

Maui Community Problems and Issues January – February – March 2017

Dated: April 1, 2017

Problems:

- 1) Local Business Activity Slow Down
- 2) Water Supply
- 3) Traffic Congestion
- 4) Energy
- 5) Affordable Housing
- 6) Change structure of Government on Maui

During the preceding Quarter KDLX FM, KNUQ FM, KAOI AM & FM, KHEI FM And KEWE AM Programming addressed the problems through airing announcements, news coverage and interviews, and live talk shows.

- 1) **Local Affordable Employment.** The return of tourist and more airline seats have helped employment even with the cost of travel, and closing of local retail locations. Some very part time opportunities have returned, as well as, the ever increasing higher cost of living. The new Safeway and Target has helped, unemployment is at a low level. HC & S stopped cane harvesting and more than 900 employees let go by year end.
- 2) **Water Supply.** Maui County's water quality and supply continues discussion with the mayor and county continue the warning for Upcountry Maui, Central, and South Maui, with consumers expected to cut back on their water consumption. The problem is long term including locating any new clean water sources. The Mayor promises on his talk on station KAOI 1110 AM & 96.7 FM to work on solving the problem. Water cut backs Upcountry continue despite some heavy rainfall this quarter and the need for Upcountry water meters.
- 3) **Traffic Congestion.** Still continues to be the most voiced issue during our local call-in shows. The solutions to Maui's traffic problems continue to be the focus of weekly programs. Maui Department of Transportation and County public work director guests on weekly shows, as well as reports from MPD and Maui County. The airport expansion road is expected to help with traffic movement now that it is finally completed.
- 4) **Energy.** With the state and the county dependent on oil for its energy, movements, are underway on Maui to provide alternative energy sources, two Wind Farms are in operation and another is in the building stage. Our programs have focused on the cost of energy and its ramifications in the economy, the environment, and our future. The sale of Maui Electric to a Florida company, last quarter.
- 5) **Affordable Housing.** Continues to be a continuing concern, with the price of home ownership still out of the reach of most. Various talk show programs and live interviews on our FM stations focused on the problem and possible solutions. The real estate activity has not helped in the housing market, but helped in the rental area, since Bed & Breakfast and vacation rentals have been reclassified. We saw no improvement during the quarter.
- 6) **Discussion of Changing the Structure of Control of the County Government.** A strong county manager is being considered, but failed to get on the last November ballot, but still is an issue.

Programs: Thursday Morning Mayor's Talk Show by Mayor (7am Thursday) – 55 minutes weekly - # 1, 2, 3, 4, 5, 6
On the Couch (7am Tuesday) – 55 minutes weekly # 1, 2, 3, 4
Island Talk (2pm Tuesday)– 55 minutes 5 x weekly - # 1, 2, 3, 4, 5, 6
18 Public Service Announcements 30 seconds community updates on all the radio stations air daily Monday thru Friday
Drop Ins during Music Shows 5 - 8 minutes each day - # 1, 2, 3, 4, 5, 6
Score, Chamber of Commerce, Health Shows Pacific Source (12 noon Wednesday) – weekly show on # 1, 3, 4, 5
