ✓ All surveys should be brought back to the Hospitality area.

- ✓ Info regarding lunch - There will be a CSU "Jammin @ Noon" from 11:00am – 2:00pm in the University Student Center. We can encourage those that can to attend so you can interact with current CSU students. *Please note you may be assigned to speak in a class at this time*
- ✓ In place of the customary reception we are all invited to attend "CSU Dayton Alumni's 2017 Homecoming Fish Fry" from 4:00 – 9:00pm at CSU Dayton Campus, 840 Germantown St., Dayton, OH 45402. See the attached flyer for additional information. All VAD speakers will be acknowledged at 6:30 pm.

***IMPORTANT THINGS TO REMEMBER**

- ✓ All VAD speakers are REQUIRED to arrive 30 minutes prior to their scheduled time! It IS important to be on time.
- ✓ **If you encounter an emergency, become unable to attend OR if you are running late to register/check-in PLEASE contact Mrs. Mary (Terry) Foy at 937.554.5731 or Mrs. Keisha Varner Lane at 937.974.7296 ASAP!** If they do not answer leave a voicemail message along with your number.
- ✓ Please be respectful and courteous of all students and professors. Negativity, cynicism, cursing, trying to sell products and/or network marketing are **NOT** appropriate during VAD.
- ✓ How well you represent yourself as a VAD speaker has the potential to impact your future involvement in the program, so please display the best YOU in all aspects.
- ✓ Share your greatest experiences at CSU, lessons learned, wisdom gained and career advice for our next generation of Centralians.
- ✓ Be flexible! Things such as class location and schedule can change on the day of the event. We will do our best to accommodate your needs and interest. Always feel free to contact Mrs. Mary (Terry) Foy, Onsite Coordinator for any last minute issues.

KRMG IN PAKISTAN: CHAPTER ONE - MEDIA IN AN ISLAMIC REPUBLIC

By: Russell Mills @rtmradio18-0
December 18, 2017 6:14 PM

TULSA - In August, KRMG anchor/reporter Russell Mills received an email from Program Director Levi May, telling him to look into an opportunity to travel to Pakistan with a delegation of journalists from Oklahoma and Missouri.

Mills made contact with Joe Foote, Dean Emeritus of the Gaylord College of Journalism at the University of Oklahoma and applied to be a member of that delegation.

"Honestly, I didn't consider it as any more than a remote possibility," Mills says. "So it came as something of a shock when about a month later, I got an email congratulating me on being accepted for the program."

Seventy Urdu-speaking journalists from Pakistan had visited the US as part of the program, and it was time to reciprocate.

After a mad scramble to obtain a valid birth certificate, passport, and visa - a process completed in just over a week - Mills boarded a flight December 2nd for a journey to south Asia.

Besides the university and the US State Department, the trip was under the auspices of a Pakistani organization called "Uks."

As explained on its website, "The word 'Uks' is an Urdu term meaning 'reflection.' At Uks, our team of professional media persons and research staff aims to promote the reflection of a neutral, balanced and unbiased approach to women and women's issues within, and through the media. The Center has already won the support of many journalists, human rights and women's rights activists, academics and other like-minded groups."

And Monday, December 18th, Uks celebrated its 20th anniversary.

In that 20 years, Pakistan has seen sweeping changes, especially when it comes to mass media.

Until 2002, the only radio and television outlets were run by the state.

With the issuance of broadcast licenses to privately-owned entities, there has been an explosion in media, and for a country that didn't even have a TV station until 1964, that has led to some uphill battles regarding regulation, professional ethics, and responsible journalism.

While reporters actually enjoy a great deal of latitude in what they cover and how they cover it, they also face the possibility of censorship, from both the military and civil government.

There are also strict blasphemy laws, which can and do complicate the process of reporting.

Finally, journalists face the very real danger of coming under physical attack.

In 2014 alone, at least 14 journalists were killed on the job in Pakistan.

Mills was struck by a monument erected in memory of slain journalists which sits on the grounds of the National Press Club in Islamabad.

"As far as I know, it's one of a kind. It was a very emotional moment for me, standing there thinking about the people who continue to die for a concept we take for granted in the states - free speech," Mills said.

And even day-to-day coverage of politics and current events can pose major challenges for groups like Uks.

Founder and Managing Director Tasneem Ahmar says even with the larger, national networks the reporting on women and women's issues can be shockingly shallow.

She related how after recent elections, the reporting on female parliamentarians focused on how they dressed, and what kind of designer bags they carried - certainly not the kind of coverage their male counterparts received.

"There are a lot of contradictions in Pakistan," she told Mills. "On one side we've had the first woman Prime Minister, a lot of women working in fields which - once I went to the US, and they were amazed to learn that we had women commercial pilots, we had women fighter pilots. So we have all these contradictions. And at the same time we have also have women who get murdered in the name of honor, women who aren't allowed to step out of their houses. So it's a combination of progress and regression."

