

## Certification of Commercial Material in Children's Television Programs Q3, 2016

Station: WBIN-TV, Derry, New Hampshire

1. Locally Produced Children's Programs  
WBIN-TV does not currently air any locally-produced Children's Programs.
2. Network Children's Programs  
As an independent station, WBIN-TV has no network affiliation.
3. Syndicated Children's Programs  
Attached hereto as Exhibit A is a list of syndicated Children's Programs broadcast by this station during the period covered by this Certification. This station has received certification from the syndicator of each of these programs that each, as a standard practice, formats its Children's Programs to comply with the Act's statutory commercial limits for Children's Programs. I hereby certify that this station did not add any commercial matter to these syndicated Children's Programs which, when taken together with the syndicated commercial matter contained in these programs, would cause the total amount of commercial matter in the "clock hour" during which any of these syndicated Children's Programs were broadcast to exceed the Act's statutory commercial limits for Children's Programs.

WBIN-TV is the syndication partner of Antenna TV in the Manchester/Boston DMA. A statement of their children's programming is provided on Exhibit A.

4. Display of Website Addresses  
I hereby certify that this station did not add any website addresses to these Children's Programs which would cause a violation of the Commission's Website Display rules or other commercial time overage.

For programs for which the station received no certification from the Program Provider, I certify that the Station reviewed the Children's Programs to ascertain compliance with the Commission's Website Display rules and found them to be consistent with the Website Display requirements.
