## **Saint Alphonsus Festival of Trees 2019**

Goal: Saint Alphonsus hospital hosts the annual “Festival of Trees” every year. The goal every year is to raise money to improve healthcare in the Boise valley. The goal this year was to raise money to support the women's mobile outreach program which will bring the latest advancements in screening tools to our rural communities in order to detect cancer in its earliest stages when it is most treatable.

Impact Radio Group supported the Festival of Trees by donating radio commercials, live and recorded on air promos, social media and web support.

From Nancee Baken with the Saint Alphonsus Foundation:

***“From the 2019 Festival of Trees, we will raise \$650,000 for the mobile mammography project. That's a record and we couldn't be more thrilled. I can't thank you enough for all you did to assist this year and throughout the years.”***

**Capitol Christmas Tree Lighting:** On air and social media/onsite support for the state of Idaho Capitol FREE tree lighting ceremony and holiday open house and celebration with Governor Little and his family. Impact Radio Group provided all light and sound equipment for the event which also included the 25<sup>th</sup> Army Band, Marines with the Toys for Tots program and the Andrus Ambassadors Honor Choir.