Pakistan, Mills says, is certainly a land of contradictions and surprises.

In the coming weeks, he will continue to write about his experiences, and how the relationship between the U.S. and Pakistan touches several vital areas of our nation's foreign policy.

Consider, for example, that its neighbors include Afghanistan, Iran, and China - as well as its perennial enemy, India.

And Pakistan is a nuclear nation, which is carefully and thoroughly reassessing its relationship with the U.S.

Hello Management Team,

I just wanted to give everybody an early heads up that Langston University will be at our facility next Tuesday, January 30th from 10am to 3pm, for a Day in the Life. Approximately 22 students and a couple of communications professors. We plan to have groups of five shadow different areas for about thirty minutes in each location. The goal is for them to watch, ask questions, and become better informed on all of the opportunities that radio, tv and digital has to offer. Tracie and I may be reaching out to you as we select which areas and the times, so more details to come.

Thanks,
Ted

I will get more details from Eileen about the actual event, Im sure she has a news release.

I will ask Danielle to send a email out to the station to encourage people to stop by and attend the event.

Hi James!

Woodland Hills Mall is sponsoring its first ever Severe Weather Awareness Expo Saturday, March 18th 2017 from 12-4pm. Back up date, if there's inclement weather, being Sat., March 25th. We are inviting all local media stations weather teams to be a part of the event through meet and greets and displaying of your weather chasing vehicles! I'd like to do one vehicle in the mall per station, with any additional vehicles or choppers outside in a designated parking lot area. I would love to have one of the meteorologist do a special 15 to 20 minute program in our child's activity area too. Ideas include story time or a fun weather related game led by one of the weather team members. We could get very creative!

I'll be lining up additional participation with local businesses and non profits geared toward severe weather such as insurance, roofing and window companies, As well as several non profits and government entities that deal with crisis situations in cases of severe weather.

The event will be hosted in Dillard's Court, Center Court (tentatively) and a designated area of our parking lot. In 2016 Woodland Hills Mall received the Storm Ready designation, and we will be announcing this certification at this event.

Please let me know if your team can make the date! The only paperwork needed is a certificate of insurance from the station naming the mall as additionally insured and a Common Area Application. See attachments.

I'm offering sponsorships to businesses, and you can review the packet to see the scope of the event in OKC. As a media station, we are not asking you for any fees. You are welcome to purchase advertisement on mall during the time of the event. to enhance your visibility, but this is up to you. Channel 6 will be doing this with our elevator panels located in center court, Just let me know if you're interested!

It's our first Severe Weather Expo, and I'm hoping to have participation for each TV station just as Penn Square Mall has done for the last 4 years in the Oklahoma City market. Please let me know your thoughts!

Thanks!

Some of you already know this so ignore this message.

Due to space issues the job fair for the TU Brand Center students has been moved to Wednesday, April 11, from 3 - 5 p.m. It will now be in the Student Union (ACAC) on the second floor in the Great Hall - A.

Actually, this is much better as this venue provides much easier in and out access plus better parking.

Thanks for being flexible.

OAB Members:

On Thursday, April 19, OAB will host our annual **Student Day** during the OAB Convention at the River Spirit Casino Resort in Tulsa. We are expecting 120-130 broadcasting majors from Oklahoma colleges and universities, the majority being juniors and seniors.

In addition to the regular Student Day activities, we will again be having a **Career Fair from 10:00am-11:00am**. We encourage our member stations to take advantage of this opportunity to identify and reach out to qualified potential employees. **This event will help satisfy your EEO recruiting requirements.** If you would like to send representatives to the event, we will provide you with a 6-foot skirted table, electrical power outlet, and chairs. Students will be advised to bring their resumes.

Following the Career Fair, OAB will host an awards luncheon for the students. Station representatives participating in the Career Fair are invited to stay for the luncheon and continue their interaction with the students. Video highlights of the award-winning student work will be shown at the luncheon.

The career fair is a popular event with the students; they are enthusiastic about the chance to meet with station representatives, and stations often fill open positions with students recruited from the career fair.

If you would like to participate, please contact me **by March 1** so I can make the arrangements. As we get closer to the event, I'll send registration forms to those attending.

Please let me know if you have any question. We hope to see you there!

Hello again,
Two things to point out about the training next week:

All training sessions will take place in the Performance Center.

Field Safety training is intended for those who report from the field, those who meet and greet the public at remote broadcast events, or who otherwise represent the CMG Tulsa stations at station-sponsored events, such as the State Fair.

If you have any other questions about this, please let me know.

