

ISSUES AND PROGRAMS LIST – TO BE COMPLETED EACH QUARTER

PURPOSE: On this form, summarize a list of several issues which confront your community and the programs you ran to address each. See 73.3526(a)(9) or 73.3527(a)(7). Do Not Rely On PSA's to satisfy this requirement. While a FCC inspector may not object. PSAs mean virtually nothing if your license renewal is challenged!

During the past quarter the issues shown below have been significant to our community. We ran the Programs indicated to address them each quarter.

ISSUE #1:

Living a Healthy Lifestyle & Keeping Expenses Down

We ran the following program to address above issue from:

Money Wise

Date: 04/26/16

Time of Day: 04:30:00 P.M.

Duration: TRT 25:00

Brief Description of Program: (Format, participants, content, etc.): Howard Dayton & Steve Moore interviewed guest Pam Smith who is a Nutritionist that provides wellness & nutritional coaching to Professionals, Corporations, life athletes including players from the Orlando Magics and the L.A. Clippers. She, also, consults with the culinary development teams at Walt Disney World, Hyatt Regency Hotels and Cracker Barrel. She is an author, speaker and hosts a daily radio program called "Tips for Living Well". Most people fail within five days of making their New Year's Resolutions. Instead of making failing resolutions, set your eyes and goals on where you want to be, set your sights on being financially free and to be able to invest in resources of God's Kingdom. People don't usually go into resolutions planning to fail but rather go into them failing to plan. Always focus on what you can accomplish at this moment, this afternoon or today and you will probably see success.

ISSUE #2:

Help & Hope for Military Couples

We ran the following program to address above issue from:

Building Relationships

Date: 05/22/16

Time of Day: 07:00:00 A.M.

Duration: TRT 55:00

Brief Description of Program: (Format, participants, content, etc.): Dr. Chapman interviewed Joselyn Green regarding issues for military families. Being married to a military spouse can be very challenging due to deployment, separations, numerous moves that uproot the family which means they lose their support system and are challenged to find another support system. They deal with the anxiety of potential loss of life, injuries that can be permanent and this can put a real strain on the family. Even reconnecting on home leave can be very traumatic and stressful so it is very important that a military couple maintain a strong emotional connection.

ISSUE #3:

Teenage Apathy

We ran the following program to address above issue from:

Heartwise

Date: 05/24/16

Time of Day: 11:30:00 A.M.

Duration: TRT 28:00

Brief Description of Program: (Format, participants, content, etc.): Host Charles Mills interviews Pastor Rob Reno, who is the founder of Visionary Family Ministry based out of Wheaton, Illinois. Author of the book entitled "Five Reasons for Spiritual Apathy in Teen" and the subject of today's program, Pastor Rob went through a very traumatic experience when his father was unfaithful to his mother. God has given us the gift of numbness to face tragedies in our lives. The #1 challenge for parents and grandparents is to pass on to their children & grandchildren the need to love and talk to the Lord. The children & grandchildren's mission is to receive the faith that is being passed on to them every day. Hopefully, your teens will not have the "don't care apathy attitude" that can make getting along extremely difficult. Communication is a must between parents and their kids so your children will always know that they can talk to you and/or their grandparents at any time about anything.

ISSUE #4:

Toxins In The Home Is Relational

We ran the following program to address above issue from:

Building Relationships

Date: 06/12/16

Time of Day: 07:00:00 A.M.

Duration: TRT 55:00

Brief Description of Program: (Format, participants, content, etc.): Guest: Andrea Fabre is the wife of BR co-host Chris Fabre, mother of 9 kids, journalist, blogger, University of Virginia graduate, former co-host of Midday Connection & Building Relationship and the author of "Is Your House Making You Sick". The Fabre family moved to Colorado into a fixer upper that would accommodate their large family but almost immediately they started getting sick with many medical issues, their birds & cat died plus their dog got sick. In 2007 they discovered mold under the carpeting plus other areas in the home and this was the cause of their numerous ailments. After one year & 70 doctors, the diagnoses of their home was high toxic mold. They had to treat this problem like a fire – grab your children, leave everything behind and run. If it had not been for Andrea's motherly instinct, they may still be living in that sick house. It was very difficult for them to leave everything behind & start all over, but they are regaining their health & are living a much different and healthier lifestyle.
