Issue: Gun Control

Issue: _____

Discussions: State Senator Fred Akshon is conducting a survey to determine his constituents feelings about "Bump Stocks." These are the device used in Las Vegas attack that allows semi-automatic firearms to function like fully automatic firearms. Under current law, Bump Stocks are legal to possess, sell + purchase, but are illegal to attach to a semi-automatic weapon. There is legislation pending in Albany to outlaw the device. The survey is available on Sen. Akshon's website.

Issue: Politics

Issue: Town of Owego

Issue: Elections

Discussions: Candidate for Owego Town Supervisor Corbin Menhemett was interviewed to share her vision for the Town of Owego and the things she will do if elected. She is running to make better the problems she sees within the town - infrastructure problems, deterioration of roads, and town finances. Some steps she will take to address problems is lower the Supervisor's salary + use the money to hire a comptroller. The surplus of money over the years that has not been used for the people, she will use to provide more services to residents such as town-wide garbage pickup and a leaf vacuum.

Issue: Politics

Issue: Town of Owego

Issue: Elections

Discussions: Owego Town Supervisor Don Castelluci, Jr. is
running for re-election and was interviewed to share his
vision for the Town and to address some of the claims made
from the Democratic candidate, Cecilia Marchionetti. There is no surplus
or "slush fund." The money is used, should a major event (such as flood
of 2011) happen as part of a fund-balance policy, w/ 2 mos operating expense.
He went into depth the reasons why surrounding municipalities have lower
water/sewer rates than the Town. He explained it will run about the same costs
w/Town-wide garbage pickup ~~that~~ as it does w/private haulers. Buying a \$225,000 leaf vacuum
would increase the taxes significantly
over what was being proposed this year.