Thanks again,

Good morning,

The CEI Enterprise Security Team will be here next Wednesday, September 26th, and Thursday, September 27th, to provide our staff with special security training.

The training will focus on how to stay safe both here at the workplace, and in the field.

The training sessions will focus on:

- **ACTIVE SHOOTER** - How to react in the event that an active shooter enters the workplace.
- **FIELD SAFETY** - How to react and diffuse potentially dangerous situations when reporting in the field, while on remote broadcasts, or when performing other duties in a public area.

Those working in the field may need to attend both sessions. All sessions will involve how to use the Cox **SEND WORD NOW** and **LIVE SAFE** apps.

The sessions are scheduled as follows:

Wednesday, September 26th:

10:00 - 11:30 am Active Shooter, Send Word Now and Live Safe apps

1:00 pm - 2:30 pm Field Safety, Send Word Now and Live Safe apps

3:00 pm - 4:30 pm Active Shooter, Send Word Now and Live Safe apps

We can schedule another training session, if needed, on either subject on either Wednesday or Thursday morning. If you have a scheduling conflict with the times listed above, please respond to me via Email.

Please check your calendars and respond to **Danielle Lisle ONLY (Do not reply to "ALL")** at dlisle@fox23.com , with the session(s) you will attend, by close-of-business this coming Monday, September 24th.

I wanted to give you the details on a talk Dave Vandever and I gave today at Spartan Aeronautics here in Tulsa.

We spoke to about 25 students and two instructors about how we incorporate and use drones in news coverage. Including, some of the challenges we face when flying within the city limits, FAA rules, and general use of drones.

The talk lasted about an hour, and the instructor asked me if we would be open to make this a regular thing during each semester. I told him that wouldn't be a problem.

If there is anything else you need from me on this let me know.

Hi Gabriel!

Thank you for your interest in taking a tour of the FOX23 studios. We would be happy to conduct a tour, however, there are a couple of caveats. Most of the time, our tours are done Monday – Friday in the evenings after the 6:30pm newscast. We do not conduct tours during the sweeps ratings periods of February, May, July, and November. We can certainly look at making an exception for you and doing a tour in your available time period, we would just have to schedule it after March 1st. Would that be okay?

Please see my contact information below and let me know if you have questions.

Cox Media Group Tulsa believes that the EEO requirements are an important aspect of our hiring process. All CMG Tulsa managers are fully aware of Cox's EEO policies and are reminded of those policies throughout the year by Cox literature on intranet portal, the Human Resource Manager in person and via email.

CMG Tulsa's GM/MVP reinforces all policies by discussing with our hiring managers in her Department Head meetings and enforcing our policies as needed with the support of our Human Resource Manager. CMG Tulsa's hiring managers are trained using a variety of programs that cover the proper way to recruit and hire candidates into our organization. These programs include Talent Focused Management, Leadership Fundamentals and Behavioral Interviewing.

Upon Onboarding, all candidates offered employment are provided an online welcome packet containing CMG's policies including EEO policy at the time of employment acceptance via our Onboarding systems. Our Onboarding system is hosted by our Cox Talent Acquisitions teams. All candidates who are onboarding must attest and acknowledge to these policies to include our Code of Ethics, which presents the way we operate our business. The local HR liaison and direct manager then follows up with the newly onboarded hire within the first few days of starting employment to discuss the policies and allow opportunities for questions.

Cox Media Group Tulsa believe in Cox's motto of "We Compete with Our Products and Win with Our People". We believe our people is the secret sauce of delivering the best products to the communities we serve. Because of this belief, it warrants us to regularly look for innovative ways to recruit and retain the best employees. The following lists ways we actively recruit for the best.

EEO Recruitment Outreach Notification

Cox Talent Acquisitions (CTA) team has created and routinely manages our EEO Recruitment Sources and sends out notifications. Our recruitment sources consist of Universities, Minority and Community organizations who have partnered with us to find the best candidates for our organization. From time to time, letters or emails are sent to our sources asking them if they would like to continue to receive notifications of our job postings and to provide or confirm contact information. This process allows our Outreach Notifications to be sent to the correct contacts for publication.

In addition to Outreach Notifications, CTA partners with a variety of online job boards and recruiting sites to post our openings online. These online sources can include LinkedIn, Indeed, Beyond.com, America's Job Exchange, Monster, Simplyhired.com, ZipRecruiter and various others.

Station Websites

To inform our local communities, we have a link to the Jobs at Cox search page via jobs.coxenterprises.com/Cox-Media-Group on our station websites. This link not only directs local candidates looking to work at Cox Media Group but can filter to search for opportunities in other Cox markets as well.

Job/Career Fairs

Cox Media Group Tulsa participates in many university, minority and community organization job/career fairs. At these events, we personally recruit for current local open positions as well as look for potential candidates for possible future vacancies.

