MAIN ISSUE #1 Program Summary:

Fiscal Cliff...Sequestration...The Debt Ceiling. It seems like every few months congress argues over some aspect of the budget of our government and pushes to what they characterize as crucial deadlines that will affect every American. But what do these things actually mean to the average person “on the ground”? The South Carolina Treasurer explains some of the puzzles and their potential impacts on our everyday lives. He also tells us about South Carolina’s 529 College Savings Plan and updates us on the security breach last fall at the Dept of Revenue.
