Re: Must-Carry Election of Multiple Stations on DIRECTV, LLC

Dear Sir:

In accordance with Section 338 of the Communications Act of 1934, as amended, and Federal Communications Commission ("FCC") Rule 76.66, the referenced television stations listed on Exhibit A (the "Stations") hereby elect must carry status on your local-into-local service for the corresponding designated market areas listed on Exhibit A for the upcoming election period, which begins on January 1, 2018 and ends on December 31, 2020.

The Stations operate on a commercial television channel licensed to a community located within the same Designated Market Area as the community(ies) served by your local-into-local service. The Stations do provide a signal of good quality (47 CFR 76.66(g)), or are willing to provide equipment for delivery of the necessary signal quality to your system.

Please note that during this term, the Stations listed on Exhibit A with an asterisk will also be delivering a high-definition signal to your receive facilities and shall require carriage of that signal as well pursuant to the FCC Rule 76.66(k). Please note that Stations, WTBY-TV ((Poughkeepsie, NY, changing to Jersey City, NJ) in the New York City DMA)), WWTO-TV ((La Salle, IL, changing to Naperville, IL) in the Chicago DMA)) and WGTW-TV ((Burlington, NJ, changing to Millville, NJ) in the Philadelphia, PA DMA)) will be capable of delivering an HD signal to your local facilities no later than January 1, 2018.

Unless mutually agreed to otherwise, carriage of the Stations should be on its referenced broadcast channel (47 CFR 76.66(i)).

We appreciate the opportunity to provide wholesome, family-oriented and inspirational programming to your subscribers. Please contact me at (904) 473-5953 if you have any questions or need assistance with this notification and request.

Very truly yours,