Outside Advertising

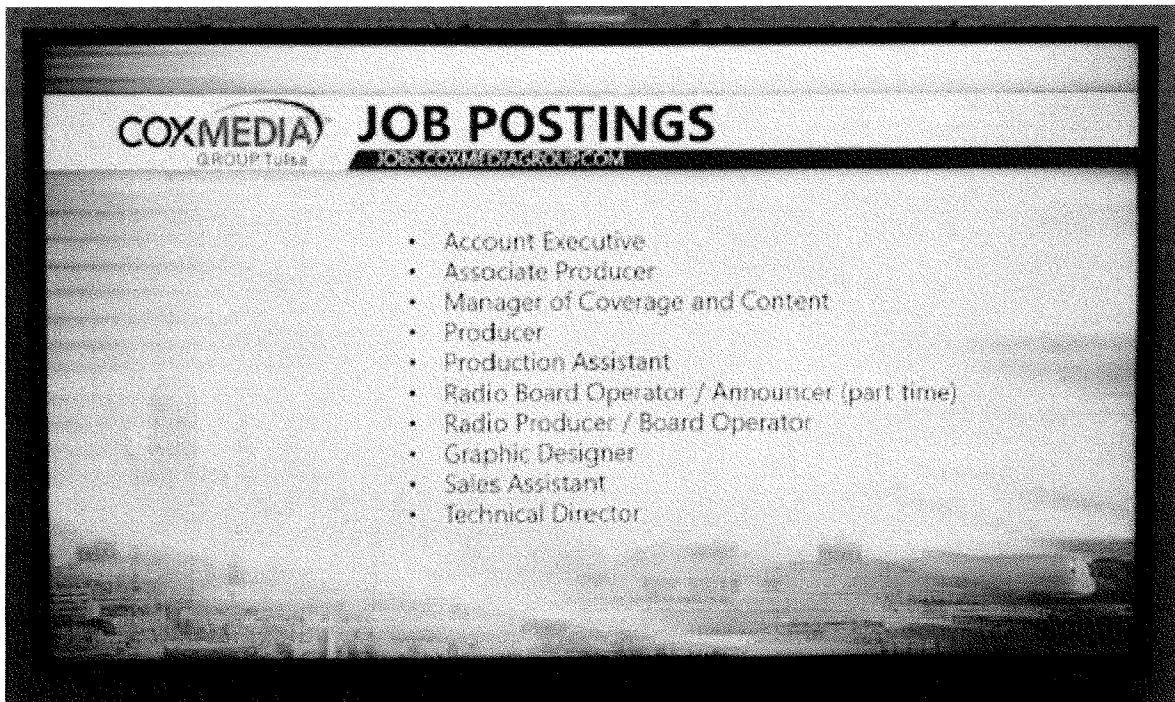

Recruiting to additional platforms may be required if normal outreach notifications are not achieving potential candidates. These additional platforms may include specific publications like Spots 'n' Dots, Broadcast Engineers, Talent Dynamics or advertisement on our TV or Radio stations.

Internal Postings

Recruitment from within by promoting or allowing existing employees to further advance in other areas is highly recommended. Our employees know to visit our "Jobs at Cox" link as well as emails to staff alerting them of specific job openings.

CMG Tulsa has also implemented an "At a Glance" program where employees can view the latest CMG Tulsa news, employee encouragement, community events and current job postings that are looped to play continuously on all internal plasma tv screens within common areas of the building.

(h) In accordance with Section 73.2080(C)(4), from the first day of the Station's current license term (or the date the licensee became the owner, if after that date) until the date of this letter, describe the Unit's efforts to analyze periodically its measures taken to examine pay, benefits, seniority practices, promotions, and selection techniques and tests to ensure that they provide equal opportunity and do not have a discriminatory effect. The corporate Human Resource offices have a compensation department designed to examine and review compensation across all divisions in and outside the markets. This department determines salary grades for all positions resulting in a minimum, mid-point and maximum pay range. Our market then takes the determined guidance and reviews internally for equitable treatment. Our market participates in annual performance management process and proposed merit increase that is submitted by the direct manager according to the performance progress of each employee. The GM/MVP, Manager of Business Operations and the HR Manager all review the submitted proposed performance merit increase to ensure equitable and fair treatment.

Internal existing employees (candidates) seeking advancement or promotion to new job, submit their interest through Jobs at Cox like any other outside candidate. All internal applicants are reviewed and interviewed. The strongest candidate with the best skill sets for the job opening is promoted. All internal existing candidates that do not receive the promotion are then met with individually and discuss with the hiring manager as to why they did not receive the promotion. A development plan is then created to help the employee work towards filling the gap to achieve the skill sets needed for future advancement of their interest.
