7/3/2023	Hygge with Joi	DJ Joi	12:00:00 PM	2:00:00 PM	2:00:00	Contentment and happiness in listening	Sharing meditations to invite listeners to reflect. Playing music that listeners appreciate and sway to. Most of the music played is rock-centric, spanning the numerous genres and decades of rock since the 50s. This includes classic, psychedelic, stoner, indie, prog, goth, and punk (to name a few). I also try to stick to deep cuts and tracks that are not well known or that are too popular, such as songs that haven't received much air time on the radio, both in past and present. Every so often, where applicable, I'll also talk about a song or the album it's from more in-depth, whether it be a story or just commentary. Besides playing a mix of older stuff and newer stuff, I occasionally have mini-themes in a set of songs (such as authority, love, war, geography, etc.) Besides rock, a little bit of jazz and big band music is thrown into the mix every so often to try and have something for everyone. Outside of music, I will occasionally mention the weather or some greater trends and patterns regarding it.
